### Summary

In Advice Letter 2139, submitted on September 24, 2014 with a requested effective date of September 25, 2014, Cal Water requested authority to change its tariff to (1) modify, delete, and add provisions in several rules; (2) add several preliminary statements; (3) eliminate several preliminary statements; and (4) modify several preliminary statements. None of the tariff changes have a direct impact on either customers' rates or Cal Water's revenue requirement.

In D.14-08-011, the decision that resolved Cal Water's 2012 General Rate Case on August 14, 2014, the Commission authorized Cal Water to take these actions within 60 or 120

days via a Tier 1 advice letter. Cal Water requests that these changes become effective on September 25, 2014.

In AL 2139-A, this supplement to AL 2139, Cal Water expands upon its explanation of the changes to the tariffs submitted in AL 2139. In addition, in the sentence in Section B.1.g of Rule 11 (Sheet 2 of 5), Cal Water includes the word “not,” which was inadvertently deleted from that sentence in the tariff sheet submitted in AL 2139.

### **Background**

The Commission resolved Cal Water’s 2012 General Rate Case (GRC) in D.14-08-011 on August 14, 2014. In addition to resolving contested issues, D.14-08-011 in Ordering Paragraph (OP) 1 adopts the Settlement Agreement in this proceeding, attached as **Exhibit A** to the decision.

The Settlement Agreement proposed several modifications to its tariff rules relating to customer service (Special Request No. 15), credit cards (Special Request No. 17), and cross-connection control program (Special Request No. 19).<sup>1</sup> OP 15 adopts these rule modifications, the final forms of which included as **Exhibit F** to D.14-08-011.

The Settlement Agreement also proposed the deletion, modification, and addition of several preliminary statements in Cal Water’s tariff.<sup>2</sup> The ordering paragraphs identified in the Discussion section below authorizes the deletions of existing preliminary statements, the modifications to existing preliminary statements, and the addition of new preliminary statements. The final forms of the modified and new preliminary statements are included as **Exhibit G** to D.14-08-011.

### **Discussion**

#### **(1) Request to Modify Several Tariff Rules**

In several “special requests,” Cal Water sought authority to modify several rules in its tariff that relate to: interactions with customers (Special Request No. 15), a modified credit card program (Special Request No. 17), and cross-connection (Special Request No. 19).<sup>3</sup>

---

<sup>1</sup> A draft of the rules that identifies the proposed changes were filed as Attachment 4 to the Settlement Agreement. That attachment is also contained in **Exhibit B** to D.14-08-011.

<sup>2</sup> A draft of the new preliminary statements, and versions of the modified preliminary statements that specifically identify the proposed changes, were filed as Attachment 5 to the Settlement Agreement. That attachment is also contained in **Exhibit B** to D.14-08-011.

<sup>3</sup> For a discussion of these special requests, see pages 26-30 of the Settlement Agreement, provided as Exhibit A to D.14-08-011. Also note that Cal Water is not requesting the rule modifications associated with the Balanced Payment Program (Special Request No. 16) in this advice letter. The Balanced Payment Program is addressed in a separate ordering paragraph (OP 16), and requires a Tier 2 advice letter for implementation. See Settlement Agreement at 26-27.

Advice Letter 2139-A - Modified Rules and Preliminary Statements  
Page 4

In D.14-08-011, the Commission approved modifications to those rules, consistent with the Settlement Agreement in this proceeding. These special requests are addressed in the first and third bullet points of Ordering Paragraph (OP) 15, as follows:

*15. Within 60 days of the adoption of this decision, California Water Service Company shall file Tier 1 Advice Letter to address the Special Requests identified in Chapter 6 of the Settlement Agreement attached to this decision as Exhibit A, in order to reflect:*

- ***Modifications to its tariff relating to customer service rules, a modified credit card pilot program;***
- *Lot fees in Rule 15;*
- ***The cross connection program in Rule 16; and***
- *Residential fire service charges.*

In Special Request No. 15, Cal Water proposed several changes primarily related to interactions with customers in the following rules: Rules 1, 3, 5, 7-12, 16, and 18 (referenced herein as “customer service rules” merely for ease of reference).<sup>4</sup> The nature of the changes included replacing outmoded language, updating requirements to reflect current law or practice, minor modifications to maintain internal consistency, and policy proposals that Cal Water believes better serve customers and the company.

In Special Request No. 17, Cal Water sought language changes in the “Payment of Bills” section of Rule 9 in order to implement a “modified” Credit/Debit Card Program.

In Special Request No. 19, Cal Water proposed several language changes to the sections in Rule 16 that govern Cal Water “cross-connection control program,” which requires customers to install backflow prevention devices under certain circumstances to ensure the continued safety of the water system. The modifications generally encompassed (1) updating terminology and references to reflect current industry standards and (2) providing greater specificity and clarity to Cal Water’s mandates and customers’ responsibilities, in order to carry out Cal Water’s enforcement of its program consistent with the expectations of the California Department of Health.

In this advice letter, Cal Water requests implementation of the above-described rules as proposed in the Settlement Agreement, and as they appear in **Exhibit F** to D.14-08-011. None of these tariff rule changes have a direct impact on either customers’ rates or Cal Water’s revenue requirement.

*Addition for AL 2139-A regarding Rule 15 Lot and Transmission Fees:* For Special Request No. 20, the Settlement Agreement provides that certain rate changes should be made to the lot and transmission fees in Tariff Rule 15 as they relating to three districts

---

<sup>4</sup> Special Request No. 15 also proposed modifications to Rule 15 that have already been addressed in a previous advice letter.

Page 5

(Visalia, Kern River Valley, and Antelope Valley). Cal Water implemented these changes in AL 2137. Therefore, a draft Rule 15 is included in Exhibit F, but not in AL 2139.

*Addition for AL 2139-A regarding Balanced Payment Plan.* The Settlement Agreement allows Cal Water to implement a balanced payment plan option for our customers via a Tier 2 advice letter as follows:

*Cal Water requested authority to offer a Balanced Payment Plan (“BPP”) option to customers similar to that of Pacific Gas & Electric (“PG&E”) that would allow residential and business customers to receive bills equal to their last 12 months’ average bill, or a representative neighborhood bill if their consumption history is shorter than 12 months. The Parties agree that Cal Water should be authorized to file a Tier 2 advice letter to implement the BPP with minor changes to Cal Water’s original proposal, and to add to its tariff provisions language that is substantially similar to those provided for the Balanced Payment Plan in Attachment 3 (Draft Modifications to Customer Service Rules).<sup>5</sup>*

In Tariff Rule 9.B, Exhibit F includes proposed language if and when Cal Water implements such a program. Cal Water is still developing its implementation plan for the program, however. AL 2139 therefore did not include any reference to the Balanced Payment Plan in Rule 9.B.

*Addition for AL 2139-A regarding Rule 11, Section B.1.g.* The original text of Rule 11 had to be typed into Excel in order to incorporate the modifications authorized in D.14-08-011 into Cal Water’s tariff. In the course of that conversion, it appears that Section B.1.g of Rule 11 (on Sheet 2 of 5) was inadvertently modified to omit the word “not” from the following sentence: “Service will not be discontinued by reason of delinquency in payment for service on any Saturday, Sunday, Legal Holiday, or at any time which the business offices of the company are not open to the public” (emphasis added). The tariff sheet submitted with this supplement, AL 2139-A, corrects this error.

### **(2) Request to Add Memo and Balancing Accounts**

Preliminary statements in Cal Water’s tariff generally describe the purpose of, and accounting procedures for, what is typically a memorandum or balancing account authorized by the Commission.<sup>6</sup>

Chapter 7, Section F, of the Settlement Agreement adopted in D.14-08-011 describes six new balancing and memo accounts agreed-upon by the parties (see pages 63-66), and includes drafts of their associated preliminary statements (see Settlement Agreement at

<sup>5</sup> Settlement Agreement at 26 (Exhibit A to D.14-08-011).

<sup>6</sup> An exception is Preliminary Statement S for the Water Cost of Capital Adjustment Mechanism (WCCM). The WCCM is not an account in which a balance is tracked. Instead, Preliminary Statement S describes the circumstances under which Cal Water must modify its rates pursuant to a settlement agreement in Cal Water’s last cost-of-capital proceeding.

pages 63-66 and at Attachment 5). Five of the memo and balancing accounts are substantively related to a specific issue, and the sixth (set of) balancing accounts are “general” or “catch-all” accounts for each ratemaking area (one per ratemaking area). The Settlement Agreement summarizes these provisions as follows (at page 34-35):

*The Parties agree to establish the following new balancing and memorandum accounts for the rate case period of 2014 through 2016: Chromium-6 Memorandum Account (Preliminary Statement A1), Conservation Expense Balancing Account (Preliminary Statement Z2), Pension Cost Balancing Account (Preliminary Statement AA2), Health Cost Balancing (Preliminary Statement AB2), and East Los Angeles Memorandum Account (new preliminary statement). In addition, the Parties agree to the creation of a General District Balancing Account for each ratemaking area to aggregate small residual balances for later amortization. (See Section F of this Chapter.)*

Prior to the Commission’s issuance of D.14-08-011, Cal Water obtained authority to open the Chromium-6 Memorandum Account (Preliminary Statement A1) in Advice Letter 2128 because California adopted a final Maximum Contaminant Level for Chromium-6. In D.14-08-011, the Commission therefore addressed the remaining four substantive memo and balancing accounts in Ordering Paragraph 18, and the general district-specific balancing accounts in Ordering Paragraph 21:

*18. Within 120 days of adoption of this decision, California Water Service Company is authorized to open the following new balancing and memorandum accounts for the rate case period of 2014 through 2016, and to file Tier 1 Advice Letters to add to its tariff preliminary statements that are substantially similar to the related draft preliminary statements in Attachment 5 to the Settlement Agreement attached to this decision as Exhibit A:*

- *Conservation Expense Balancing Account (Preliminary Statement Z2); Pension Cost Balancing Account (Preliminary Statement AA2);*
- *Health Cost Balancing (Preliminary Statement AB2); and*
- *East Los Angeles Memorandum Account (new preliminary statement designation).*

*21. Within 120 days of the adoption of this decision, California Water Service Company is authorized to open General District Balancing Account (District BA) for each ratemaking area, and to file a Tier 1 Advice Letter to add a preliminary statement that is substantially similar to the relevant draft preliminary statement in Attachment 5 of the Settlement Agreement attached to this decision as Exhibit A. Small residual balances that meet certain conditions may be transferred to the relevant District BAs so that they can be aggregated, and amortized together.*

**New Conservation and Pension Accounts** – These accounts are authorized for expenses during this GRC period, 2014-2016. These accounts should not be confused with the Conservation and Pension accounts for the previous GRC period, 2011-2013, which will remain in Cal Water’s tariff while they are being amortized. For reference purposes, the previous and new accounts are being designated as “1” and “2,”

## CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2139-A - Modified Rules and Preliminary Statements  
Page 7

respectively. (In a later section of this advice letter, Cal Water is requesting that the older Conservation and Pension accounts be renamed to reflect these designations.)

**Health Cost Balancing Account** – The new Health Cost Balancing Account is similar in name to the Health Care Memo Account established in the 2009 GRC, but is substantively distinct. While the older Health Care Memo Account was intended to track only the incremental costs associated with implementing new health care laws, the new Health Cost Balancing Account will track the difference between the health care costs authorized in D.14-08-011, and the health care costs that Cal Water actually incurs. Therefore, unlike the Conservation and Pension accounts described above, the Health Cost Balancing Account will entirely replace the old Health Care Memo Account, which is being eliminated consistent with the Settlement Agreement.

