

Residential High-Efficiency Clothes Washers Qualified Product List April 1, 2018

Integrated Water factor (IWF) indicates the number of gallons of water used per cubic foot of laundry. A lower number indicates a more water-efficient clothes washer. For more information, please contact the Cal Water Conservation Department at conservation@calwater.com or visit www.calwater.com/conservation.

Key Symbols: An asterisk (*), plus sign (+), or pound sign (#) indicate that one or more coding variables may be used in place of the symbol to indicate a color or feature that does not affect washer efficiency.
