Schedule No. RSF
All Tariff Areas
Rate Support Fund

Page 1

The Rate Support Fund (RSF) Program provides credits on the bills of customers in the Kern River Valley District. It also provides subsidies of \$1,704,784 to the Dixon District and of \$711,852 to the Willows District to reduce the revenue requirements for each of the three years in this rate case cycle (2020-2022).

The RSF Program is funded through surcharges on other customers as specified below.

I. RSF SURCHARGE (T)

A. APPLICABILITY: (T)

Applicable to all water service except that provided:

- (1) for private fire protection services
- (2) under Schedules OR-3M, OR-3M-I, and OR-2UL for raw water delivery along the Powers Canal and
- (3) for CAP customers located in an RSF District (see Schedule CAP). (T)

B. TERRITORY: (T)

All territories served.

C. SURCHARGE: (T)

An RSF surcharge rate of **0.6048%** will be applied to the basic water charges (identified below) on a customer's bill.

"Basic water charges" as referenced in this Schedule consist of the service charge and quantity charges for a metered customer, and the flat charge for flat-rate customers, after RSF credits are applied; they do not include any other fees, surcharges, or credits.

II. RSF CREDIT (T)

A. APPLICABILITY: (T)

Applicable to all water service in the Kern River Valley District (the "RSF District"), except that provided for private fire protection services.

II. RSF CREDIT (continued)

(T)

B. CREDIT AMOUNTS:

(T)

A discounted quantity rate on the first units of water consumption per month up to the "RSF Usage Limit."

Discounted RSF quantity rate.....**\$5.61** per 100 cubic feet (CCF)

The Discounted RSF Quantity Rates apply to monthly water consumption up to the following RSF Usage Limit:

Kern River Valley District

First **10** CCF

Additional units in the RSF District will be charged at the quantity rate in the following rate schedule:

Kern River Valley District Schedule KRV-1

SPECIAL CONDITIONS

1. The RSF Credits and Surcharges on this tariff shall be separately identified on customer bills.
2. Customer bills in the Dixon and Willows Districts shall have a message on their bills indicating that their basic water rates (service charge and quantity rates) are lower due to a subsidy from the RSF program. This bill message will continue as long as the RSF subsidy continues.

3. In no instance should the total amount of the combined RSF Credit and CAP discount received by a customer in any month exceed that customer's water bill for service in that month.

Customer Assistance Program (CAP)

Page 1 (T)
(T)

The Customer Assistance Program ("CAP") provides credits on the bills of customers who meet certain qualifications. The CAP was formerly known as the "Low-Income Ratepayer Assistance" or "LIRA" program. (N)
(N)
(N)

I. CAP CREDIT (T)

A. CREDIT APPLICABILITY (T)

Applicable to individually metered and flat rate residential customers, qualified non-profit group living facilities, qualified agricultural employee housing facilities, and migrant farm worker housing centers where the customer meets all the special conditions of this schedule.

B. CREDIT TERRITORY (T)

All tariffed service areas of the California Water Service Company.

C. CREDIT FOR RESIDENTIAL CUSTOMERS (L)(T)

For the purposes of being exempt from the payment of RSF Surcharges, the Kern River Valley District is an "RSF District." Residential CAP customers in that district qualify for the exemption described in Section I.A.3 of Schedule RSF. (T)

METERED SINGLE-FAMILY RESIDENTIAL RATES

Quantity Rates: Customers will be charged per 100 cubic feet of water delivered at the metered rates as reflected in the applicable rate schedule for single-family service.

Service Charges: Eligible customers will receive a monthly CAP credit equal to 50% of the 5/8" x 3/4" service charge for single-family residential service, prorated based on the days of service, if service is not provided for a full month. The maximum monthly credit is \$48.00. (T)

FLAT RATE RESIDENTIAL RATES

Eligible customers will be charged the flat rates reflected in the applicable rate schedule for residential flat rate service, with a monthly CAP credit equal to 50% of the 5/8" x 3/4" service charge for metered single-family residential service, prorated based on the days of service, if service is not provided for a full month. The maximum monthly credit is \$48.00. (T)

EMPLOYEE HOUSING FACILITIES, MIGRANT FARM WORKER HOUSING CENTERS

Quantity Rates: Customers will be charged per 100 cubic feet of water delivered at
the metered rates as reflected in applicable rate schedule for single-family service.

