Advice Letter No. 2252

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this Tier 1 advice letter requesting authority to make the following changes to tariffs applicable to all regulated ratemaking areas.

New/Revised CPUC Sheet No.	Title of Sheet	Schedule No.	Cancelling CPUC Sheet No.

Summary

Cal Water requests authority to update the Low-Income Ratepayer Assistance (LIRA) program forms (English and Spanish) to reflect changes to the program adopted in D.16-12-042. Cal Water requests that these changes become effective immediately.

Discussion

In D.16-12-042, the Commission approved changes to Cal Water’s LIRA program. Previously, the monthly LIRA credit was capped at \$30 in Rate Support Fund (RSF) districts, and at \$18 in all other districts. These caps were raised to \$48 in the Settlement Agreement adopted by the Commission in D.16-12-042. Because the LIRA credit is 50% of the monthly service charge, and the rate consolidations approved in D.16-12-042 significantly decreased service charges in the ratemaking areas that previously were the highest-cost, Cal Water no longer has any service charges in effect that would be high enough to trigger the \$48 cap.

Accordingly, at the end of the first paragraph in the LIRA Program Application, the language has been modified to eliminate all references to a LIRA cap. The language was also improved to clarify that the amount of the LIRA credit is based upon the monthly service charge of the typical residential customer, which is presumed to have a 5/8 x 3/4-inch meter. Thus, flat-rate customers and any residential customers with meters greater than 5/8 x 3/4-inch would not receive 50% off of their specific service charges; instead, all LIRA customers in a given district receive the same monthly dollar benefit under the LIRA program.

Requested Effective Date

This advice letter is submitted with a Tier 1 designation. Cal Water is requesting that this filing become effective on February 16, 2017.

Notice

Customer Notice: This is a Tier 1 advice letter that does not require customer notice, as provided in Water Industry Rule 7.3.1 of General Order 96-B.

Service List: In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on February 16, 2017 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:
