East Los Angeles Tariff Area
RECLAIMED METERED SERVICE

SPECIAL CONDITIONS (continued)

4. **Water Expense Increase:** Beginning on October 1, 2026, rates in this area will reflect a 0.92% revenue increase due to higher wholesale water charges by the Central Basin Municipal Water District and increased ground water replenishment charges for pump tax from Water Replenishment District of Southern California. This caused the quantity rate to go up by \$0.0423/CCF. Amounts collected from the quantity rate increase will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. The monthly service charge for a 5/8 x 3/4-inch meter changed by \$0.41.
