

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE

SAN FRANCISCO, CA 94102-3298

May 3, 2021

Natalie Wales
Director of Regulatory Policy & Compliance
California Water Service Co.
1720 North First St
San Jose, CA 95112-4598

Dear Ms. Wales,

The Commission has approved California Water Service Company's Advice Letter No. 2395, filed on December 18, 2020, regarding 2021 Escalation Increases and Sales Reconciliation Mechanism (SRM) Adjustments.

Resending with effective date changed to 01/01/2021.

Enclosed are copies of the following revised tariff sheets, effective January 1, 2021, for the utility's files:

P.U.C. Sheet	
No.	Title of Sheet

December 18, 2018

Advice Letter No. 2395

To The Public Utilities Commission of the State of California:

California Water Service Company (Cal Water) hereby transmits for filing the changes in its tariff schedules shown on **Attachment 2** for all districts listed below.

Summary

This advice letter requests approval of increases that were approved in Decision (D.) 20-12-007 for Escalation Year 2021 in the following areas: **Bay Area Region, Bakersfield, Bear Gulch, Dominguez, East Los Angeles, Livermore, Los Altos, Marysville, Oroville, Salinas Valley Region (formerly Monterey Region), Visalia, Westlake, and Willows**. This advice letter is timely due to the extension of time granted by Executive Director Rachel Peterson on December 14, 2020 (see **Attachment 1**).¹

In addition, recent consumption patterns in some areas have triggered the Sales Adjustment Mechanism (SRM). The water sales assumptions that underpin rates have therefore been adjusted in accordance with the SRM requirements in the following areas: **Bakersfield, Dominguez, East Los Angeles, Kern River Valley, Selma, Stockton, and Westlake**.

Cal Water is requesting an effective date of **January 1, 2021** for these increases. However, due to the delay in resolving Cal Water's General Rate Case (A.18-07-001), Cal Water is requesting an implementation date (when customers will start seeing the rate changes on their bills) of **February 1, 2021** for this and other rate changes authorized in D.20-12-007. This will provide the Commission with additional processing time to review those rate changes before customer bills are changed.²

Background

The Commission adopted the following Ordering Paragraphs in D.20-12-007:

1. The joint motion to adopt the Settlement Agreement of California Water Service Company and Public Advocates Office (attached hereto as Attachment 1) is granted. The Settlement Agreement is approved and adopted.

¹ On December 14, 2020, Executive Director Rachel Peterson granted Cal Water's request to file Tier 1 advice letters for escalation year 2021 rates by December 31, 2020 rather than 45 days before the effective date (the deadline for escalation filings established in D.07-05-062, page A-19), which would have been November 15, 2020.

² Since January 1, 2020, customers bills have been charged "Interim Rates" due to the delay in the case. In this advice letter, Cal Water proposes that these Interim Rates continue for the month of January 2021. The difference between the Interim Rates and the final rates authorized by the Commission would be captured in the 2018 GRC Interim Rate Memorandum Account, and trued up at a later date.

5. For Test Year 2020, within 60 days of the effective date of this decision, California Water Service Company shall file Tier 1 advice letters with revised tariff schedules in compliance with this decision for each of its districts and rate areas considered in this proceeding, consistent with the adopted rates for each rate area as illustrated in the attached Appendices A through X. This filing shall be subject to approval by the Commission's Water Division.

6. For escalation years 2021 and 2022, California Water Service Company shall file Tier 1 advice letters, in conformance with General Order 96-B and the Revised Water Rate Case Plan (Decision 07-05-062), proposing new revenue requirements and corresponding revised tariff schedules in each rate district and rate area in this proceeding, consistent with the adopted estimated rates for each rate area as illustrated in the attached Appendices A through X. This filing shall be subject to approval by the Commission's Water Division.

7. The advice letters shall follow the escalation procedures set forth in the Revised Rate Case Plan for Class A Water Utilities adopted in Decision 07-05-062 and shall include supporting workpapers. California Water Service Company shall file for rate reduction due to negative rate base growth, inflation factors, or customer growth. The revised tariff schedules shall take effect on January 1, 2021 and January 1, 2022, respectively, and apply to services rendered on and after their effective dates. The proposed revised revenue requirements and rates shall be reviewed by the Commission's Water Division. The Water Division shall inform the Commission if it finds that the revised rates do not conform to the Revised Rate case Plan, this decision, or other Commission decisions, and if so, reject the filing.