**District Balancing Accounts** – The purpose of creating a balancing account for each ratemaking area (referenced generally as “districts”) in which miscellaneous credits and debits can be tracked is described in the Settlement Agreement as follows:

*Cal Water requests authority to establish district-specific general balancing accounts because, currently, there is no mechanism for Cal Water to close out small balances that remain from memo and balancing accounts that have been over- or under-amortized. For Cal Water to implement small surcredits and surcharges to eliminate these balances, the administrative burden to Cal Water and the Commission and the confusion to customers of another surcharge/surcredit outweigh the minor benefits of closing out the accounts.<sup>7</sup>*

...

*RESOLUTION: ... the Parties agree that certain balances may be transferred to “district-specific” general balancing accounts, and aggregated for amortization. Cal Water agrees that balances should be maintained by ratemaking area. The conditions of the general district balancing accounts are as follows:*

- a. Each ratemaking area will have an associated “general balancing account” (referred to as a “general district balancing account”);*
- b. Each general district balancing account may be amortized consistent with the Commission’s standard practices (2% of last adopted revenue requirement), or in a GRC, and;*
- c. For accounts for which the Commission has authorized a fixed period of amortization, the small residual balances that result from under- or over-amortization may be put into a general district balancing account.<sup>8</sup>*

*Addition for AL 2139-A regarding new preliminary statements:* In Exhibit G, the new preliminary statements did not include the “N” along the right hand side to indicate that the entire statement is new. This was corrected in AL 2139.

**Conclusion** – Pursuant to Ordering Paragraphs 18 and 21 of D.14-08-011, Cal Water requests authorization to open the above-described memo and balancing accounts, and add the associated preliminary statements to Cal Water’s tariff. The preliminary statements submitted with this advice letter are substantially similar to those provided in Attachment 5 to the Settlement Agreement, and in **Exhibit G** of D.14-08-011.

### (3) Request to Eliminate Several Preliminary Statements

Chapter 7 of the Settlement Agreement describes the categories of memo and balancing accounts that should be eliminated:

*In Section C of this Chapter, the Parties identify the memo and balancing accounts that they agree should be closed because no future transactions are appropriate, and the balances are zero. The Parties request that the Commission authorize closure of the accounts. To the extent that an account to be closed has a “preliminary statement,” the Parties request that the Commission also authorize Cal Water to file a Tier 1 advice letter to remove the preliminary statement from its tariff.*

*In Section D of this Chapter, the Parties identify the memo and balancing accounts that have balances, but that should be closed after appropriate disposition of those balances. If an account in this category has already been amortized once, and there is still a small residual balance, the Parties recommend that the residual be transferred to the General District Balancing Accounts (discussed in Section F, below) so that small balances can be aggregated for later amortization. If an account in this category does not have a preliminary statement, the Parties do not recommend adding a preliminary statement because the accounts are intended to be closed in the near future.*

**Section C Memo and Balancing Accounts** - As indicated above, Section C, Chapter 7 of the Settlement Agreement discusses the memorandum and balancing accounts below that are associated with a preliminary statement, but that may be eliminated because they are no longer relevant:

- Recycled Water Memo Account (Prelim. St. E)
- Military Family Relieve Program Memo Account (Prelim. St. G)
- Water Conservation Memo Account (Prelim. St. I)
- Groundwater Rule Compliance Cost Memo Account (Prelim. St. O)
- Conservation OII 07-01-022 Memo Account (Prelim. St. Y)
- Health Care Expense Memo Account (Prelim. St. AB)

The Commission addresses these accounts in Ordering Paragraph 17 of D.14-08-011:

*17. Within 120 days of adoption of this decision, California Water Service Company is authorized to close the balancing and memorandum accounts with no balances identified in Chapter 7, Section C, of the settlement agreement attached to this*

## CALIFORNIA WATER SERVICE COMPANY

*decision as Exhibit A, and to file Tier 1 Advice Letters to eliminate their related preliminary statements, if necessary.*

Pursuant to Ordering Paragraph 17, Cal Water requests authorization to eliminate the preliminary statements listed above from its tariff.

