

Sewer Rule No. 11
DISCONTINUANCE AND RESTORATION OF SERVICE

A. Customer's Request for Discontinuance of Service (N)

1. A customer may have service discontinued by giving not less than two days' advance notice thereof to the utility. Charges for service may be required to be paid until the requested date of discontinuance or such later date as will provide not less than the required two days' advance notice.
2. When such notice is not given, the customer may be required to pay for service until two days after the company has knowledge that the customer has vacated the premises or otherwise has discontinued sewer service.

B. Discontinuance of Service by Company

1. For Nonpayment of Bills

a. Past Due Bills

When bills are rendered monthly or bimonthly, they will be considered past due if not paid within 19 days from the date of mailing.

(1) Residential Service

For the purposes of this Rule, residential service means sewer service to a residential connection that includes single-family residences, multifamily residences, mobilehomes, including, but not limited to, mobilehomes in mobilehome parks, or farmworker housing. When bills are rendered monthly or bimonthly, they will be considered past due if not paid within 19 days from the date of mailing. The utility shall allow every residential customer a total of 79 days from the date of mailing its bill for services, postage prepaid, to make payment of the bill prior to discontinuance of service. The utility shall not discontinue residential service for nonpayment of a delinquent account unless the utility first gives notice of the delinquency and impending discontinuance in conformance with Rule No. 8.A.3, which establishes notice periods ranging from 7 to 15 days, depending on the occupancy type. The utility will provide notices timely to ensure that the applicable notice period is included in the total 79-day period referenced above.

a. Past Due Bills (continued)

(2) All Other Service (Nonresidential)

The utility shall not discontinue nonresidential service for nonpayment of a delinquent account unless the utility first gives notice of the delinquency and impending discontinuance in conformance with Rule No. 8.A.4.

Rule No. 8.A.4 requires that the utility make a reasonable attempt to contact: (i) the customer of record by mailing a separate notice at least 10 days prior to discontinuance, or (ii) an adult person on the customer's premises by telephone or in person at least 24 hours prior to any discontinuance.

b. When a bill for sewer service has become past due and a discontinuance service notice for nonpayment has been issued, service may be discontinued if the bill is not paid in full (or alternative payment arrangements acceptable to the utility have not been made) within the time required by such notice. The customer's service, however, will not be discontinued for nonpayment until the amount of any deposit made to establish credit for that service has been fully absorbed. The policy on discontinuance of service due to nonpayment of bills is available at:

c. Petition for Utility Review.

(1) Any customer (or adult occupant of a residential service address) may petition the utility for review of a bill for sewer service in accordance with Rule Nos. 5 and 10.

(2) Such customer shall not have the sewer service discontinued for nonpayment during the pendency of an investigation by the utility of a complaint or request and shall be given an opportunity for review of the complaint, investigation, or request by a review manager of the utility, if:

(i) The customer who has initiated a billing complaint or requested an investigation within 5 days of receiving a disputed bill, or

(3) The review shall include consideration of whether a customer shall be permitted to make installment payments on any unpaid balance of the delinquent account over a reasonable period of time, not to exceed 12 months.

Such service shall not be discontinued for nonpayment for any customer complying with an installment payment agreement entered into with the utility, provided the customer also keeps current her or his account for sewer service as charges accrue in each subsequent billing period.

If a customer fails to comply with an installment payment agreement the utility will give a discontinuance of service notice no less than 5 business days before discontinuing such service, but such notice shall not entitle the customer to further investigation or alternative payment arrangements by the utility.

d. Appeal to the Commission.

Any customer (or adult occupant of a residential service address) whose complaint or request for an investigation pursuant to subdivision (c) has resulted in a determination by the utility adverse to such customer or adult occupant, may appeal the determination to the Commission in accordance with Rule Nos. 5 and 10 (including depositing the disputed amount with the Commission). Any such appeal of the disputed bill to the Commission shall be in accordance with the Commission's Rules of Practice and Procedure. Written documentation of an appeal filed and diligently pursued with the Commission will prevent discontinuation of residential sewer service during the official appeal process.

e. Residential Health and Safety Exception

(1) Service to a residential water customer will not be discontinued for nonpayment when such customer establishes to the satisfaction of the utility that **all** three of the following conditions are met:

(i) The residential customer submits certification from a primary care provider,* as defined by the Water Shutoff Protection Act, that discontinuation of residential sewer service will be life threatening to, or pose a serious threat to the health and safety of, a resident of the premises where residential service is provided.

*Proof must be by certification from any internist, general practitioner, obstetrician-gynecologist, pediatrician, family physician and surgeon, nonphysician medical practitioner, or primary care clinic, rural health clinic, community clinic or hospital outpatient clinic. A “nonphysician medical practitioner” means a physician assistant or certified nurse-midwife performing services under physician and surgeon supervision, or a nurse practitioner performing services in collaboration with a physician and surgeon. h. Landlord-Tenant Properties.

Where the owner, manager, or operator of the dwelling, structure, or park is listed by the utility as the customer of record, and sewer service is provided to residential occupants in a detached single-family dwelling, a multi-unit residential structure, mobile home park, or permanent residential structure in a labor camp, the utility will make every good faith effort to inform the residential occupants, by written notice in conformance with Rule No. 8.A.3.c.

(1) Where said occupants are individually metered:

The utility is not required to make service available to these occupants unless each user agrees to the terms and conditions of service and meets the requirement of the law and the utility's rules and tariffs.

However, if one or more occupants are willing and able to assume responsibility for subsequent charges by these occupants to the account to the satisfaction of the utility, or if there is a practical physical means, legally available to the utility of selectively providing services to these occupants who have met the requirements of the utility's rules and tariffs, the utility will make service available to these occupants.

(2) Where said occupants are master metered:

The utility is not required to make service available to these occupants unless each occupant agrees to the terms and conditions of service, and meets the requirements of the law and the utility's rules and tariffs and the following:

The same Rule No. 11, item B.1.h.(1), above, which applies to individually metered occupants also applies to master metered occupants, except a representative may act on the behalf of a master metered occupant, and the utility will not discontinue service in any of the following situations:

- (a) During the pendency of an investigation by the utility of a master-meter customer dispute or complaint.
- (b) When the master-metered customer has been granted an extension of the period for repayment of a bill.

1. For Nonpayment of Bills (continued)

i. Residential Customer’s Remedies Upon Receipt of Discontinuance Notice for Nonpayment.

- (1) If upon receipt of a discontinuance notice, a residential customer is unable to pay, the customer must contact the utility before discontinuance of service to make payment arrangements to avoid discontinuance of service.
- (2) If, after contacting the utility, the residential customer alleges to the Commission an inability to pay and that the customer is unable to make payment arrangements with the utility, the customer should contact the Commission’s Consumer Affairs Branch (CAB) to make an informal complaint. To maintain uninterrupted service this action must be taken prior to discontinuation of service as defined in the provided notice.
- (3) To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service on.
- (4) Failure of the residential customer to observe these time limits shall entitle the utility to insist upon payment or, upon failure to pay, to discontinue the customer’s service in accordance with the utility’s rules.

j. Designation of a Third-Party Representative.

- (1) Customer must inform utility if she or he desires that a third party receive discontinuance or other notices on her or his behalf.
- (2) Utility must be advised of name, address, and telephone number of third party with a letter from third party accepting this responsibility.