33. California Water Service Company is authorized to incorporate into the calculation of new rates any revenue requirement changes approved by the Commission after the July 2, 2018 filing of its application, and to notify customers of such changes via a bill insert utilizing language like that specified in the Settlement Agreement approved herein.

In addition, D. 20-12-007 continued the Sales Adjustment Mechanism (SRM) that provides for a rate adjustment in Years 2 and 3 if the actual sales volume for a ratemaking area is lower or higher than five percent of the adopted value for that ratemaking area.

Discussion

In this advice letter, Cal Water is requesting approval to implement new rates that are consistent with the above Ordering Paragraphs of D.20-12-007. In addition, D.20-12-007 continued the Sales Adjustment Mechanism (SRM) that provides for a rate adjustment in Years 2 and 3 if the actual sales volume for a ratemaking area is lower or higher than five percent of

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2395, 2021 Escalation Increases and SRM Adjustments

Page 4

the adopted value for that ratemaking area. Finally, Cal Water proposes to add a special condition to the Kern River Valley District tariff that was inadvertently omitted.

In the first customer bills with new rates, Cal Water will include the explanatory language required by Ordering Paragraph 33.

Escalation Year 2021 Rates

The ratemaking areas in the table below have pro-forma rates of return for the twelve-month period through September 30, 2020 that make them eligible to receive an escalation increase in full or in part.

Cal Water has calculated the increased revenue requirements using inflation factors provided by the Public Advocates Office's (Cal PA's) energy cost of service branch and other provisions of D.20-12-007 in the table below. Any over- or under- collection from adopted revenue requirements related to commercial quantity rates will be tracked in the WRAM balancing account and are subject to the provisions of D.08-02-036.

Commission staff has been furnished copies of the detailed work papers showing the rates of return on rate base for the current twelve-month period based upon recorded data. Pro-forma rates of return for the twelve-month period through September 30, 2020 are shown below.

2021 Escalation Increase and SRM Adjustment Request									
Summary (in \$1000s)

*2018 GRC Adopted + Offsets

**Step Revenue Increase

***Including PWO

Water Revenue Adjustment Mechanism and Modified Cost Balancing Account (WRAM/MCBA)

In order to properly implement the WRAM/MCBA mechanism first adopted in D.08-02-036 and continued in all subsequent GRCs, Cal Water proposes a modified Preliminary Statement M for each ratemaking area based on Rate Case Plan guidelines and reflecting the quantities and rate design proposed in this filing.

Sales Reconciliation Mechanism (SRM) Adjustments

When actual sales vary from adopted sales by more than 5%, the SRM is triggered, and rates are recalculated that reflect two changes. The SRM was triggered in the following ratemaking areas: **Bakersfield, Dominguez, East Los Angeles, Kern River Valley, Selma, Stockton, and Westlake.**

To recalculate rates for 2021 in accordance with the SRM, sales are first adjusted to reflect one-half of the total variation from adopted sales. Second, for the purposes of the SRM adjustment, an alternate revenue requirement is calculated that incorporates the change in production costs caused by having a change in sales.

The alternate revenue requirement is used solely to calculate the rates in this advice letter. The revenue requirement generated from the escalation filing, which is calculated in accordance with the rate case plan, is the revenue that Cal Water is proposing that the Commission adopt. Cal Water is not requesting to adopt the alternate revenue requirement as the new revenue requirement level, or to adopt the modified production costs as new values for purposes of the Preliminary Statement M.

Rate Design Adjustments

Generally, when Cal Water files an advice letter to request a change in revenue without a change in the number of customers or consumption, Cal Water has layered the incremental change on top of existing rates. For example, if the revenue change is 2%, existing rates can be changed by 2%. In this advice letter, however, when consumption levels are changing due to the SRM, the layering method would not generate accurate rates. Cal Water is requesting to modify the rate design to recalculate rates by taking the entire revenue requirement and redistributing it based on modified consumption and customer number. While Cal Water is requesting to modify the rate design, which would change the proposed rates, Cal Water is not requesting a change to the Preliminary Statement M.

Kern River Valley – Special Conditions for SDWBA New Connection Fees

Cal Water has determined that special conditions originally included in the tariffs for the Squirrel Mountain and Kernville areas when they were owned by the Kern River Valley Water Companies (fully held by the Dominguez Water Company) have been erroneously omitted from Cal Water's current Kern River Valley tariff. See **Attachment 2** for the original tariffs. The special conditions established "catch-up" fees to fund outstanding Safe Drinking Water Bond Act loans when new service to a previously-undeveloped premise is requested. In this advice letter, Cal Water proposes to remedy this oversight. This kind of special condition is already applicable to certain

areas in Cal Water's Bay Area Region. In an attempt to provide the greatest clarity the additional special condition proposed for the Kern River Valley tariff in this advice letter combines language from both the original tariff and the Bay Area Region tariff.

Requested Effective Date

Under General Order 96-B, Water Industry Rule 7.3.1, as modified by Resolution W-4664 this is a Tier 1 advice letter with a requested **effective date of January 1, 2021** with an **implementation date of February 1, 2021**. The effectiveness is subject to refund pending the Commission staff's determination that the filing complies with the standard practice and the proposed rate design is equitable and correctly calculated.

Notice

Customer Notice – Notices of the surcharges and credits in this advice letter will be provided as a bill message on the first bill to impacted customers.

Service List – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted **electronically** on **December 18, 2020**, to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). ***Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically. If applicable, paper copies will be distributed when administrative staff are able to return to company offices***

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2395, 2021 Escalation Increases and SRM Adjustments

Page 7

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
Fax 408-367-8430 or
E-mail nwales@calwater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408/367-8200.

**Letter Granting Extension of Time
to Comply with D.20-12-007**

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE
SAN FRANCISCO, CA 94102-3298

December 14, 2020

File No.: A.18-07-001

Natalie D. Wales, Esq.
Director, Regulatory Policy & Compliance
California Water Service Company
1720 North First Street
San Jose, CA 95112

RE: Executive Director's Extensions of Time to Comply with Decision 20-12-007

Dear Ms. Wales:

On October 30, 2020, California Water Service Company (Cal Water) submitted a request seeking extensions of time to comply with certain filing requirements, which were later affected by Ordering Paragraphs (OPs) 6 through and including 9 of Decision (D.) 20-12-007. Those Ordering Paragraphs relate, respectively, to the deadlines to file advice letters for the escalation rates for 2021, the Low-Income Ratepayer Assistance Surcharge and the Rate Support Fund.

We recognize that D.20-12-007 was just issued on December 3, 2020, and OPs 6 and 7 of that decision require Cal Water to submit Tier 1 advice letters for escalation year 2021 rates "no less than 45 days prior to the first day of the escalation year" which is now not possible, considering January 1, 2021 is less than 45 days away. In the same decision, OP 8 requires Cal Water to file a Tier 1 advice letter adjusting the Low-Income Ratepayer Assistance Surcharge "within 45 days of the effective date of this decision," whereas your company would ordinarily have filed such a letter on October 31, 2020 which has passed. Finally, we recognize that OP 9, concerning the Rate Support Fund, incorporates the partial Settlement Agreement which itself modifies elements of the Rate Support Fund program that affect calculation of the surcharge, and thereby nullifies Cal Water's October 31, 2020 calculation of the surcharge. That, in turn, now requires Cal Water to request an extension to December 31, 2020 to recalculate the surcharge.

Good cause being shown, Cal Water's requested extensions of time to comply with certain filing requirements are granted, and Cal Water is authorized with extensions to comply with OPs 6 through and including 9 of D.20-12-007, as follows:

1. The deadline for filing Tier 1 advice letters for escalation year 2021 rates is extended from November 15, 2020 to December 31, 2020,
2. The deadline for a Tier 1 advice letter to adjust the Low-Income Ratepayer Assistance Surcharge is extended from October 31, 2020 to 45 days after the effective date of D.20-12-007, and
3. The deadline for a Tier 1 advice letter reporting on Cal Water's Rate Support Fund program is extended from October 31, 2020 to December 31, 2020.

Natalie D. Wales, Esq.

