Advice Letter No. 2358

To The Public Utilities Commission of the State of California:

California Water Service Company ("Cal Water") respectfully submits this Tier 2 advice letter and hereby transmits for filing the following changes in its tariff schedules applicable to all districts except Grand Oaks.

Rate Schedule	New/Revised CPUC Sheet No.		Title of Sheet	Cancelling CPUC Sheet No.	
AS	XXXXX	-W	Table of Contents (Page 1)	XXXXX	-W
	XXXXX	-W	Table of Contents (Page 5)	XXXXX	-W
	XXXXX	-W	Additional Surcharges/Surcredits (Page 3)	XXXXX	-W

Summary

This advice letter requests approval for a company-wide revenue increase, with a requested effective date of February 1, 2020, for the costs associated with SCADA hardware and software replacement (PID 99272, with subordinate PIDs 118194 and 118354).

Background

The Commission adopted a Settlement Agreement and resolved Cal Water's 2015 General Rate Case in D.16-12-042.¹ As described in the introduction to the Plant Chapter for each district, the Settlement Agreement identifies capital projects that will not be included in new rates, but that may be recovered through an advice letter after the project is in service, up to a specified capped dollar amount. The list of approved projects that may be filed as "rate base offsets" is in Attachment 3 to the Settlement Agreement.

Water Industry Rule 7.3.3(8) specifies that a rate base offset may be a Tier 2 filing if it meets the following requirements:

- (i) The rate base offset was previously approved by the Commission in a decision or resolution
- (ii) The project scope is consistent with what the Commission approved

¹ D.16-12-042, Ordering Paragraph 1. The Settlement Agreement and its attachments are provided in Exhibit A to the decision.

- (iii) The Commission approval included a budget cap and the rate base offset request is at or below the budget cap.

Discussion

Project Identification (PID) 99272 is authorized as an advice letter project relating to the replacement of Cal Water's Supervisory Control and Data Acquisition (SCADA) system, with a capital project cost of \$4,871,962. The original deliverables for PID 99272 included:

- Network Management*
- Change Management
- Historian Programming
- Central Network Core Design/Build*
- Finalize SCADA Software Design
- Software Structure Development
- Project Management

PID 99272 was authorized to recover the development costs of the second phase of the SCADA master plan, consisting of replacement of Hewlett Packard's Real Time Application Programming (RTAP) SCADA hardware and software. Because the benefits of this activity is company-wide, the project was approved as part of the capital budget for Cal Water's Customer Support Services (CSS, formerly General Office). Furthermore, a portion of the SCADA system located in the Customer Support Services office will be used for development, testing, and remote support of the future SCADA system.

During the planning stage of the project, Cal Water decided to break out the "Network Management" and "Central Network Core Design/Build" aspects of PID 99272 into separate projects for ease of monitoring and measuring project activities, and for the tracking of costs, using PID 118354 for the Network Management side, and PID 118194 for the Central Network Core Design/Build activities. Combined, these 3 projects reflect the scope and intent of what was originally proposed as PID 99272.

Under PIDs 99272, 118354, and 118194, Cal Water has created the framework and plan for SCADA replacement company-wide. Cal Water is currently in the process of deploying the new SCADA facilities through separate, district-specific projects were approved in the 2015 GRC. The actual costs for the three projects are \$2,458,048 (PID 99272), \$1,353,730 (PID 118194), and \$231,167 (PID 118354), totalling \$4,042,944.

In this advice letter, Cal Water requests recovery up to the projects' actual cost of \$4,042,944, which is below the authorized cap of \$4,871,962. This would result in an additional revenue requirement of \$658,680, which is an 0.10% increase in the currently adopted company-wide revenue, with a proposed effective date of February 1, 2020. Alone, the impact on base rates of this requested revenue increase is minimal; therefore, for presentation purposes, Cal Water has

calculated the typical customer bill impact of approval of this request as a fixed, per-connection surcharge of \$0.12 per month. This calculation is based on the number of services approved in AL 2332-A. This approach more effectively illustrates the estimated customer impact of approving this request.

