RESIDENTIAL METERED SERVICE

Page 2

SPECIAL CONDITIONS

1. Any service to a residential customer not exceeding two units on a lot size of 10,000 square feet or less with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if:
 - (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes;
 - (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system;
 - (c) the sprinkler system is served through the meter providing residential water service; and
 - (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met.

This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits). (C)(L)
(L)
3. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**. (C)
