Advice Letter No. 2536

CALIFORNIA WATER SERVICE COMPANY (U-60-W)

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this Tier 2 advice letter applicable to the Bay Area Region, Bear Gulch, Bakersfield, Livermore, Los Altos, Salinas Valley Region, Stockton, Visalia, and Westlake areas in accordance with Ordering Paragraph 1 of Decision 20-12-007 and the dicta of Decision 24-03-042.

<u>New/Revised</u> <u>CPUC Sheet No.</u>	<u>Title of Sheet</u>	<u>Schedule No.</u>	<u>Cancelling</u> <u>CPUC Sheet No.</u>
---	-----------------------	---------------------	--

See Attachment A

Note: Cal Water will be proposing customer rates effective January 1, 2025, that will be the result of combining several revenue changes requested in different advice letters. The known revenue changes at this time are due to purchased water/pump tax offsets, rate base offsets, attrition year increases (steps, where applicable), and different sales/services amounts adopted for 2025. A subsequent advice letter will include a set of tariffs that reflect all changes. Therefore, the tariffs included herewith in **Attachment A** only reflect the revenue changes that are proposed in this advice letter.

Summary

This advice letter requests approval for revenue increases for the costs associated with 28 used and useful capital projects previously authorized in Cal Water’s 2018 General Rate Case decision (“D.20-12-007”) and Cal Water’s recent 2021 General Rate Case decision (“D.24-03-042”). The requested effective date is January 1, 2025.

Background

In December 2020, the Commission issued D.20-12-007 adopting a Partial Settlement Agreement (“2018 Settlement Agreement”) which resolved Cal Water’s 2018 General Rate Case (“2018 GRC”). Attachment 8 of the 2018 Settlement Agreement identifies certain projects whose costs may be recovered through a Tier 2 advice letter after the projects are used and useful.

In March 2024, the Commission approved D.24-03-042 adopting a Partial Settlement Agreement (“2021 GRC Settlement Agreement”) which resolved Cal Water’s 2021 General Rate Case (“2021 GRC”). Included in D.24-03-042 was a discussion on previously authorized capital projects from Cal

Water's 2018 GRC. While the Commission declined to include such previously authorized projects in adopted rate base when issuing D.24-03-042, it authorized Cal Water to "follow the Commission's existing processes for adding previously authorized projects that are completed and used and useful into rate base."¹

Water Industry Rule 7.3.3(8) of Commission General Order 96-B ("GO 96-B") categorizes a rate base offset as a Tier 3 advice letter. However, Water Industry Rule 7.3.3(8) provides that a rate base offset can be filed as a Tier 2 advice letter if:

- (i) The rate base offset was previously approved by the Commission in a decision or resolution;
- (ii) The project scope is consistent with what the Commission approved; and
- (iii) The Commission approval included a budget cap and the rate base offset request is at or below the budget cap.

Cal Water's immediate request to add used and useful projects to rate base, consistent with the previously authorized scope and budget, is thus appropriate for disposition via a Tier 2 advice letter.

Discussion

In the 2018 GRC, Cal Water was authorized to complete numerous projects to maintain safe and reliable service throughout its service territory.² Cal Water is requesting to add 28 used and useful projects, authorized by the Commission, to adopted rate base. All projects included for revenue recovery are consistent with the scope and budget authorized by the Commission.

The total authorized budget for these projects is \$6,178,658. While the total cost for these projects was \$12,189,510, Cal Water only requests recovery of \$5,714,897. Previously authorized projects with actual costs exceeding authorized costs were capped at the authorized amount. Previously approved projects with actual costs less than authorized costs are requested for recovery at the actual amount. The list of approved projects for recovery is provided in **Attachment B** to this advice letter. Adding these 28 previously authorized used and useful projects to authorized rate base will result in an annual revenue increase of \$872,497. A summary of the revenue increase by ratemaking area is provided in **Table 1** below.

¹ D.24-03-024 at pp. 32-33.

² D.20-12-007, Ordering Paragraph 1.

Table 1
Rate Base Offset for Previously Authorized Projects
Revenue Increase by Ratemaking Area

District	Revenue Increase	% of Adopted Revenues
Bay Area Region	\$146,032	0.13%
Bear Gulch	\$317,952	0.44%
Bakersfield	\$108,978	0.11%
Los Altos	\$39,481	0.07%
Livermore	\$48,750	0.16%
Stockton	\$106,522	0.15%
Salinas Valley Region	\$82,650	0.18%
Visalia	\$7,017	0.02%
Westlake	\$15,115	0.06%
TOTAL	\$872,497	

In D.24-03-002, the Commission stated that, when seeking recovery of used and useful projects, Cal Water should “seek to package rate base offset approval requests for multiple projects into a single advice letter request for both administrative efficiency and to minimize the number of rate requests outside of the GRC.”³ The Commission indicated such a process would provide for timely authorization of rate base offsets for previously approved projects, “especially if these projects may be approved as Tier 2 advice letters.”⁴ Cal Water’s requested relief in this Tier 2 advice letter is in accordance with D.24-03-002, indicating timely authorization for recovery is appropriate. Furthermore, when commenting on Cal Water’s 2021 GRC during the Commission’s March 7, 2024, Business Meeting, President Alice Reynolds set the clear expectation that such advice letters be processed in a timely manner.⁵ The importance of timely and efficient processing of utility requests was reiterated by the other Commissioners as well.⁶

The details relating to the calculations for the recovery amounts are contained in the workpapers.

