

## Residential High-Efficiency Clothes Washers Qualified Product List July 1, 2017

Integrated Water factor (IWF) indicates the number of gallons of water used per cubic foot of laundry. A lower number indicates a more water-efficient clothes washer. **Key Symbols:** An asterisk (\*), plus sign (+), or pound sign (#) indicate that one or more coding variables may be used in place of the symbol to indicate a color or feature that does not affect washer efficiency.

Yellow highlighting indicates that a product may be sold through commercial market distribution and may not be available at retail.
