

Preliminary Statement  
(continued)

This tariff sheet is effective as of 9/25/14, but is subject to refund until approved by the California Public Utilities Commission.

Z1. Conservation Expense One-Way Balancing Account 1 (CEBA1) ( T )

1. Purpose:

The purpose of the CEBA1 is to ensure ratepayers fund only conservation programs consistent with the adopted settlement approved by the Commission in D.10-12-017. The account will track the difference between recorded expenses and authorized expenses and refund to customers amounts included in rates which were not spent during the three-year authorization period. ( T )

2. Applicability:

The CEBA1 covers years 2011 through 2013 for all ratemaking districts included in Application 09-07-001. ( T )

3. Accounting Procedure:

The following entries will be recorded monthly to each district's CEBA1. ( T )

- a. The annual authorized amount shown in Decision 10-12-017, Attachment C, Table 5.1 on page C-37, will be booked on a monthly level based on the spread of revenue adopted in Cal Water's Preliminary Statement M..
- b. Recorded conservation expenses including properly accounted-for expense accruals
- c. The difference between recorded and authorized expenses (3.a. minus 3.b.)
- d. Monthly interest expense calculated on the accumulated balance in 3.g. for the prior month plus 1/2 of the current monthly balance shown in 3.c. calculated at 1/12 of the most recent month's interest rate on Commercial Paper, published in the Federal Reserve Statistical Release H.15 or its successor.
- e. The sum of the current and all prior monthly entries in 3.d., above
- f. The sum of the current and all prior monthly entries in 3.c., above
- g. The sum of 3.e. and 3.f.

4. Ratemaking Procedure:

- a. Each District's authorized conservation expense has four internal spending caps. Before requesting amortization in rates, Cal Water shall apply these internal spending caps to the totals in 3.b. and adjust from recorded expense any amounts which exceed categorical limits. Cal Water shall reflect the adjustment in its final calculation of 3.g. for each district.
- b. If the total amount recorded in section 3.g. for any district as of December 31, 2013 is a positive number (meaning accumulated expenditures are less than the three-year authorization), Cal Water shall file an advice letter by March 31, 2014 to refund this amount to ratepayers. This refund should be made as a one-time Conservation surcredit unless the average surcredit per customer exceeds 50% of the adopted monthly service charge for a residential 5/8 X 3/4-inch meter, in which case the surcredit should be made over a 12- month period.
- c. If the total amount recorded in section 3.g. as of December 31, 2013 for any district is a negative number (meaning the accumulated expenditures exceed the three-year authorization), the balance shall not be collected.

5. Termination of the Account

The CEBA1 for each applicable district shall terminate on December 31, 2013 or when the surcredit described in 4.a is completed, whichever is later. ( T )