Allocation of Revenue as Fixed Cost Recovery: For all customer classes, the amount of fixed costs recovered through fixed service charges was modified “to offset the loss of the full decoupling Water Revenue Adjustment Mechanism (“WRAM”) and Modified Cost Balancing Account (“MCBA”).”⁷ In addition, note that the parties to the Settlement “agree that all rates for the upcoming GRC period should be designed to cover fixed costs in the fixed service charges according to the percentages...as shown in the table” in the 2021 Settlement Agreement as

Typical Residential Bill Impact

Table 2 below shows the monthly bill impact of the rate base offsets included in this advice letter for the typical residential customer.⁹ The typical bill increases are based on incremental changes in rates calculated for rate base offset revenue increases only.

Requested Effective Date

Cal Water requests that this advice letter become effective **January 1, 2025**.

Notice

Customer Notice – Individual customer notice of this advice letter is not required under General Order 96-B, Water Industry Rule 3.1, as the requested rate increase is less than 10% of the district’s revenue requirement. In this case, none of the requested revenue increases exceed the 10% threshold. However, out of an abundance of caution, Cal Water is sending out individual bill messages to all customers, with some areas also receiving newspaper notice as described below. If the revenue increase is approved, Cal Water will provide an additional bill message identifying the reason for the rate increase *in the first bill that includes the rate increase*.

⁸ 2021 GRC Settlement Agreement at p. 6.

⁹ Typical residential customer with a 5/8" x 3/4" meter at 2023 median usage.

Additionally, Cal Water is publishing legal notice of this advice letter in newspapers of local circulation for the impacted tariff areas consistent with GO 96-B, Water Industry Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed for these customers are provided in **Attachment C and Attachment D**, respectively. Because the last newspaper notice will be published on November 1, 2024, Cal Water proposes to extend the protest period to 20 days after that date, or November 21, 2024.

Service List – In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **October 28, 2024**, to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division by November 21, 2024. Please submit the response or protest by email or mail to:

SPECIAL CONDITIONS (continued)

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

5. **Capacity Surcharge for RDV-Coast Springs:** Monthly bills with usage greater than 2 CCF and less than or equal to 6 CCF will include a monthly surcharge of \$8.00 per CCF. Monthly bills with usage at and above 7 CCF will include a monthly capacity surcharge of \$20.00 per CCF. This results in rates for **RDV-Coast Springs** customers as follows:

		<u>RDV-Coast Springs</u>	
		Quantity Rate with Surcharge	
		Included, per CCF	
For	1 – 2 CCF	\$3.4881	(R)

6. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area: **RDV-Coast Springs** (D.06-04-031) and **RDV-Lucerne** (D.89-09-002).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Stockton District will reflect a pass-through of lower wholesale water charges by the Stockton East Water District, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to decrease its annual revenue in the Stockton District by \$6,271,346, or 9.0%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2025. With the increase, a typical monthly bill for a Stockton residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,280 gallons) per month will decrease by \$1.32, or 2.7%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$106,522, or 0.15% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Stockton District residential customer with 7 CCF (approximately 5,236 gallons) of monthly water usage would increase by approximately \$0.13, or 0.26%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Stockton District from the drop-down menu), and may also be obtained from the company's local offices by calling (209) 547-7900. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and

must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Los Altos District will reflect a pass-through of higher wholesale water charges and higher groundwater replenishment charges by the Santa Clara Valley Water District. The California Public Utilities Commission (CPUC) has determined that expenses for wholesale water are not under the company's control and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue by \$3,200,719, or 5.7%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Los Altos residential customer with a 5/8" x 3/4" meter who uses 9 CCF (which is 900 cubic feet or 6,732 gallons) of water per month will increase by \$3.60, or 4.6%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$39,481, or 0.07% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Los Altos District residential customer with 9 CCF (approximately 6,732 gallons) of monthly water usage would increase by approximately \$0.50, or 0.64%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select Los Altos Suburban from the drop-down menu), and may also be obtained

from the company's local offices by calling (650) 917-0152. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Notice to Salinas Valley Region – King City Area Customers Regarding Rate Change for Pre- Authorized Infrastructure Improvements

On or around October 28, 2024, California Water Service (Cal Water) will file Advice Letter 2536 with the California Public Utilities Commission (CPUC) seeking permission to change rates in its Salinas Valley Region's King City Area and other ratemaking areas for costs associated with recently completed and previously authorized infrastructure improvements. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, these project costs could only be recovered through a rate increase after they were completed.