Service Charges: Eligible customers will receive a monthly CAP credit of \$20.00,
prorated based on the days of service, if service is not provided for a full month.
The maximum monthly credit per qualifying sub-metered customer is \$20.00.

(T)

SPECIAL CONDITIONS:

1. CAP Household: A CAP household is one for which the total gross income from all
sources is less than or equal to the maximum household income level for the CARE
programs approved by the Commission. Southern California Edison's (Edison) CARE
program will be applicable to customers residing within Edison's service area and
Pacific Gas and Electric Company's (PG&E) CARE program will be applicable to
customers residing within PG&E's service area. Total gross income shall include
income from all sources, both taxable and non-taxable. The billed customer must
not be a person who is claimed as a dependent on another person's income tax
return.
2. Application and Eligibility Declaration: Proof of active participation in a CARE
program or an application and eligibility declaration on a form authorized by the
Commission is required for each request for service under this schedule. Renewal of
a customer's eligibility declaration may be required consistent with CARE program
renewal requirements, but not more often than annually. Customers, excluding
qualified non-profit group living facilities, qualified agricultural employee housing
facilities, and migrant farm worker housing centers, are eligible to receive service
under this rate schedule at no more than one residential location at any one time,
and the rate applies only to the customer's permanent primary residence.

AM. Rate Support Fund Balancing Account (RSF BA)

1. Purpose

The purpose of the Rate Support Fund Balancing Account ("RSFBA") is to track the Rate Support Fund ("RSF") subsidies (credits) provided to customers in certain ratemaking areas, to track the RSF surcharges collected to fund the Rate Support Fund ("RSF") Program, and to review and adjust the RSF surcharge, if necessary, for the following year.

As described in Tariff Schedule No. RSF, for the rate case cycle of 2020-2022, the RSF Program provides credits on the bills of customers in the Kern River Valley District, and provides subsidies of \$1,704,784 and \$711,852 to the Dixon and Willows Districts, respectively, to reduce their annual revenue requirements. The amount of the surcharge will be set sufficient to fund the RSF program.

For the Kern River Valley District, the RSF subsidies tracked in this account provide a discounted quantity rate for the first 10 units of consumption per month on a customer's bill. The quantity rate discount is the difference between the lowest adopted quantity rate in the service area, and an RSF Index Rate (Discounted RSF Quantity Rate). The RSF Index Rate is calculated by applying 150% to Cal Water's system-wide average rate of total residential usage revenues divided by total residential quantity water sales.

2. Timing and Frequency

An advice letter to report on the status of the RSF surcharge will be filed by October 31st of each year.

3. Annual Surcharge Adjustment

The surcharge may be adjusted to zero out the forecasted balance anticipated to be in the account at the end of the following year.

4. Rate

The rate components of the RSF BA are identified in Tariff Schedule No. RSF.

AM. Rate Support Fund Balancing Account (RSF BA) (continued)

5. Accounting Procedure

The following entries will be made monthly to the RSF BA:

- a. A debit entry equal to the recorded RSF credits (subsidies) given to customers for service provided under Schedule No. RSF;
- b. A debit entry of \$1,704,784 for each of the three years in the 2020-2022 rate case cycle to reflect the subsidies that offset the revenue requirements of the Dixon District;
- c. A debit entry of \$711,852 for each of the three years in the 2020-2022 rate case cycle to reflect the subsidies that offset the revenue requirements of the Willows District;
- d. A credit entry equal to the recorded RSF surcharges collected from all customers (except for CAP customers in the Kern River Valley District) as provided under Schedule No. RSF; (T)
- e. A monthly debit or credit entry equal to the average balance in each segment of the account multiplied by 1/12th of the most recent month's interest rate on Commercial Paper (prime, 90-day) published in the Federal Reserve Statistical Release H-15.

AS. Asbestos Litigation Memorandum Account (ALMA)**1. PURPOSE**

The Asbestos Litigation Memorandum Account ("ALMA") will track costs, settlement payments, judgments and credits related to litigation arising from alleged exposure to asbestos from asbestos-cement ("AC") water pipes in Cal Water's service areas.

