**Advice Letter No. 2123**

**CALIFORNIA WATER SERVICE COMPANY (U 60 W)**

To the Public Utilities Commission of the State of California (Commission):

California Water Service Company (Cal Water) hereby transmits for filing the following changes in its tariff schedules and five copies of each are attached hereto:

<u>C.P.U.C.</u> <u>Sheet No.</u>	<u>Title of Sheet</u>	<u>Schedule</u> <u>No.</u>	<u>Canceling</u> <u>C.P.U.C.</u> <u>Sheet No.</u>
10202-W	Rule No. 14.1 Page 1		7340-W
10203-W	Rule No. 14.1 Page 2		7341-W
10204-W	Rule No. 14.1 Page 3		7342-W
10205-W	Rule No. 14.1 Page 4		n/a
10206-W	Table of Contents (Page 7 List of Contract and Deviations)		9285-W
10207-W	Table of Contents (Page 1)		10201-W

**Summary**

Cal Water requests authority to revise its existing Rule 14.1, which is based on the sample rule in Standard Practice U-40-W dated July 2007. The proposed revisions would better reflect the "Example Rule 14.1" in the Drought Procedures adopted in Resolution W-4976, as well as the conservation strategies that Cal Water has developed based on customer feedback. This is being filed as a Tier 2 advice letter, with a requested effective date of May 1, 2014.

**Background**

In Advice Letter 1881, Cal Water sought, and the Commission approved, a proposed Rule 14.1 that was based upon the sample Rule 14.1 in Standard Practice U-40-W ("SP U-40"), dated July 2007. Cal Water's Rule 14.1 became effective on September 15, 2008.

On February 27, 2014, the Commission adopted Drought Procedures in Resolution No. ("Res.") W-4976. Appendix B to those Drought Procedures contains an "Example of Rule 14.1" that modifies the sample Rule 14.1 in the July 2007 version of SP U-40. For Class A and B water companies like Cal Water that have an existing Rule 14.1, Ordering Paragraph ("OP") 2 of Res. W-4976 requires the submission of a letter notifying the Division of Water & Audits ("DWA") that the companies are activating their Tariff Rule 14.1

to call for a 20% voluntary reduction in water use. Cal Water submitted that notification to DWA on March 28, 2014.

### **Discussion**

The Division of Water and Audits, with input from interested parties, substantially modified the sample Rule 14.1 originally provided in the July 2007 SP U-40 document. The result – “Example Rule 14.1” – is now contained in the Drought Procedures adopted in Res. W-4976.

Because Cal Water’s existing Rule 14.1 mirrors the old one originally included in SP U-40, Cal Water requests approval to update its Rule 14.1 to generally reflect the following:

- (1) The improved substance and structure in “Example Rule 14.1” of the Drought Procedures;
- (2) Changes to the descriptions of “non-essential uses;”
- (3) Reordered provisions and wording for greater clarity; and
- (4) The deletion of provisions inapplicable to Cal Water.

Specific Changes from “Example Rule 14.1” of the Drought Procedures:

- (a) Under General Information, Cal Water deletes Item 6 from the “Example Rule 14.1” because it is only applicable to “small water utilities.”
- (b) Under General Information, Cal Water adds a reference to its proposed Drought Memorandum Account (to be filed shortly after this advice letter).
- (c) Other provisions under General Information were moved to later sections, or deleted as repetitive.
- (d) Section A (currently only for voluntary conservation) has been revised to simplify the descriptions of “non-essential uses” based on Cal Water’s experiences with its customers. Cal Water believes that the revised descriptions of non-essential uses will be more understandable to its customers, which in turn will better facilitate compliance. In addition, the proposed revisions complement existing conservation programs available to customers, while minimizing conflicts with existing local government water use ordinances currently in place or planned in the future.
- (e) See the following discussion for changes to Section B.
- (f) Section C, Section 1a. is modified to reflect the possibilities of penalties and other compliance measures, in addition to fines.

**Section B Modifications:** Cal Water has legacy tariff rules that have caused time-consuming challenges for both customers and employees. In order to decrease conflict with its customers, Cal Water has a keen interest in ensuring that its tariff rules are not only consistent with Commission requirements, but also clearly understandable to laypeople. This will become even more important if and when Cal Water requests approval for a **Schedule** 14.1 because the Commission’s Drought Procedures require companies to provide copies of Schedule 14.1 to all of its affected customers.

While “Example Rule 14.1” is clearly an improvement over SP U-40’s Rule 14.1, some unnecessary repetition, confusing organization, overly formal sentence structure still

remain, and a lack of headings that could better orient the reader. Cal Water's proposed Rule 14.1 therefore reflects numerous modifications to "Example Rule 14.1" that are not intended to materially change the substance of "Example Rule 14.1." Other modifications in Section B may be substantive, but are intended to merely make Section B consistent with substantive changes in other sections of the Rule, or to delete provisions that are inapplicable to Cal Water (such as the provision for lost revenues).

### **Requested Effective Date**

This advice letter is being filed as Tier 2 consistent with the Drought Procedures, Section A.1, first bullet, which states: "A utility requesting to add a Rule 14.1 and/or Schedule 14.1 to its tariffs shall file a Tier 2 advice letter." Cal Water relies upon this provision to update and improve its existing Rule 14.1 because it is consistent with the spirit of Resolution W-4976 and the Drought Procedures. Cal Water requests an effective date of May 1, 2014 which is 30 days after the filing of this advice letter.

### **Notice and Service**

In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted today to competing and adjacent utilities and other utilities or interested parties having requested such notification. A list of those utilities and/or parties is attached. This advice letter does not seek to increase any rate or charge, so individual customer notice is not required.

### **Response or Protest**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. A protest shall provide citations or proofs where available to allow staff to properly consider the protest. The grounds for a protest are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Division of Water and Audits, 3<sup>rd</sup> floor  
California Public Utilities Commission,  
505 Van Ness Avenue, San Francisco, CA 94102  
[water\\_division@cpuc.ca.gov](mailto:water_division@cpuc.ca.gov)

On the same date the response or protest is submitted to the Division of Water and Audits, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Tu Rash  
California Water Service Company  
1720 North First Street,  
San Jose, California 95112  
Fax 408/367-8430 or  
E-mail [turash@calwater.com](mailto:turash@calwater.com)

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Division of Water and Audits, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20 day comment period.

**Replies:** The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response.

If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408/367-8200.

Rule No. 14.1

WATER CONSERVATION AND RATIONING PLAN

GENERAL INFORMATION

1. Voluntary Conservation: If water supplies are projected to be insufficient to meet normal customer demand, and are beyond the control of the utility, the utility may elect to activate voluntary conservation using the portion of this plan set forth in Section A of this Rule: ( N )
  - a. Cal Water will first notify the Director of the Division of Water & Audits of its intent, via a letter in both hard-copy and e-mailed formats.
  - b. Cal Water will also notify its customers of the voluntary conservation measures through a bill insert or direct mailing.
2. Mandatory Rationing: If, in the opinion of the utility, more stringent water measures are required, the utility shall request Commission authorization to activate the staged mandatory rationing measures set forth in Sections B through E of this Rule.
  - a. The specific stages and conditions of mandatory rationing will be contained in a "Schedule 14.1 – Staged Mandatory Rationing" tariff.
  - b. Cal Water may propose the addition of a Schedule 14.1 tariff to its tariff book as set forth in Sections B through E of this Rule.
3. Drought Memorandum Account: All expenses incurred by Cal Water to comply with Resolution No. W-4976 (including activating Rule 14.1, adding Schedule 14.1 to its tariff book, and activating Schedule 14.1) and to pay penalties to water wholesalers that have not been considered in a General Rate Case or other proceeding, shall be recoverable by Cal Water if determined to be reasonable by the Commission. These expenses will be offset by any fines or penalties collected from customers for water use violations.
  - a. These monies shall be accumulated by the utility in a separate memorandum account for disposition as directed or authorized from time to time by the Commission.

A. CONSERVATION - NONESSENTIAL OR UNAUTHORIZED WATER USE

No customer shall use utility-supplied water for non-essential or unauthorized uses, including but not limited to the uses described below. Customers are also subject to any requirement imposed by a local governmental entity that further limits water use. Cal Water will coordinate with local governmental entities as needed to minimize conflicting requirements.