Concurrently with this advice letter, however, Cal Water is submitting requests for additional revenue increases related to other ratebase offsets and purchased water offsets. Customers have historically expressed frustration with multiple rate increases. To mitigate this frustration, Cal Water is proposing to implement these multiple revenue increases as one increase to basic water rates (quantity charges and service charges) on February 1, 2020.

Accordingly, for any additional revenue approved by the Commission through this advice letter, Cal Water also requests authority to fold the approved revenue into customers' base rates (along with any other approved revenue increases) with an effective date of February 1, 2020.

Requested Effective Date

Cal Water requests that the proposed tariffs in this advice letter become effective February 1, 2020.

Notice

Customer Notice – A legal notice of this advice letter is being published in a newspaper of local circulation consistent with GO 96-B, Water Industry Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed, are attached. However, Individual customer notice of this advice letter is not required under General Order 96-B, Water Industry Rule 3.1, because the requested rate increase is an offset of less than 10% of the district's revenue requirement. If the rate change is approved, Cal Water will provide a bill message identifying the reason for the rate change in the first bill that includes the rate change.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on December 20, 2019 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;

- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
E-mail nwales@calwater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200.

Stockton District	\$0.0282	
Visalia District	\$0.0300	
Westlake District	\$0.0232	
Willows District	\$0.0850	
Grand Oaks District	\$0.0610	

2. SURCHARGE FOR SCADA PROJECT

(N)

Customers in all districts except Grand Oaks will receive a surcharge of \$0.012 per month (per service line) beginning February 1, 2020, until the surcharge is consolidated into basic water rates.

(|)

(|)

Supervisory Control and Data Acquisition (SCADA) is a hardware and software system that allows Cal Water to gather real-time data about its water facilities and control equipment remotely. This surcharge is for a project in which Cal Water piloted a more modern SCADA platform and developed a strategy for upgrading and replacing outdated components in its current SCADA system.

Notice to Los Angeles County Region Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Los Angeles County Region District's portion of the costs would be an annual revenue increase of \$35,410 (or 0.07%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Los Angeles County Region customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.07%).

In AL 2360, Cal Water requests an annual revenue increase of \$48,524 (or 0.1%) for the Los Angeles County Region District (Project #99181) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Los Angeles County Region customer with 19 Ccf of monthly water usage would increase by approximately \$0.11 (or 0.1%).

The third advice letter, AL 2363, requests a revenue increase for higher wholesale water charges by the West Basin Municipal Water District. If approved, this advice letter would increase annual revenues by \$397,100 (or 0.7%). The water bill of a residential Los Angeles County Region customer with 19 Ccf of monthly water usage would increase by approximately \$0.87 (or 0.8%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Antelope Valley (Los Angeles County Region) or under Rancho Dominguez, select Palos Verdes (Los Angeles County Region) District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Monterey Region Customers Regarding Rate Increases Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Monterey Region portion of the costs would be an annual revenue increase of \$43,233 (or 0.11%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Monterey Region customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2359, Cal Water requests an annual revenue increase of \$156,387 (or 0.4%) for the Monterey Region (Project # 99170 and 99176) to replace SCADA components located throughout the service area. If approved, the water bill of a Monterey Region residential customer with 10 Ccf of monthly water usage would increase by approximately \$0.22 (or 0.4%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the King City (Monterey Region) or Salinas (Monterey Region) from the drop-down menu), and may also be obtained from the company's local offices by calling (831) 757-3644 or (831) 385-5486. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
 2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
 3. The analysis, calculations, or data in the filing contains material error or omissions.
 4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
 5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
 6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).
- A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."
- Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should

inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted. If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Marysville Customers Regarding Rate Increases for Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Marysville portion of the costs would be an annual revenue increase of \$5,797 (or 0.15%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Marysville customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2359, Cal Water requests an annual revenue increase of \$36,947 (or 0.9%) for the Marysville (Project # 99174) to replace SCADA components located throughout the service area. If approved, the water bill of a Marysville residential customer with 10 Ccf of monthly water usage would increase by approximately \$0.50 (or 1%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Marysville District) from the drop-down menu), and may also be obtained from the company's local offices by calling (530) 742-6911. You may also contact the company's headquarters at 1720 North First Street, San Jose,

