RESIDENTIAL METERED SERVICE

SPECIAL CONDITIONS (continued)

8. **Annual Service Charges in RDV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)**

The annual service charge applies to service during the twelve-month period commencing July 1, and is due in advance. If a permanent resident of the area has been a customer of the utility for at least twelve months, they may elect at the beginning of each year to pay prorated service charges in advance at intervals of less than one year in accordance with the utility's established billing cycle.

9. **Opening Bill for Metered Service in RDV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)**

The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth (1/365) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.

10. **New Service in RDV-Coast Springs**

Applicants requesting water service that would cause the Coast Springs water system to exceed 250 service connections, or such higher number of connections as DHS may subsequently allow under Coast Springs water system's domestic water supply permit, will be placed on a waiting list. Once additional service connections become available, applicants on the waiting list will be notified in the order they were received. Any previously accepted application for water service in the Coast Springs water system will be revoked if proof of a valid building permit is not provided within 18 months of acceptance of the application for water service or March 17, 2003, whichever is later.

11. **New Service in RDV-Coast Springs: (continued)** Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

12. **Exemption for Saint Anthony's Monastery in RDV-Coast Springs:** Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony's Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.

13. **Water Expense Increase:** Beginning on January 1, 2026, rates in this area will reflect a 1.21% revenue increase due to higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and increased charges for purchased power from Pacific Gas & Electric. This caused quantity rates to go up by the following amounts: \$0.0622/CCF for Tier 1 usage, \$0.2473/CCF for Tier 2 usage, \$0.3090/CCF for Tier 3 usage, and \$0.4634/CCF for Tier 4 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. The monthly service charges are not changing.