In the advice letter, Cal Water requests additional revenue of \$82,650, or 0.18% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Salinas Valley Region residential customer with 7 CCF (approximately 5,236 gallons) of monthly water usage would increase by approximately \$0.03, or 0.07%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letter 2536 is available on the internet at www.calwater.com/rates-advice-letters/ (from the dropdown menu, select King City (Salinas Valley Region)). Copies may also be obtained from the company's local offices by calling (831) 385-5486. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be either emailed to water.division@cpuc.ca.gov or mailed to Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102. On the same date the response or protest is sent to the Water Division, it must also be either emailed to cwsrates@calwater.com or mailed to Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so that a late-filed protest can be considered.

The informing document should include an estimated date on which the proposed protest may be voted. If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200 and ask for the Rates Department.

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Bear Gulch District will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Bear Gulch District by \$2,074,214, or 2.9%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Bear Gulch residential customer with a 5/8" x 3/4" meter who uses 8 CCF of water (which is 800 cubic feet, or approximately 5,984 gallons) per month will increase by \$1.72, or 2.3%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$317,952, or 0.44% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Bear Gulch District residential customer with 8 CCF (approximately 5,984 gallons) of monthly water usage would increase by approximately \$0.74, or 1.0%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Bear Gulch District from the drop-down menu), and may also be obtained from the company's local office by calling (650) 561-9709. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), formerly, low-income ratepayer assistatory program (LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPU) and Bay Area Water Supply and Conservation Agency (BAWSCA). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Bay Area Region by \$3,984,155, or 3.5%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter who uses 6 CCF of water (which is 600 cubic feet, or approximately 4,488 gallons) per month will increase by \$1.23, or 2.5%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$146,032, or 0.13% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Bay Area Region residential customer with 6 CCF (approximately 4,488 gallons) of monthly water usage would increase by approximately \$0.26, or 0.52%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed. A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Bayshore district local office by calling (650) 558-7800 or Redwood

Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwrsrates@calwater.com, or by mail to the Rates Department, California

Notice to Salinas Valley Region – Salinas Area Customers Regarding Rate Change for Pre-Authorized Infrastructure Improvements

On or around October 28, 2024, California Water Service (Cal Water) will file Advice Letter 2536 with the California Public Utilities Commission (CPUC) seeking permission to change rates in its Salinas Valley Region's Salinas Area and other ratemaking areas for costs associated with recently completed and previously authorized infrastructure improvements. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, these project costs could only be recovered through a rate increase after they were completed.

In the advice letter, Cal Water requests additional revenue of \$82,650, or 0.18% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Salinas Valley Region Salinas Area residential customer with 7 CCF (approximately 5,236 gallons) of monthly water usage would increase by approximately \$0.03, or 0.07%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letter 2536 is available on the internet at www.calwater.com/rates-advice-letters/ (from the dropdown menu, select Salinas (Salinas Valley Region)). Copies may also be obtained from the company's local offices by calling (831) 757-3644. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer

Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be either emailed to water.division@cpuc.ca.gov or mailed to Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness

Avenue, San Francisco, CA 94102. On the same date the response or protest is sent to the Water Division, it must also be either emailed to cwsrates@calwater.com or mailed to Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200 and ask for the Rates Department.

Notice to Bakersfield District Customers Regarding Rate Change for Pre-

Authorized Infrastructure Improvements
On or around October 28, 2024, California Water Service (Cal Water) will file Advice Letter 2536 with the California Public Utilities Commission (CPUC) seeking permission to change rates in its Bakersfield District and other ratemaking areas for costs associated with recently completed and previously authorized infrastructure improvements. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, these project costs could only be recovered through a rate increase after they were completed.

In the advice letter, Cal Water requests additional revenue of \$108,978, or 0.11% of currently authorized revenue. If approved effective January 1, 2025, the water bill of a Bakersfield District residential customer with 12 CCF (approximately 8,976 gallons) of monthly water usage would increase by approximately \$0.27, or 0.56%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letter 2536 is available on the internet at www.calwater.com/rates-advice-letters/ (from the dropdown menu, select Bakersfield). Copies may also be obtained from the company's local offices by calling (661) 837-7200. Declaration of Notice for Advice Letter 2536

DECLARATION OF GREG A. MILLEMAN
REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER

I, Greg A. Milleman, declare and state:

1. I am the Vice President, Rates and Regulatory Affairs, of California Water Service Company (U 60 W) (“Cal Water”).

2. Cal Water is filing Advice Letter 2536 on or around October 28, 2024 requesting a revenue increase for the Bay Area Region, Bear Gulch, Bakersfield, Livermore, Los Altos, Salinas Valley Region, Stockton, Visalia, and Westlake ratemaking areas for costs associated with recently completed and previously authorized infrastructure improvements.

3. Customer notices of the filing of this advice letter is being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication order that identifies the name of the publication, the date of publication, and a copy of the notice itself.

4. This newspaper publication meets the requirements of the California Public Utilities Commission’s (“Commission’s”) General Order 96-B (“GO 96-B”), Water Industry Rule 3.1.

5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer’s bill in both dollar and percentage terms.

6. This customer bill notice meets the requirements of the Commission’s GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on October 28, 2024, in San Jose, California.