2. APPLICABILITY

The ALMA is effective beginning January 1, 2015 through December 31, 2024, unless (C)
the California Public Utilities Commission authorizes an extension. The ALMA applies to (L)
all districts. (L)

3. ACCOUNTING PROCEDURE

Cal Water shall make the entries described below on a monthly basis. Cal Water shall only record costs for outside services related to defending against asbestos litigation lawsuits and seeking indemnification or cost recovery from insurers, developers, contractors, or other involved parties. Cal Water shall not record any costs for internal services related to defending against asbestos litigation lawsuits and seeking indemnification or cost recovery from insurers, developers, contractors, or other involved parties. Cal Water shall only record the following outside services costs related to asbestos litigation to the memorandum account:

- a. Filing and court fee costs
- b. Attorney fees
- c. Legal representation administrative costs
- d. Legal representation travel costs
- e. Litigation support costs
- f. Investigative costs
- g. Court reporter costs
- h. Deposition costs
- i. Expert witness fees
- j. Expert witness administrative costs
- k. Witness representation costs
- l. Witness travel costs
- m. Insurance coverage attorney costs
- n. Other reasonable and justified costs from outside service providers directly tied asbestos litigation cases.

Page 2

AS. Asbestos Litigation Memorandum Account (ALMA) (continued)**3. ACCOUNTING PROCEDURE (continued)**

Cal Water may record in the ALMA payments made according to settlement agreements in litigation related to alleged asbestos exposure. Cal Water may record in the ALMA judgment against it in litigation related to alleged asbestos exposure.

Cal Water shall record any recovery or compensation of costs from outside sources as a credit to the memorandum account. Any recovery or compensation of costs recorded in the memo account is to be credited against the costs recorded in the memorandum account, including recovery or compensation received after any expiration of the memorandum account. Costs that shall be treated as a credit in the memorandum account include, but are not limited to:

- a. Developer indemnity
- b. Developer reimbursement of expenses
- c. Developer insurance reimbursement
- d. Contractor indemnity
- e. Contractor insurance reimbursement
- f. Contribution by other defendants
- g. Court awards
- h. Settlement Awards

Pursuant to Standard Practice U-27-W ("SP U-27") of the Water Division, the ALMA will earn interest at the 90-day commercial paper rate.

(T)
(T)**4. DISPOSITION**

Cal Water shall seek recovery of costs recorded in the memorandum account if triggered under SP U-27, or at the end of the five-year term of the memorandum account. The request shall be in a filing that is in accordance with SP U-27 and General Order 96-B, Water Industry Rule 7.3.3.

AV. 2018 Tax Accounting Memorandum Account (TAMA)

1. Purpose: The purposes of the 2018 Tax Accounting Memorandum Account (TAMA) are: (T)
 (1) to track on a CPUC-jurisdictional revenue requirement basis the impacts of the (T)
 "2018 Tax Cuts and Jobs Act" (TCJA) not otherwise reflected in rates from January 1, (L)
 2018 through December 31, 2019 (TCJA Memo Account Period); and (2) to track the (N)
 income tax expense associated with any grants awarded to Cal Water. (N)
2. General Information: Cal Water shall record in the TAMA realized increases or
 decreases in its CPUC-jurisdictional revenue requirement resulting from the TJCA. The
 Memo Account shall be used in determining whether any rate adjustment is necessary (N)
 to reflect impacts of the TJCA during the TCJA Memo Account Period. The Memo (N)
 Account shall also be used to track the income tax expense associated with any grants (N)
 awarded to Cal Water. (N)
3. Territory: All tariffed service areas of California Water Service Company.
 Memo Account Entries: The entries in the Memo Account may include the following:
 - a. Realized decreases in revenue requirement resulting from the TCJA during the TCJA (T)
 Memo Account Period.
 - b. Realized increases in revenue requirement resulting from the TCJA during the TCJA (T)
 Memo Account Period.
 - c. Income tax expense associated with grants awarded to Cal Water. (N)
 - d. Balances in the Memo Account will accrue interest at the 90-day commercial paper
 rate.
4. Disposition of Memo Account Balance:

Cal Water will file an advice letter to address the TCJA-related balance by 12/31/2020, (C)
 or by such other time as ordered by the Commission. The TCJA balance in the Memo (C)
 Account shall be addressed and rates shall be adjusted accordingly, as appropriate.

The TAMA will continue to 12/31/2022 to track grant-related income tax expenses, (N)
 which will be addressed in Cal Water's next general rate case or at such other time as (N)
 ordered by the Commission. (N)

Antelope Valley Tariff Area (Los Angeles County Region)

(C)

RESIDENTIAL METERED SERVICE**SPECIAL CONDITIONS**

(L)

1. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. **Fire sprinkler rate:** A single-family residence with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

4. **Bi-monthly Billing:** The established billing cycle for the following areas is **bi-monthly (every other month):**

(D)

Community of Fremont Valley, Kern County

Community of Lake Hughes and vicinity, Los Angeles County

(L)

5. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.3% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the West Basin Municipal Water District. This caused quantity rates to go up by the following amounts: \$0.0977/CCF for Tier 1 usage, \$0.1221/CCF for Tier 2 usage, and \$0.1831/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.62.

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

Schedule No. BK-2R
Bakersfield Tariff Area
RESIDENTIAL FLAT RATE SERVICE

Page 1

APPLICABILITY

Applicable to all flat rate residential water service.

TERRITORY

Bakersfield and vicinity, Kern County.

RATES

For a single-family residential unit, including premises having the following areas:

Per Service Connection	Per Month	
6,000 sq. ft., or less	\$83.74	(I)
6,001 to 10,000 sq. ft.	\$96.41	
10,001 to 16,000 sq. ft.	\$120.24	
16,001 to 25,000 sq. ft.	\$152.44	
For each additional single-family residential unit on the same premises and served from the same service connection	\$58.91	(I)

SPECIAL CONDITIONS

1. The above flat rates apply to service connections not larger than one inch in diameter.
2. All service not covered by the above classifications shall be furnished only on a metered basis.
3. For service covered by the above classifications, if the utility or the customer so elects, a meter shall be installed and service provided under Schedule No. SL-1-R, Residential Metered Service.
4. This Schedule is closed to all new connections as of May 8, 1991, the effective date of Tariff Sheet No. 4133-W.
5. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

RESIDENTIAL METERED SERVICE

Page 5

SPECIAL CONDITIONS (continued)

(L)

10. Opening Bill for Metered Service in RWV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)

The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth ($1/365$) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.

11. New Service in RWV-Coast Springs

Applicants requesting water service that would cause the Coast Springs water system to exceed 250 service connections, or such higher number of connections as DHS may subsequently allow under Coast Springs water system's domestic water supply permit, will be placed on a waiting list. Once additional service connections become available, applicants on the waiting list will be notified in the order they were received. Any previously accepted application for water service in the Coast Springs water system will be revoked if proof of a valid building permit is not provided within 18 months of acceptance of the application for water service or March 17, 2003, whichever is later. Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

12. Exemption for Saint Anthony's Monastery in RWV-Coast Springs

Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony's Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.

Decision		<u>Vice President</u>	Effective	<u>01/01/2021</u>
			Resolution	

Schedule No. BG-1-R
Bear Gulch Tariff Area
RESIDENTIAL METERED SERVICE

Page 2

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

4. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.5% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the West Basin Municipal Water District and the Water Replenishment District of Southern California. This caused quantity rates to go up by the following amounts: \$0.0810/CCF for Tier 1 usage, \$0.1013/CCF for Tier 2 usage, and \$0.1521/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.61.

Schedule No. EL-1-R

Page 2

East Los Angeles Tariff AreaRESIDENTIAL METERED SERVICE

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. **Fire sprinkler rate:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
4. **Water Expense Increase:** Beginning on February 1, 2021 rates in this area will reflect a 0.5% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the Central Basin Municipal Water District and the Water Replenishment District of Southern California. This caused quantity rates to go up by the following amounts: \$0.0201/CCF for Tier 1 usage, and \$0.0251/ CCF for Tier 2 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.11.

