

Making a Splash in Conservation

2018 Conservation Report for Antelope Valley District

California has a traditionally dry climate, which means making water conservation a way of life is particularly important.

At Cal Water, we make it our priority to assist our customers in their conservation efforts by providing each type of customer a robust portfolio of diverse and unique water-use efficiency programs.

The water savings presented in this report provide a glimpse of the successes our customers achieved in 2018 and cumulatively since 2011.
