SPECIAL CONDITIONS

1. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).
3. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**.
4. **Water Expense Increase:** Beginning on January 1, 2024, rates in this area will reflect a 3.8% revenue increase due to higher charges by Zone 7 of the Alameda County Flood Control and Water Conservation District. This caused quantity rates to go up by the following amounts: \$0.0933 /CCF for Tier 1 usage, \$0.3641 /CCF for Tier 2 usage, \$0.4544 /CCF for Tier 3 usage, and \$0.6800 /CCF for Tier 4 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.25.
