Summary

This Advice Letter is made in compliance with Resolution W-5206 and requests authorization for Cal Water to implement the acquisition of Crane Ridge Mutual into its Livermore District. Resolution W-5206 orders:

- 1. This resolution grants authority to California Water Service Company to acquire Crane Ridge Mutual Water Company, under the terms and conditions set forth in the July 23, 2018 Asset Purchase and Sale Agreement.*
- 2. Authority is granted to California Water Service Company to file a Tier 1 Advice Letter to incorporate the Crane Ridge customers into its Livermore District and apply all currently adopted tariff rates, rules and regulations. The effective date of the revised tariffs shall be the date of the Tier 1 Advice Letter filing.*

Pursuant to General Order 96-B, Water Industry Rules 7.3.2 (1) and 7.3.2 (8), Cal Water requests that the California Public Utilities Commission (Commission) adopt Cal Water's current adopted Livermore tariff rates for Crane Ridge Mutual customers, and that the service area for the Livermore District be extended to encompass the existing boundary of Crane Ridge Mutual. Crane Ridge Mutual customers will be subject to the tariff schedules applicable to Cal Water's Livermore District customers and would be part of Livermore for both operational and ratemaking purposes.

Background

Cal Water filed Advice Letter 2343 on June 21, 2019 to request approval to acquire Crane Ridge Mutual Water Company.

Crane Ridge Mutual and Cal Water have had a Water Operation Agreement since April 1, 1997, and recently signed an agreement for Cal Water to purchase the water system, subject to Commission approval. Crane Ridge Mutual serves approximately 26 residential customers and 1 non-residential customers in unincorporated areas of Livermore. The agreement states a purchase price of \$1 for the water system assets and, therefore, Cal Water is not requesting a premium over existing Crane Ridge Mutual rate base.

Discussion

Per D.99-10-064, in event of an acquisition of mutual and publicly owned water systems:

4.01 Section 852 and 854 of the Public Utilities Code. The parties agree that neither Section 852 nor Section 854 of the Public Utilities Code requires a privately-owned utility to obtain authorization from the Commission before acquiring a publicly-owned utility.

4.02 Filing of Rates. The parties agree that the acquiring utility should be authorized to file an advice letter placing into effect the existing rates of its adjacent or nearby water system, the acquired system's rates, or rates lower than either.

4.03 Notice. Notice of a proposed acquisition should be given to all affected customers at the time when any advice letter or application is filed with the Commission. Additionally, the notice should contain a comparison of the rates before the acquisition and for the first year after the acquisition and identify any cost, including a reasonable return, not fully reflected in the first year's rates. With respect to the acquisition of a water system of a municipality, similar notice should be given to all affected customers prior to any election.

In 1997 when Crane Ridge and Cal Water signed the Operation Agreement, Crane Ridge customers were billed at the same rates as Cal Water's Livermore customers with an additional monthly surcharge of \$17.50 surcharge. This surcharge has increased at the same percentage rate that the rates of the Livermore District have changed. Upon acquisition, the additional surcharge will cease, Crane Ridge customers will be subject to Livermore's existing tariffs, and Crane Ridge customers will experience a lower bill.

While Cal Water has plans for infrastructure improvements that will impact the newly acquired customers, Cal Water anticipates filing the proposed capital projects in its next General Rate Case (GRC) for it to undergo full CPUC review. Until then, Cal Water will continue to bill these customers as Livermore customers.

Requested Effective Date

Under General Order 96-B, Water Industry Rule 7.3.2, paragraphs (1) and (8), this is considered a Tier 1 advice letter. All rate components will match existing Livermore District rates. Cal Water requests an effective date of February 13, 2020.

Notice

Customer Notice – Per D. 99-10-064, a notice regarding the proposed acquisition will be provided to all affected customers and will compare rates before and after the acquisition for the first year. Crane Ridge Customers have been noticed by mail.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of AL 2343-A was mailed or electronically transmitted on **February 13, 2020** to competing and adjacent utilities, and other utilities or interested parties having requested such notification.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:

E-mail nwales@calwater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408/367-8200.

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS

- Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply. The fire sprinkler rate for a qualifying 1-inch meter shall be the 5/8 x 3/4-inch meter service charge plus a \$2.50 surcharge per month.
- All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
- Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
- Water Expense Increase:** Beginning on or after February 1, 2020, an increase in purchased water costs of \$0.1038/CCF for Tier 1 usage, \$0.1105/CCF for Tier 2 usage, and \$0.1326/CCF for Tier 3 usage, and an associated increase in total revenue of 1.9% (relative to the costs and revenues approved in AL 2327-A) are being tracked in a balancing account as required by Section 792.5 of the Public Utilities Code.