**Section C Memo and Balancing Accounts:** With the creation of the general district-specific balancing accounts ("District BAs") (requested in the previous section of this advice letter), the Commission agreed that several existing memo and balancing accounts contain residual balances that meet the criteria for having their balances transferred to the appropriate District BAs. For the accounts identified below, OP 22 of D.14-08-011 authorizes the rollover of the balances, and the elimination of the relevant preliminary statements, if any:

*22. California Water Service Company is authorized to transfer the residual balances in the following balancing and memorandum accounts to the relevant General District Balancing Accounts (District BA), close the accounts, and eliminate the preliminary statements for:*

- *Cost of Capital Interim Rate Memo Account (Preliminary Statement AH);*
- *Temporary Interest Rate Balancing Account (Preliminary Statement R);*
- *Water Conservation Expense Memo Account (Preliminary Statement L);*
- *Water Conservation Balancing Account (Preliminary Statement N); and*
- *The Incremental Cost Balancing Accounts (no preliminary statement).*

*Within 120 days of the adoption of this decision, CWS is authorized to file a Tier 1 Advice Letter to amortize the aggregate amounts in the District BA in accordance with Commission Standard Practice U-27-W, and to eliminate the preliminary statements in accordance with the Settlement Agreement attached to this decision as Exhibit A.*

These accounts are also discussed in Section D, Chapter 7, of the Settlement Agreement. Cal Water requests authority to comply with OP 22 by eliminating Preliminary Statements AH, R, L, and N from its tariff.

### **(4) Request to Modify and Add Several Preliminary Statements**

Finally, Sections D and E, Chapter 7, of the Settlement Agreement identifies several existing balancing and memo accounts with preliminary statements that require modification, or that are not currently associated with preliminary statements. The Commission addresses these accounts in Ordering Paragraph 17 of D.14-08-011:

*17. Within 120 days of adoption of this decision, California Water Service Company is authorized to file Tier 1 advice letters relating to the following existing balancing and memorandum accounts in order to modify, add, or replace preliminary statements in its tariff:*

- *Conservation Expense Balancing Account (Preliminary Statement Z1);*
- *Pension Cost Balancing Account (Preliminary Statement AA1);*

- *Infrastructure Act Memorandum Account [no preliminary statement], Rate Support Fund Balancing Account [no preliminary statement];*
- *Stockton Litigation Memorandum Account (Preliminary Statement AD);*
- *Water Contamination Litigation Memorandum Account [no preliminary statement];*
- *2010 Tax Law Memorandum Account (Preliminary Statement AE); and*
- *Modified Credit Card Pilot Program Memorandum Account (Preliminary Statement J2).*

*The relevant preliminary statements will be substantially similar to the draft preliminary statements in Attachment 5 of the Settlement Agreement attached to this decision as Exhibit A.*

For those accounts listed above that are already associated with a preliminary statement, Cal Water requests authority to replace the existing preliminary statements with those provided herein, which are substantially similar to those provided in **Exhibit G** to D.14-08-011.

For those accounts above without preliminary statements, Cal Water requests the addition to its tariff of those preliminary statements provided herein, which are substantially similar to those provided in **Exhibit G** to D.14-08-011.

### *Additions for AL 2139-A:*

#### 1) Preliminary Statements Z1 and AA1:

The Settlement Agreement filed in A.12-07-007 states as follows:

...there are two accounts that must be amortized before closing that were established to track costs in the 2011-2013 rate case period – the Conservation Expense Balancing Account and the Pension Cost Balancing Account. Because the Parties are proposing in this Agreement that new balancing accounts for the same purposes be opened for the 2014-2016 rate case period, the preliminary statement “identifiers” of the old accounts – Z and AA – should be changed to Z1 and AA1 to prevent confusion with the two new accounts, which will be designated Z2 and AA2.<sup>9</sup>

Consistent with the above paragraph and Exhibit G to D.14-08-011, the preliminary statements originally referenced as Z (CEBA) and AA (PCBA) were modified in AL 2139 to Z1 (CEBA1) and AA1 (PCBA2). This is also consistent with Ordering Paragraph 20, which state that Z1 and AA2 can be amortized.

#### 2) Preliminary Statement J2: The short name of this account appears in Exhibit G as “CCPMA.” In AL 2139, this name was changed to “CCMA2.” As with other

Advice Letter 2139-A - Modified Rules and Preliminary Statements  
Page 11

accounts (CEBA, PCBA, HCMA), this account is related to but different from an existing account, but "CCPMA2" is too difficult to remember and identify, so the short name was simplified to "CCMA2."

- 3) Preliminary Statement AE: In Exhibit G, the preliminary statement identifies the shortened name of the memo account as "2010 Tax Act Memorandum Account." In AL 2139, the shortened name is changed to so that it can also be referenced as the "TAMA." This change is helpful to be consistent with the other preliminary statements that are continuing, all of which have shortened names of between 3 and 5 characters.
- 4) International Financial Reporting Standards Memorandum Account (IFRS MA): This draft preliminary statement appears in Exhibit G but not in AL 2139. This is because Cal Water will only be allowed to add this memo account via a Tier 2 advice letter under the circumstances described in the Settlement Agreement, below:

**RESOLUTION:** As part of the settlement, the Parties agree that Cal Water should be authorized to file a Tier 2 advice letter for a memorandum account that will track costs required to comply with a conversion to International Financial Reporting Standards after the SEC provides clear guidance on the timelines and actions necessary for companies to implement IFRS. Cal Water's advice letter filing will provide a clear explanation and documentation of the SEC action. The authority to file a Tier 2 advice letter and the memorandum account, if approved, will expire at the beginning of the test year of the next general rate case.<sup>10</sup>

### **Requested Effective Date**

Pursuant to the ordering paragraphs of D.14-08-011 cited above, these tariff changes are being requested via a Tier 1 advice letter. This is also consistent with GO 96-B, Water Industry Rule 7.3.1(3), which provides that an advice letter for actions in compliance with a mandatory resolution may be Tier 1.

Pursuant to GO 96-B, General Rule 7.3.1, a Tier 1 advice letter may be effective immediately, subject to disposition by the Commission. Cal Water requests that this advice letter be effective on September 25, 2014.

### **Notice**

*Customer Notice* – Pursuant to General Rule 4.2 (Customer Notices) and Water Industry Rule 7.3.1 (Tier 1) of General Order 96-B, this advice letter does not require customer notice.

*Service Lists* – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter supplement will be mailed or electronically transmitted on October 23, 2014 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

### **Response or Protest**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests, or comments after the 20-day comment period, except for the utility's reply. The address for mailing or delivering a protest is:

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Division of Water and Audits, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

### **Replies**

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408/367-8200.

**DISCONTINUANCE AND RESTORATION OF SERVICE**

(continued)

B. Discontinuance of Service by Company (continued)

1. For Nonpayment of Bills (continued)

d. Any customer whose complaint or request for an investigation pursuant to subdivision (c) has resulted in an adverse determination by the company may appeal the determination to the Commission. Any subsequent appeal of the dispute or complaint to the Commission shall be in accordance with the Commission adopted Rules of Practice and Procedure

e. Service to a residential customer will not be discontinued for nonpayment when the customer has previously established to the satisfaction of the company that:

- (1) The customer is older, disabled, or has a medical condition, as defined in Rule 1;
- (2) The customer is temporarily unable to pay for such service in accordance with the provisions of the company's tariffs; and
- (3) The customer is willing to arrange installment payments satisfactory to the utility, over a period not to exceed 12 months, including arrangements for prompt payment of subsequent bills.

However, service may be discontinued to any customer who does not comply with an installment payment agreement or keep current on his or her account for water service as charges accrue in each subsequent billing period.

f. A customer's residential service may be discontinued for nonpayment of a bill for residential service previously rendered to him or her at any location served by the company.

A nonresidential service may be discontinued for nonpayment of a bill for residential as well as nonresidential service previously rendered to him or her at any location served by the company.

The discontinuance of service notice required in (b) above will be given in both cases stated in (b) before service is discontinued.

Residential service will not be discontinued for nonpayment of bills for separate nonresidential service

g. Service will not be discontinued by reason of delinquency in payment for service on any Saturday, Sunday, Legal Holiday, or at any time which the business offices of the company are not open to the public.