1. Excessive use of water when a utility has notified the customer in writing to repair broken or defective plumbing, sprinkler, or watering or irrigation system, and the customer has failed to effect such repairs within five business days;
2. Use of water that results in flooding or run-off in gutters or streets;
3. Washing of vehicles, including cars, trucks, buses, boats, aircraft, and trailers, except with the use of equipment, such as a positive action shut-off nozzle, that avoids wasteful use or to protect the health and safety of the public;
4. Use of water for washing driveways, patios, parking lots, tennis courts, or other hard-surfaced areas, except when necessary to protect the health and safety of the public;
5. Use of water for street cleaning with trucks, except for initial wash-down for construction purposes (if street sweeping is not feasible), or to protect the health and safety of the public;
6. Use of water for construction purposes, such as consolidation of backfill, dust control, or other uses unless no other method can be used.
7. Use of water for filling or refilling decorative lakes or ponds unless necessary to sustain aquatic life;

Resolution No. W-4976

Rule No. 14.1

WATER CONSERVATION AND RATIONING PLAN  
(continued)

A. CONSERVATION NONESSENTIAL OR UNAUTHORIZED WATER USE (Continued)

- 8. Use of water for decorative fountains unless the fountain utilizes a recirculation system, such as an electric pump; ( N )
- 9. Use of water for the filling or refilling of swimming pools, except as required by a government agency; and
- 10. Service of water by any restaurant except upon the request of the patron.

B. STAGED MANDATORY RATIONING OF WATER USAGE

- 1. Adding a Schedule 14.1 tariff: Before a water wholesaler or government agency declares mandatory rationing, Cal Water may request the addition to its tariff book of a "Schedule 14.1 - Staged Mandatory Water Rationing" tariff, via a Tier 2 advice letter with full justification.
  - a. Cal Water may not activate Schedule 14.1 until it has been authorized to do so by the Commission as delegated to the Division of Water & Audits. A staged Schedule 14.1 that has been authorized by the Commission shall remain dormant until triggered by specific conditions detailed in the Schedule 14.1 tariff, and Cal Water has requested and received authorization for activating a stage by Commission.
  - b. Notice of the Tier 2 advice letter and associated public hearing (if required) shall be provided to customers through a bill insert or a direct mailing as set forth in Section E (Publicity) of this Rule.
  - c. Cal Water shall comply with all requirements of Sections 350-358 of the California Water Code.
  - d. The Tier 2 advice letter requesting the addition of a Schedule 14.1 tariff to its tariff book shall include but not be limited to:
    - i. A proposed Schedule 14.1 tariff that shall include but not be limited to:
      - 1. Applicability,
      - 2. Territory applicable to,
      - 3. A detailed description of each stage of rationing (the number of stages requested for a ratemaking area may vary depending on the specifics of the water shortage event),
      - 4. A detailed description of the trigger that activates each stage of rationing,
      - 5. A detailed description of each water use restriction for each stage of rationing.
      - 6. Penalties or other instruments of compliance.
      - 7. Conditions for installation of a flow restrictor,
      - 8. Charges for removal of flow restrictors, and
      - 9. Special Conditions
    - ii. Justification for, and documentation and calculations in support of plan, including but not limited to each item in B.1.d.i above.
- 2. Conditions for activating Schedule 14.1: Cal Water shall file a Tier 2 advice letter to request activation of a particular stage of its "Schedule 14.1 – Staged Mandatory Water Rationing" tariff:
  - a. If a Declaration of Mandatory Rationing is made by Cal Water or a governing agency,
  - b. If Cal Water is unable to address voluntary conservation levels set by itself or a governing agency, or
  - c. If Cal Water chooses to subsequently activate a different stage. ( N )

Decision No. -

Vice President  
TITLE

Effective \_\_\_\_\_

Resolution No. W-4976

Rule No. 14.1

WATER CONSERVATION AND RATIONING PLAN  
(continued)

- 3. Procedure for activating Schedule 14.1: The Tier 2 advice letter requesting activation of a stage of the Schedule 14.1 tariff shall: ( N )
  - a. Include but not be limited to a justification for activating the particular stage of mandatory rationing, as well as the period during which the particular stage of mandatory rationing measures will be in effect.
  - b. Be accompanied by the customer notification measures detailed in Section E (Publicity), below.
- 4. De-activating Schedule 14.1: When Schedule 14.1 is activated and Cal Water determines that water supplies are again sufficient to meet normal demands, and mandatory rationing measures are no longer necessary, Cal Water shall seek Commission approval via a Tier 1 advice letter to de-activate the particular stage of mandatory rationing that had been authorized.
- 5. Fines and Penalties: Any monies collected by Cal Water through water use violation fines or penalties shall not be accounted for as income but rather booked to a Drought Memorandum Account to offset authorized expenses incurred.

C. ENFORCEMENT OF MANDATORY CONSERVATION AND RATIONING

- 1. The water use restrictions of the conservation program in Section A of this rule become mandatory when: the Schedule 14.1-Staged Mandatory Rationing tariff is triggered, Cal Water files a Tier 2 advice letter requesting activation of a particular stage, and authorization is received from the Commission as delegated to DWA.
- 2. Cal Water may, after one written warning, install a flow-restricting device on the service line of any customer observed by Cal Water personnel to be using water for any non-essential or unauthorized use as defined in Section A, above.
- 3. A flow restrictor shall not restrict water delivery by greater than 50% of normal flow and shall provide the premise with a minimum of 3 Ccf/month. The restricting device may be removed only by the utility, only after a three-day period has elapsed, and only upon payment of the appropriate removal charge as set forth in Schedule No. 14.1.
- 4. After the removal of the restricting device, if any non-essential or unauthorized use of water continues, the utility may install another flow-restricting device without written warning. The restricting device shall remain in place until water supply conditions warrant its removal and the appropriate charge for removal has been paid to the utility.
- 5. Any tampering with flow restricting device by a customer can result in fines or discontinuation of water use at Cal Water's discretion.
- 6. If, despite installation of such flow-restricting device pursuant to the provisions of the previous enforcement conditions, any such non-essential or unauthorized use of water shall continue, then the utility may discontinue water service to such customer. In such latter event, a charge as provided in Rule No. 11 shall be paid to the utility as a condition to restoration of service. ( N )

C. ENFORCEMENT OF MANDATORY CONSERVATION AND RATIONING (Continued)

( N )

7. The charge for removal of a flow-restricting device shall be in accordance with Schedule No. 14.1.

D. APPEAL PROCEDURE

- 1. Any customer who seeks a variance from any of the provisions of this voluntary water conservation or mandatory rationing plan shall notify the utility in writing, explaining in detail the reason for such a variation. The utility shall respond to each such request.
- 2. Any customer not satisfied with the utility's response may file an appeal with the Director of DWA.
- 3. If the customer disagrees with such disposition, the customer shall have the right to file a formal complaint with the Commission. Except as set forth in this Section, no person shall have any right or claim in law or in equity, against the utility because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of the voluntary water conservation or mandatory rationing plan.

E. PUBLICITY

- 1. Adding a Schedule 14.1 tariff: As stated under Section B.1.b and c, when Cal Water requests the addition of a Schedule 14.1 – Staged Mandatory Water Rationing tariff via a Tier 2 advice letter, it shall provide notice to customers of the Tier 2 advice letter, and of the associated public hearing, through bill inserts or direct mailing, and shall comply with all requirements of Sections 350-358 of the California Water Code (CWC), including but not limited to the following:
  - a. In order to be in compliance with both the General Order 96-B and the CWC, Cal Water shall provide notice via both newspaper and bill insert/direct mailing.
  - b. Cal Water shall file one notice for each advice letter filed that includes both notice of the filing of the Tier 2 advice letter as well as the details of the public hearing (date, time, place, etc).
  - c. The public hearing shall be held after the Cal Water files the Tier 2 advice letter, and before the Commission authorizes the addition of Schedule 14.1 to Cal Water’s tariff book, except in cases of emergency water shortages approved by DWA
  - d. Cal Water shall consult with Division of Water and Audits staff prior to filing the advice letter in order to determine details of the public hearing.
- 2. Activating Schedule 14.1: In the event that a Schedule 14.1-Staged Mandatory Rationing Plan is triggered, and Cal Water requests activation through the filing of a Tier 2 advice letter, Cal Water shall notify its customers and provide each customer with a copy of Schedule 14.1 by means of bill insert or direct mailing. Notification shall take place prior to imposing any fines associated with this plan. If activation of Schedule 14.1 occurs one year or more since the public hearing associated with adding Schedule 14.1 to its tariffs, then Cal Water shall conduct a public hearing pursuant to California Water Code Section 351 prior to activating the mandatory rationing stage.
- 3. Updates during activation: During the period that a stage of Schedule 14.1 is activated, Cal Water shall provide customers with updates, in at least every other bill, regarding its water supply status and the results of customers' conservation efforts.
