Advice Letter No. 2353

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this Tier 2 supplement advice letter for Dominguez Ratebase Offset and hereby transmits for filing the following changes in its tariff schedules applicable to its Dominguez District.

CPUC <u>Sheet No.</u>	<u>Title of Sheet</u>	Schedule <u>No.</u>	CPUC <u>Sheet No.</u>
XXXX-W	Table of Contents (Page 1)		XXXXX-W

XXXX-W	Preliminary Statement M (WRAM / MCBA – DOM)		XXXXX-W

Summary

This advice letter requests approval for a rate increase effective date of January, 1 2020 for the costs associated with Sta. 232 Upgrade (PID 76316) in Cal Water’s “Dominguez” ratemaking area to address operational and structural issues related to booster suction and discharge piping, corrosiveness of the hydro-pneumatic tank and deterioration of vault structure in Sta. 232.

Background

The Commission adopted a Settlement Agreement and resolved Cal Water’s 2015 General Rate Case in D.16-12-042.¹ As described in the introduction to the Plant Chapter for each district, the Settlement Agreement identifies capital projects that will not be included in new rates, but that may be recovered through an advice letter after the project is in service, up to a specified capped dollar amount. The list of approved projects that may be filed as “rate base offsets” is in Attachment 3 to the Settlement Agreement.

¹ D.16-12-042, Ordering Paragraph 1. The Settlement Agreement and its attachments are provided in Exhibit A to the decision.

Water Industry Rule 7.3.3(8) specifies that a rate base offset may be a Tier 2 filing if it meets the following requirements:

- (i) The Rate base offset was previously approved by the Commission in a decision or resolution
- (ii) The project scope is consistent with what the Commission approved
- (iii) The Commission approval included a budget cap and the rate base offset request is at a below the budget cap.

Discussion

In the 2015 GRC, Commission authorized PID 76316 as an advice letter project for Dominguez for Sta. 232 for operational and structural improvements that could also address safety issues of the personnel and prevent any serious injuries or any life-threatening tragedy. The project scope included the installation of booster suction and discharge piping, pump station building, concrete pedestal, electrical upgrades and new hydro pneumatic tank/bladder tank.

The cost of the project was \$4,419,853, however Cal Water requests revenue recovery up to the capped amount of \$2,221,934. If approved, this would result in an annual revenue increase of \$300,760, or 0.4%. The typical residential customer using 10 CCF will see a monthly increase of \$0.22, or 0.4%, in their water bill.

Requested Effective Date

Cal Water requests that the proposed tariffs in this advice letter become effective January 1, 2020.

Notice

Customer Notice –A legal notice of this advice letter is being published in a newspaper of local circulation consistent with GO 96-B, Water Industry Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed, are attached. However, Individual customer notice of this advice letter is not required under General Order 96-B, Water Industry Rule 3.1, because the requested rate increase is an offset of less than 10% of the district’s revenue requirement. If the rate change is approved, Cal Water will provide a bill message identifying the reason for the rate change in the first bill that includes the rate change.

*Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on **October 18, 2019** to competing and adjacent utilities and other utilities or interested parties having requested such notification.*

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
E-mail nwales@calwater.com

RESIDENTIAL METERED SERVICE

APPLICABILITY

Applicable to all metered water service provided to single-family residential customers.

TERRITORY

Portions of Carson, Los Angeles, Long Beach, Torrance, and vicinity, Los Angeles County.

RATES

Quantity Rates:

For 1 - 11 CCF, per CCF	\$3.5768	(1)
For 12 to 17 CCF, per CCF	\$3.8779	
For over 17 CCF, per CCF	\$4.5178	(1)

Service Charge:		Per Meter	
		Per Month	
For	5/8 x 3/4 - inch meter	\$17.26	(1)
For	3/4 - inch meter	\$25.89	
For	Fire Sprinkler with 1 - inch meter	\$18.29	
For	1 - inch meter	\$43.15	
For	1-1/2 - inch meter	\$86.29	
For	2 - inch meter	\$138.07	
For	3 - inch meter	\$258.88	
For	4 - inch meter	\$431.47	
For	6 - inch meter	\$862.94	
For	8 - inch meter	\$1,380.71	
For	10 - inch meter	\$1,984.77	
For	12 - inch meter	\$2,847.72	
For	14 - inch meter	\$3,883.25	
For	16 - inch meter	\$3,969.54	
For	18 - inch meter	\$4,228.43	(1)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS

1. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. **Water Expense Increase:** Beginning on or after July 1, 2019, an increase in purchased water and pump tax costs of \$0.0555/CCF for Tier 1 usage, \$0.0601/CCF for Tier 2 usage, and \$0.0700/CCF for Tier 3 usage, and an associated increase in total revenue of 1.3% (relative to the costs and revenues approved in AL 2325-B) are being tracked in a balancing account as required by Section 792.5 of the Public Utilities Code.
- 3 **Fire sprinkler rates:** A single-family residence with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

NOTICE TO DOMINGUEZ CUSTOMERS REGARDING PRE-AUTHORIZED INFRASTRUCTURE IMPROVEMENTS RATE INCREASE

On October 18, 2019, California Water Service (Cal Water) filed Advice Letter 2353 with the California Public Utilities Commission (CPUC), seeking permission to change rates in its Dominguez District for costs associated with Sta. 232 Upgrade (PID 76316) to address operational and structural issues related to booster suction and discharge piping, corrosiveness of the hydro-pneumatic tank and deterioration of vault structure in Sta. 232.

In the advice letter, Cal Water requests additional revenue of \$300,760, or 0.40% of currently authorized revenue. The water bill of a residential customer with 10 Ccf of monthly water usage would increase by approximately \$0.22, or 0.4%. Previously authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, these projects that can only be recovered through a rate increase after they are completed.

A copy of Advice Letter 2353 is available on the internet at http://www.calwater.com/rates/advice_letters/index.php (please select "Rancho Dominguez" from the drop-down menu, and scroll down to the Dominguez section), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to nwales@calwater.com or to "Natalie Wales, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Division of Water and Audits within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

DECLARATION OF GREG A. MILLEMAN
REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER

I, Greg A. Milleman, declare and state:

1. I am the Vice President, California Rates, of California Water Service Company (U 60 W) ("Cal Water").

2. Cal Water is filing **Advice Letter 2353** on **October 18, 2019** requesting a revenue increase in the Dominguez District to reflect the completion of the Station 232 Upgrade which addressed operational and structural issues related to booster suction and discharge piping, corrosiveness of the hydro-pneumatic tank and deterioration of the vault structure in Station 232.

3. Customer notice of the filing of this advice letter is being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication order that identifies the name of the publication, the date of publication, and a copy of the notice itself.

4. This newspaper publication meets the requirements of the California Public Utilities Commission's ("Commission's) General Order 96-B ("GO 96-B"), Water Industry Rule 3.1.

5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer's bill in both dollar and percentage terms.

6. This customer bill notice meets the requirements of the Commission's GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on **October 18, 2019**, in San Jose, California.

/s/