3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required or requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service and not a fire service, so the rules and conditions for general metered service shall apply.
4. The established billing cycle for the following areas is **bi-monthly** (every other month).
Bodfish Water Service Area, Lakeland Water Service Area, South Lake Water Service Area
5. The **SDWBA (Safe Drinking Water Bond Act) surcharge** is in addition to the water bill. This surcharge must be identified on each bill. This surcharge is specifically for the repayment of the California SDWBA loan as authorized by the specified decision for the following areas:
(Kernville Water Service Area - D.85-04-021 - surcharges terminated as of April 15, 2019)
Lakeland Water Service Area - D.94-09-024

SDWBA Monthly Surcharges		<u>Kernville</u>	<u>Lakeland</u>	<u>Squirrel Mtn</u>
For	5/8 x 3/4 - inch meter	(D)	\$11.00	\$9.81

Kern River Valley Tariff Area**GENERAL METERED SERVICE**

SPECIAL CONDITIONS (continued)

6. Bodfish Water Service Area:

In the event that a customer terminates service under this schedule and reinstates service at the same location within 12 months, there will be a reconnection charge equal to the minimum charge which would have been billed had the customer not terminated service.

7. **Safe Drinking Water Service Fee - for New Service in Squirrel Mountain and Lakeland:**

A service fee to provide for the reduction of the SDWBA (Safe Drinking Water Bond Act) loan is chargeable to customers requesting future services to vacant and undeveloped lots in the Squirrel Mountain and Lakeland areas of the Kern River Valley District.

The amount of the New Service Fee will be equal to the accumulated total of the monthly surcharge that would have been applicable to such lot from the effective date of Decision 94-07-023, until the date of the new service, up to a maximum amount of \$1,000. The aggregate of all such fees shall be credited to the balancing account. Thereafter, the SDWBA surcharge authorized by the Commission for current customers in these areas, as contained in the approved tariff schedules, will apply.

SPECIAL CONDITIONS

1. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
4. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.3% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by Zone 7 of the Alameda County Flood Control and Water Conservation District. This caused quantity rates to go up by the following amounts: \$0.0635/CCF for Tier 1 usage, \$0.0793/CCF for Tier 2 usage, and \$0.1188/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.84.

Resolution

Schedule No. PV-LAR-1-R
Palos Verdes Tariff Area (Los Angeles County Region)
RESIDENTIAL METERED SERVICE

Page 2

(N)

(N)

(N)

SPECIAL CONDITIONS

(N)

1. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. **Fire sprinkler rate:** A single-family residence with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
4. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.3% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the West Basin Municipal Water District. This caused quantity rates to go up by the following amounts: \$0.0977/CCF for Tier 1 usage, \$0.1221/CCF for Tier 2 usage, and \$0.1831/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.62.

SERVICE TO PRIVATE FIRE HYDRANTS ON PRIVATE PROPERTY

APPLICABILITY

Applicable to all water service furnished to privately-owned fire hydrants located on private property that are connected to company-owned mains.

TERRITORY

Palos Verdes Estates, Rolling Hills, Rolling Hills Estates, Lomita, Rancho Palos Verdes and vicinity, Los Angeles County.

RATES

Per Month*

4" Riser type fire hydrant with single 2-2-1/2" outlet	\$9.78	(I)
6" Standard type fire hydrant	\$13.55	(I)

SPECIAL CONDITIONS

1. The fire hydrant service will be installed by the utility or by a construction agency acceptable to it at the cost of the applicant. The cost will not be subject to refund.
2. The relocation, replacement, or enlargement of any hydrant shall be at the expense of the party making such request.
3. The cost of maintenance and repair of hydrants will be borne by the utility.
4. The utility or its authorized agents shall have at all reasonable times the right of ingress to and egress from the customer's premises for any purpose connected with private fire hydrants.
5. The customer shall indemnify the utility and save it harmless against any and all claims arising out of service under this schedule and shall further agree to make no claims against the utility for any loss or damage resulting from service hereunder.
6. The fire hydrant shall be used for fire fighting purposes and fire drills only. Any unauthorized use will be charged at the regular established rates for general metered service and may be grounds for the utility to discontinue the fire hydrant service without liability to the utility.
7. The utility will supply to the hydrant only such water at such pressures as may be available from time to time in the operation of Utility's system.
8. Service under this schedule is limited to those services being furnished as of January 1, 1986.

SPECIAL CONDITIONS

1. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. **Fire sprinkler rate:** A single-family residence with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply. The new fire sprinkler rate for 1-inch meters is listed above. The fire sprinkler rate for 2-inch meters is also listed above, and continues to be the equivalent of the 5/8 x 3/4-inch meter charge plus a 50% surcharge.