California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an

estimated date on which the
proposed protest may be voted.
If you have not received a reply to
your protest within 10 business
days, contact Cal Water at (408)
367-8200.

Notice to Oroville Customers Regarding Rate Increases for Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Oroville portion of the costs would be an annual revenue increase of \$4,818 (or 0.09%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Oroville customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2359, Cal Water requests an annual revenue increase of \$38,595 (or 0.7%) for the Oroville (Project # 99175) to replace SCADA components located throughout the service area. If approved, the water bill of a Oroville residential customer with 10 Ccf of monthly water usage would increase by approximately \$0.42 (or 0.7%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Oroville District from the drop-down menu), and may also be obtained from the company's local offices by calling (530) 533-4034. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or

5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Selma Customers Regarding Rate Increases for Pre- Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Selma portion of the costs would be an annual revenue increase of \$8,960 (or 0.16%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Selma customer with 15 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2359, Cal Water requests an annual

revenue increase of \$49,321 (or 0.9%) for the Selma (Project # 99177) to replace SCADA components located throughout the service area. If approved, the water bill of a Selma residential customer with 15 Ccf of monthly water usage would increase by approximately \$0.43 (or 0.9%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Selma District from the drop-down menu), and may also be obtained from the company's local offices by calling (559) 896-4546. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in

the filing contains material error or omissions.

4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or

5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or

6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered.

The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest

Notice to Monterey Region Customers Regarding Rate Increases Pre- Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Monterey Region portion of the costs would be an annual revenue increase of \$43,233 (or 0.11%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Monterey Region customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2359, Cal Water requests an annual revenue increase of \$156,387 (or 0.4%) for the Monterey Region (Project # 99170 and 99176) to replace SCADA components located throughout the service area. If approved, the water bill of a Monterey Region residential customer with 10 Ccf of monthly water usage would increase by approximately \$0.22 (or 0.4%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the King City (Monterey Region) or Salinas (Monterey Region) from the drop-down menu), and may also be obtained from the company's local offices by calling (831) 757-3644 or (831) 385-5486. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
 2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
 3. The analysis, calculations, or data in the filing contains material error or omissions.
 4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
 5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
 6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).
- A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date

the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112." Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Visalia Customers Regarding Rate Increases for Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020. The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Visalia portion of the costs would be an annual revenue increase of \$63,272 (or 0.21%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Visalia customer with 16 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.3%).

In AL 2359, Cal Water requests an annual revenue increase of \$118,798 (or 0.4%) for the Visalia (Project # 99179) to replace SCADA components located throughout the service area. If approved, the water bill of a Visalia residential customer with 16 Ccf of monthly water usage would increase by approximately \$0.13 (or 0.4%). Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Visalia District from the drop-down menu), and may also be obtained from the company's local offices by calling (559) 624-1600. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the

protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112." Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Dominguez Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Dominguez District's portion of the costs would be an annual revenue increase of \$46,002 (or 0.06%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Dominguez customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2360, Cal Water requests an annual revenue increase of \$88,324 (or 0.12%) for the Dominguez District (Project #99167) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Dominguez customer with 10 Ccf of monthly water usage would increase by approximately \$0.06 (or 0.11%).

The third advice letter, AL 2361, requests a revenue increase for higher wholesale water charges by the West Basin Municipal Water District. If approved, this advice letter would increase annual revenues by \$453,400 (or 0.6%). The water bill of a residential Dominguez customer with 10 Ccf of monthly water usage would increase by approximately \$0.27 (or 0.5%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Rancho Dominguez District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water.division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Los Angeles County Region Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Los Angeles County Region District's portion of the costs would be an annual revenue increase of \$35,410 (or 0.07%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Los Angeles County Region customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.07%).

In AL 2360, Cal Water requests an annual revenue increase of \$48,524 (or 0.1%) for the Los Angeles County Region District (Project #99181) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Los Angeles County Region customer with 19 Ccf of monthly water usage would increase by approximately \$0.11 (or 0.1%).

The third advice letter, AL 2363, requests a revenue increase for higher wholesale water charges by the West Basin Municipal Water District. If approved, this advice letter would increase annual revenues by \$397,100 (or 0.7%). The water bill of a residential Los Angeles County Region customer with 19 Ccf of monthly water usage would increase by approximately \$0.87 (or 0.8%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Antelope Valley (Los Angeles County Region) or under Rancho Dominguez, select Palos Verdes (Los Angeles County Region) District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Notice to Bay Area Region Customers Regarding Rate Increase for Pre-Authorized Infrastructure Improvement

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

AL 2358 requests a revenue increase for a completed upgrade to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling water facilities located throughout the company (Project #99272). This infrastructure project was previously authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the project can only be recovered after it is completed.

If AL 2358 is approved, the Bay Area Region's portion of the costs would be an annual revenue increase of \$75,550 (or 0.09%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Bay Area Region customer with 8 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.1%).

AL 2367 requests a revenue increase for the cost recovery to drill, develop and equip a well at station 1-24 (PID #61318) in the Bayshore rate making area of Bay Area Region. If approved, this advice letter would increase annual revenues by \$170,243 (or 0.2%). The water bill of a Bay Area Region Residential customer with 8 Ccf of monthly water usage would increase by approximately \$0.13 (or 0.2%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Bayshore (Bay Area Region) from the drop-down menu) and may also be obtained from the company's local offices by calling (661) 943-0001 or (650) 558-7800. You may also contact the company's headquarters at 1720 North

First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.

3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or

5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water.division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated

date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Hermosa Redondo Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Hermosa Redondo District's portion of the costs would be an annual revenue increase of \$37,046 (or 0.12%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Hermosa Redondo customer with 9 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2360, Cal Water requests an annual revenue increase of \$53,411 (or 0.17%) for the Hermosa Redondo District (Project #99169) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Hermosa Redondo customer with 9 Ccf of monthly water usage would increase by approximately \$0.09 (or 0.17%).

The third advice letter, AL 2362, requests a revenue increase for higher wholesale water charges by the West Basin Municipal Water District. If approved, this advice letter would increase annual revenues by \$201,318 (or 0.6%). The water bill of a residential Hermosa Redondo customer with 9 Ccf of monthly water usage would increase by approximately \$0.35 (or 0.7%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Hermosa Redondo District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water.division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Los Altos Customers Regarding Rate Increases for Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Los Altos portion of the costs would be an annual revenue increase of \$26,084 (or 0.06%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Los Altos customer with 16 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.1%).

In AL 2360, Cal Water requests an annual revenue increase of \$74,915 (or 0.18%) for the Los Altos (Project #99172) to replace SCADA components located throughout the service area. If approved, the water bill of a Los Altos residential customer with 16 Ccf of monthly water usage would increase by approximately \$0.20 (or 0.2%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Los Altos District from the drop-down menu), and may also be obtained from the company's local offices by calling (650) 917-0152. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice

letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112." Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted. If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Livermore Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Livermore District's portion of the costs would be an annual revenue increase of \$25,414 (or 0.1%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Livermore customer with 12 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2360, Cal Water requests an annual revenue increase of \$27,553 (or 0.1%) for the Livermore District (Projects #98856 and #99171) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Livermore customer with 12 Ccf of monthly water usage would increase by approximately \$0.07 (or 0.1%).

The third advice letter, AL 2366, requests a revenue increase for higher wholesale water charges by the Zone 7, Alameda County Flood Control and Water Conservation District. If approved, this advice letter would increase annual revenues by \$462,100 (or 1.9%). The water bill of a residential Livermore

customer with 12 Ccf of monthly water usage would increase by approximately \$1.26 (or 1.9%). Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Livermore District from the drop-down menu), and may also be obtained from the company's local offices by calling (925) 455-1450. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.

2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.

3. The analysis, calculations, or data in the filing contains material error or omission.

4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or

5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or

6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On

the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Stockton Customers Regarding Rate Increases for Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

The two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Stockton portion of the costs would be an annual revenue increase of \$60,534 (or 0.12%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Stockton customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2360, Cal Water requests an annual revenue increase of \$44,006 (or 0.08%) for the Stockton (Project # 99178) to replace SCADA components located throughout the service area. If approved, the water bill of a Stockton residential customer with 10 Ccf of monthly water usage would increase by approximately \$0.05 (or 0.1%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Stockton District from the drop-down menu), and may also be obtained from the company's local offices by calling (209) 547-1900. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not

authorized by statute or CPUC order on which the utility relies.

3. The analysis, calculations, or data in the filing contains material error or omissions.

4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or

5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or

6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Westlake Customers Regarding Rate Increases for Purchased Water Offset and Pre- Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Westlake District's portion of the costs would be an annual revenue increase of \$9,676 (or 0.05%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Westlake customer with 25 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.1%).

In AL 2360, Cal Water requests an annual revenue increase of \$36,963 (or 0.2%) for the Westlake District (Project #99182) to replace SCADA components located throughout the service area. If approved, the water bill of a Westlake residential customer with 25 Ccf of monthly water usage would increase by approximately \$0.28 (or 0.2%).

The third advice letter, AL 2365, requests a revenue increase for higher wholesale water charges by the Calleguas Municipal Water District. If approved, this advice letter would increase annual revenues by \$339,900 (or 1.6%). The water bill of a residential Westlake customer with 25 Ccf of monthly water usage would increase by approximately \$2.62 (or 1.7%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Westlake District from the drop-down menu), and may also be obtained from the company's local offices by calling (805) 497-2757. You may also contact the company's headquarters at 1720 North First

Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Bay Area Region Customers Regarding Rate Increase for Pre-Authorized Infrastructure Improvement

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

AL 2358 requests a revenue increase for a completed upgrade to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling water facilities located throughout the company (Project #99272). This infrastructure project was previously authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the project can only be recovered after it is completed.

If AL 2358 is approved, the Bay Area Region's portion of the costs would be an annual revenue increase of \$75,550 (or 0.09%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Bay Area Region customer with 8 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.1%).

AL 2367 requests a revenue increase for the cost recovery to drill, develop and equip a well at station 1-24 (PID #61318) in the Bayshore rate making area of Bay Area Region. If approved, this advice letter would increase annual revenues by \$170,243 (or 0.2%). The water bill of a Bay Area Region Residential customer with 8 Ccf of monthly water usage would increase by approximately \$0.13 (or 0.2%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rate-s/advice-letters/> (please select the Bayshore (Bay Area Region) or Redwood Valley (Bay Area Region) from the drop-down menu), and may also be obtained from the

company's local offices by calling (650) 558-7800 or (707) 869-0050 or (707) 274-6624. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North

First Street, San Jose, CA
95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to East Los Angeles Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvement

On December 20, 2019, California Water Service (Cal Water) filed three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

AL 2358 requests a revenue increase for a completed upgrade to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling water facilities located throughout the company (Project #99272). This infrastructure project was previously authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the project can only be recovered after it is completed. If AL 2358 is approved, East Los Angeles District's portion of the costs would be an annual revenue increase of \$36,532 (or 0.1%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential East Los Angeles customer with 10 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.1%).

AL 2364 requests a revenue increase for higher wholesale water charges by the Central Basin Municipal Water District. If approved, this advice letter would increase annual revenues by \$657,409 (or 1.7%). The water bill of a residential East Los Angeles customer with 12 Ccf of monthly water usage would increase by approximately \$1.17 (or 1.7%).

The third advice letter, AL 2368, requests a revenue increase for the cost recovery to construct a new well at station 62-02 (PID #20583) in the East Los Angeles District. If approved, this advice letter would increase annual revenues by \$252,729 (or 0.7%). The water bill of a residential East Los Angeles customer with 12 Ccf of monthly water usage would increase by approximately \$0.47 (or 0.7%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the East Los Angeles District from the drop-down menu), and may also be obtained from the company's local offices by calling (323) 722-8601. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water.division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Bakersfield Customers Regarding Rate Increases for Pre- Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file two advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Bakersfield District's portion of the costs would be an annual revenue increase of \$100,456 (or 0.12%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Bakersfield customer with 18 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2359, Cal Water requests an annual revenue increase of \$224,818 (or 0.3%) for the Bakersfield District (Projects #99166 and #99267) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Bakersfield customer with 18 Ccf of monthly water usage would increase by approximately \$0.20 (or 0.4%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Bakersfield District from the drop-down menu), and may also be obtained from the company's local offices by calling (661) 837-7200. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal

hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted. If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

Notice to Bear Gulch Customers Regarding Rate Increase for Pre- Authorized Infrastructure Improvement

On December 20, 2019, California Water Service (Cal Water) will be filing Advice Letter 2358 with the California Public Utilities Commission (CPUC) requesting approval to implement a company-wide surcharge on February 1, 2020 to recover costs for a completed upgrade to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling water facilities located throughout the company (Project #99272). This infrastructure project was previously authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the project can only be recovered after it is completed.

If AL 2358 is approved, the Bear Gulch District's portion of the costs would be an annual revenue increase of \$26,324 (or 0.05%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a Bear Gulch residential customer with 19 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.1%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Bear Gulch District from the drop-down menu), and may also be obtained from the company's local offices by calling (650) 561-9709. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water_division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent

to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period, so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted. If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200.

GLENN COUNTY TRANSCRIPT

DECLARATION OF GREG A. MILLEMAN
REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER

I, Greg A. Milleman, declare and state:

1. I am the Vice President, California Rates, of California Water Service Company (U 60 W) ("Cal Water").

2. Cal Water is filing **Advice Letters (ALs) 2358 through 2368 on December 20, 2019** to request a revenue increase for all of its regulated districts, except Grand Oaks and Travis. AL 2358 (all districts), AL 2359 (Bakersfield, Monterey Region, Marysville, Oroville, Selma, and Visalia Districts), and AL 2360 (Chico, Dominguez Hermosa Redondo, Los Angeles County Region, Los Altos, Livermore, Stockton, and Westlake Districts) request revenue increases for completed upgrades to Cal Water's Supervisory Control & Data Acquisition (SCADA). ALs 2361 through 2366 reflect an increase in purchased water costs for the Dominguez, Hermosa Redondo, Los Angeles County Region, East Los Angeles, Westlake, and Livermore Districts, respectively. ALs 2367 and 2368 request revenue increases for the Bay Area Region (station 1-24) and East Los Angeles District (station 62-02) for completed capital improvements that were previously authorized by the CPUC in Decision 16-12-042.

3. Customer notice of the filing of this advice letter is being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication order that identifies the name of the publication, the date of publication, and a copy of the notice itself.

4. This newspaper publication meets the requirements of the California Public Utilities Commission's ("Commission's") General Order 96-B ("GO 96-B"), Water Industry Rule 3.1.

5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer's bill in both dollar and percentage terms.

6. This customer bill notice meets the requirements of the Commission's GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on **December 20, 2019**, in San Jose, California.
