California Water Service Company (Cal Water) hereby transmits for filing the changes in its tariff schedules shown below:

Summary

In compliance with Ordering Paragraph 11 of Decision 11-05-020, Cal Water is submitting changes to LIRA forms (English and Spanish) to update the income guidelines for its Low-Income Rate Assistance ("LIRA") program.

Background

The energy utilities have a low-income rate discount called California Alternate Rates for Energy ("CARE") while Cal Water has a low-income rate discount called Low-Income Rate Assistance ("LIRA"). Both programs use the same income guidelines to qualify customers for rate discount programs.

On May 5, 2011, the Commission issued Decision 11-05-020 which adopted guidelines for water and energy utilities with overlapping service territories to share low-income customer information in order to increase the participation rate.

Ordering Paragraph 11 states:

Each water utility with a low-income assistance program shall file a Tier 1 advice letter to update California Alternate Rates for Energy guidelines within 30 days after the Commission's Energy Division sends its notice to establish the California Alternate Rates for Energy income guidelines.

Each year, the CPUC updates the information which goes into effect on June 1 and covering a period from June 1st to the following May 31st. Per the February 4, 2019 notice from the Commission's Energy Division (entitled "Notice to update the income guidelines to Investor Owned and Small Multi-Jurisdictional Utilities providing services under the California Alternative Rates for Energy (CARE), Family Electric Rate Assistance (FERA) and Energy Savings

Assistance (ESA) Programs to update the income guidelines”), the new eligibility guidelines are as follows

Household Size	1-2	3	4	5	6	7	8	Each Additional Person
Income Eligibility Upper Limit	\$33,820	\$42,660	\$51,500	\$60,340	\$69,180	\$78,020	\$86,860	\$8,840

Requested Effective Date

Cal Water requests that the proposed tariffs in this advice letter become effective June 1, 2019.

Notice

Customer Notice – Individual customer notice of this advice letter is not required under General Order 96-B, Water Industry Rule 3.1, because the requested rate increase is an offset of less than 10% of the district’s revenue requirement. If the rate change is approved, Cal Water will provide a bill message identifying the reason for the rate change in the first bill that includes the rate change.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on **March 22, 2019** to competing and adjacent utilities and other utilities or interested parties having requested such notification.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water.division@cpuc.ca.gov

On the same date the response or protest is submitted to the Division of Water and Audits, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
Phone (408) 497-3903 or
E-mail nwales@calwater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Division of Water and Audits, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200.