December 14, 2020

Page 2

Pursuant to Rule 16.6 of the Commission's Rules of Practice and Procedure, Cal Water shall promptly inform all parties to Application 18-07-001 of the extensions granted herein and shall state in the opening paragraph of the document that the Executive Director has authorized the extensions.

Sincerely,

A solid black rectangular box used to redact the signature of Rachel Peterson.

Rachel Peterson
Acting Executive Director

Kern River Valley Water Company Tariffs for Squirrel Mountain and Kernville

KERN RIVER VALLEY WATER COMPANIES
SQUIRREL MOUNTAIN SERVICE AREA

(N)

Schedule No. SQ-3

STATE BOND ACT LOAN FEE FOR UNDEVELOPED LOTS

APPLICABILITY

1. Applicable to undeveloped lots within the service area of the Community of Squirrel Mountain and vicinity as of the effective date of Decision 94-11-007, dated November 9, 1994

TERRITORY

The community of Squirrel Mountain and vicinity, Kern County.

RATES

A service fee to provide for reduction of the SDWBA loan surcharges is chargeable to customers requesting future services to vacant and undeveloped lots.

The amount of the service fee shall be equal to the accumulated total of the monthly surcharge provided for in Schedule No. SQ-1, which would have been applicable to such lot from the effective date of Decision 94-07-023 until the date of connection, not to exceed \$1,000. The owner of the vacant or undeveloped lot shall make a lump sum payment of this accumulated service fee upon connection and thereafter shall pay the monthly surcharge. The aggregate of all such fees shall be credited to the balancing account. The surcharge authorized by the Commission, as contained in the Utility's filed tariffs, will apply thereafter.

The monthly surcharge established by the California Public Utilities Commission in Decision 94-11-007 is subject to periodic adjustment. The calculation of the accumulated surcharges shall take into account such periodic adjustments.

KERN RIVER VALLEY WATER COMPANIES
KERNVILLE SERVICE AREA

Schedule No. KD-3

(T)

STATE BOND ACT LOAN FEE FOR UNDEVELOPED LOTS

APPLICABILITY

1. Applicable to undeveloped lots within the service area of the Community of Kernville and vicinity as of the effective date of Decision 83-06-094, dated June 29, 1983.

TERRITORY

The community of Kernville and vicinity, Kern County.

RATES

A service fee to provide for reduction of the SDWBA loan surcharges is chargeable to customers requesting future services to undeveloped lots.

The service fee shall be the accumulated total of the monthly surcharge provided for in Schedule No. KD-1, as applied to the property being furnished water service from the effective date of Decision 83-06-094 to the date of the connection. The maximum service fee shall be \$1,000. The service shall be due and payable upon connection of water service to the lot. The surcharge authorized by the Commission, as contained in the Utility's filed tariffs, will apply thereafter.

The monthly surcharge established by the California Public Utilities Commission in Decision 83-06-094 is subject to periodic adjustment. The calculation of the accumulated surcharges shall take into account such periodic adjustments.

RESIDENTIAL METERED SERVICE

Page 1

Note: On January 1, 2017, the rates of the Bayshore District and the Redwood Valley District were consolidated. The resulting district is the "Bay Area Region."

APPLICABILITY:

Applicable to all metered water service provided to single-family residential customers.

TERRITORY (see special conditions for area details):

Bayshore Service Area

Redwood Valley - Coast Springs Service Area

Redwood Valley - Lucerne Service Area

Redwood Valley - Unified Service Area

RATES

1 CCF is 100 cubic feet (748 gallons)

Quantity Rates:

For 1 - 7 CCF, per CCF	\$5.8741	(R)
For 8 to 10 CCF, per CCF	\$7.3412	(I)
For over 10 CCF, per CCF	\$11.0089	(I)

Service Charge:**Per Meter Per Month**

For	5/8 x 3/4 - inch meter	\$21.26	(I)
For	3/4 - inch meter	\$31.89	
For	Fire Sprinkler w/1-inch meter	\$22.11	
For	1 - inch meter	\$53.15	
For	1-1/2 - inch meter	\$106.30	
For	2 - inch meter	\$170.08	
For	3 - inch meter	\$318.90	
For	4 - inch meter	\$531.50	
For	6 - inch meter	\$1,063.00	
For	8 - inch meter	\$1,700.80	
For	10 - inch meter	\$2,444.90	
For	12 - inch meter	\$3,507.90	
For	14 - inch meter	\$4,783.50	(I)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS (continued)

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
5. **Capacity Surcharge for RWV-Coast Springs:** Monthly bills with usage at and above 5 CCF will include a monthly capacity surcharge of \$20.00 per CCF
6. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area:
Coast Springs (D.06-04-031) and **Lucerne** (D.89-09-002).

	RWV-Coast Springs	RWV-Lucerne
	SDWBA	SDWSRF
	<u>Per Meter Per Month</u>	<u>Per Meter Per Month</u>
For 5/8 x 3/4 - inch meter	\$10.48	\$18.01
For 3/4 - inch meter	\$15.73	\$27.02

SPECIAL CONDITIONS (continued)

7. **Safe Drinking Water Service Fee for New Service in Lucerne:** The amount of the SDWSRF (Safe Drinking Water State Revolving Fund) Service Fee for New Service in Lucerne shall be equal to the accumulated total of the monthly surcharge that would have been applicable to such service from the effective date of surcharge implementation, until the date of the new service. The accumulated Service Fee shall not exceed the maximum charges listed in the table below and shall only apply to previously unserved lots. The effective date for the SDWSRF Service Fee for new lots is January 11, 2010.

		<u>Maximum SDWSRF</u> <u>Surcharge For New Service</u>
For	5/8 x 3/4 - inch meter	\$2,000.00
For	3/4 - inch meter	\$2,000.00
For	Fire Sprinkler with 1 - inch meter	\$2,000.00
For	1 - inch meter	\$2,000.00
For	1-1/2 - inch meter	\$2,000.00
For	2 - inch meter	\$2,000.00
For	3 - inch meter	\$2,000.00
For	4 - inch meter	\$2,000.00
For	6 - inch meter	\$2,000.00
For	mobile home park space	\$2,000.00

8. **Bi-monthly Billing:** The established billing cycle for the following areas is **bi-monthly** (every other month):
 In **RWV-Coast Springs**, in **RWV-Lucerne**, and in the following areas in RWV-Unified: **Armstrong, Noel Heights, and Rancho Del Paradiso**. (All areas except for Bayshore and the Hawkins area of RWV-Unified.)

9. **Annual Service Charges in RWV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)**
 The annual service charge applies to service during the twelve-month period commencing July 1, and is due in advance. If a permanent resident of the area has been a customer of the utility for at least twelve months, he may elect at the beginning of each year to pay prorated service charges in advance at intervals of less than one year in accordance with the utility's established billing cycle.

RESIDENTIAL METERED SERVICE

Page 5

SPECIAL CONDITIONS (continued)

(L)

10. Opening Bill for Metered Service in RWV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)

The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth ($1/365$) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.

11. New Service in RWV-Coast Springs

Applicants requesting water service that would cause the Coast Springs water system to exceed 250 service connections, or such higher number of connections as DHS may subsequently allow under Coast Springs water system's domestic water supply permit, will be placed on a waiting list. Once additional service connections become available, applicants on the waiting list will be notified in the order they were received. Any previously accepted application for water service in the Coast Springs water system will be revoked if proof of a valid building permit is not provided within 18 months of acceptance of the application for water service or March 17, 2003, whichever is later. Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

12. Exemption for Saint Anthony's Monastery in RWV-Coast Springs

Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony's Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.

SPECIAL CONDITIONS

1. Bayshore Service Area:

South San Francisco and vicinity, San Mateo, and San Carlos and vicinity, in San Mateo County.

Redwood Valley- Coast Springs Service Area:

Dillon Beach and vicinity, located approximately 4 miles west of Tomales, Marin County.

Redwood Valley- Lucerne Service Area:

The community of Lucerne in Lake County.

Redwood Valley- Unified Service Area:

- Armstrong Service Area - The unincorporated community of Armstrong, Woods Valley, Lone Mountain Subdivision and vicinity, located approximately 1.5 miles north of the City limits of Guerneville, Sonoma County.
- Hawkins Service Area: Broadmoor Acres Subdivision and vicinity near the intersection of Stony Point Road Yuba Drive, Santa Rosa, Sonoma County.
- Noel Heights Service Area: The unincorporated area known as Noel Heights Subdivision, located on the east side of State Highway 116, approximately 2.5 miles southeasterly of the Guerneville City limits, Sonoma County.
- Rancho Del Paradiso Service Area: The unincorporated area known as Rancho Del Paradiso Subdivision near Duncan Mills, Sonoma County.

2. Qualifying non-profit group living facilities, agricultural employee housing facilities, and migrant farm worker housing centers are eligible for credits as shown on **Schedule LIRA**.

3. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

4. **Capacity Surcharge for RWV-Coast Springs:** Monthly bills with usage at and above 5 CCF will include a monthly capacity surcharge of \$20.00 per CCF.

SPECIAL CONDITIONS (continued)

5. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area: **Coast Springs** (D.06-04-031) and **Lucerne** (D.89-09-002).

	RWV-Coast Springs	RWV-Lucerne
	SDWBA	SDWSRF
	Per Meter Per Month	Per Meter Per Month
For 5/8 x 3/4 - inch meter	\$10.48	\$18.01
For 3/4 - inch meter	\$15.73	\$27.02
For 1 - inch meter	\$26.21	\$45.03
For 1-1/2 - inch meter	\$52.42	\$90.06
For 2 - inch meter	\$83.87	\$144.10
For 3 - inch meter	\$157.25	\$270.19
For 4 - inch meter	\$262.09	\$450.31
For 6 - inch meter		\$900.63

6. **Safe Drinking Water Service Fee for New Service in Lucerne:** The amount of the SDWSRF (Safe Drinking Water State Revolving Fund) Service Fee for New Service in Lucerne shall be equal to the accumulated total of the monthly surcharge that would have been applicable to such service from the effective date of surcharge implementation, until the date of the new service. The accumulated Service Fee shall not exceed the maximum charges listed in the table below and shall only apply to previously unserved lots. The effective date for the SDWSRF Service Fee for new lots is January 11, 2010.

	<u>Maximum SDWSRF Surcharge</u>	<u>For New Service</u>
For 5/8 x 3/4 - inch meter		\$2,000.00
For 3/4 - inch meter		\$2,000.00
For 1 - inch meter		\$2,000.00
For 1-1/2 - inch meter		\$2,000.00
For 2 - inch meter		\$2,000.00
For 3 - inch meter		\$2,000.00
For 4 - inch meter		\$2,000.00
For 6 - inch meter		\$2,000.00
For mobile home park space		\$2,000.00

Schedule No. BAR-1-NR
Bay Area Region
NONRESIDENTIAL METERED SERVICE

Page 4

SPECIAL CONDITIONS (continued)

7. **Bi-monthly Billing:** The established billing cycle for the following areas is bi-monthly (every other month):

In **RWV-Coast Springs**, in **RWV-Lucerne**, and in the following areas of RWV-Unified: **Armstrong, Noel Heights, and Rancho Del Paradiso.**

(All areas except for Bayshore and the Hawkins area of RWV-Unified.)

8. **Annual Service Charges in RWV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)**

The annual service charge applies to service during the twelve-month period commencing July 1, and is due in advance. If a permanent resident of the area has been a customer of the utility for at least twelve months, he may elect at the beginning of each year to pay prorated service charges in advance at intervals of less than one year in accordance with the utility's established billing cycle.

9. **Opening Bill for Metered Service in RWV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)**

The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth ($1/365$) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.

10. **New Service in RWV-Coast Springs**

Applicants requesting water service that would cause the Coast Springs water system to exceed 250 service connections, or such higher number of connections as DHS may subsequently allow under Coast Springs water system's domestic water supply permit, will be placed on a waiting list. Once additional service connections become available, applicants on the waiting list will be notified in the order they were received. Any previously accepted application for water service in the Coast Springs water system will be revoked if proof of a valid building permit is not provided within 18 months of acceptance of the application for water service or March 17, 2003, whichever is later. Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

4. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.5% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the West Basin Municipal Water District and the Water Replenishment District of Southern California. This caused quantity rates to go up by the following amounts: \$0.0810/CCF for Tier 1 usage, \$0.1013/CCF for Tier 2 usage, and \$0.1521/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.61.

3. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.5% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the West Basin Municipal Water District and the Water Replenishment District of Southern California. This caused quantity rates to go up by \$0.1031/CCF. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.53. (N)

Kern River Valley Tariff AreaGENERAL METERED SERVICE

SPECIAL CONDITIONS (continued)

6. Bodfish Water Service Area:

In the event that a customer terminates service under this schedule and reinstates service at the same location within 12 months, there will be a reconnection charge equal to the minimum charge which would have been billed had the customer not terminated service.

7. **Safe Drinking Water Service Fee - for New Service in Squirrel Mountain and Lakeland:**

A service fee to provide for the reduction of the SDWBA (Safe Drinking Water Bond Act) loan is chargeable to customers requesting future services to vacant and undeveloped lots in the Squirrel Mountain and Lakeland areas of the Kern River Valley District.

The amount of the New Service Fee will be equal to the accumulated total of the monthly surcharge that would have been applicable to such lot from the effective date of Decision 94-07-023, until the date of the new service, up to a maximum amount of \$1,000. The aggregate of all such fees shall be credited to the balancing account. Thereafter, the SDWBA surcharge authorized by the Commission for current customers in these areas, as contained in the approved tariff schedules, will apply.

		Resolution _____

Schedule No. LV-1-R
Livermore Tariff Area
RESIDENTIAL METERED SERVICE

Page 2

SPECIAL CONDITIONS

1. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
4. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.3% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by Zone 7 of the Alameda County Flood Control and Water Conservation District. This caused quantity rates to go up by the following amounts: \$0.0635/CCF for Tier 1 usage, \$0.0793/CCF for Tier 2 usage, and \$0.1188/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.84.

Selma Tariff Area**RESIDENTIAL METERED SERVICE****SPECIAL CONDITIONS (continued)**

3. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
4. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
5. **Groundwater surcharge (Year Five: January 1, 2021 – December 31, 2021): \$0.2329 per CCF** (C)
Under the Cooperative Agreement between the City of Selma and the Consolidated Irrigation District, the surcharge identified above will be applied to bills on a monthly basis. Authorized by Decision 15-03-003 and Advice Letter 2392, the collected amounts (C) will be provided to the City of Selma for groundwater replenishment activities. The total annual groundwater fees due under the Cooperative Agreement will be increased over the first 8 years.

RESIDENTIAL FLAT RATE SERVICE

Page 1

APPLICABILITY

Applicable to all flat rate residential water service.

TERRITORY

Selma and vicinity, Fresno County.

RATES

For a single-family residential unit, including premises having the following areas:

Per Service Connection
Per Month

6,000 sq. ft., or less	\$68.04	(I)
6,001 to 10,000 sq. ft.	\$82.70	(I)
10,001 to 16,000 sq. ft.	\$102.28	(I)
16,001 to 25,000 sq. ft.	\$129.91	(I)
For each additional single-family residential unit on the same premises and served from the same service connection	\$51.00	(I)

SPECIAL CONDITIONS

1. The above flat rates apply to service connections not larger than one inch in diameter.
2. All service not covered by the above classifications shall be furnished only on a metered basis.
3. For service covered by the above classifications, if the utility or the customer so elects, a meter shall be installed and service provided under Schedule No. SL-1-R, Residential Metered Service.
4. This Schedule is closed to all new connections as of January 20, 1992, the effective date of Tariff Sheet 4338-W.
5. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).

Visalia Tariff Area

RESIDENTIAL METERED SERVICE

Page 2

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: Schedule UF (CPUC reimbursement fee) and applicable surcharges and surcredits on Schedule RSF (Rate Support Fund), Schedule LIRA (Low-Income Ratepayer Assistance), and Schedule AS (Additional Surcharges and Surcredits).

3. Fire sprinkler rate: A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

RESIDENTIAL METERED SERVICE

Page 1

APPLICABILITY

Applicable to all metered water service provided to single-family residential customers.

TERRITORY

Westlake Village, in the southern part of Ventura County, within the City of Thousand Oaks and vicinity

RATES

1 CCF is 100 cubic feet (748 gallons)

Quantity Rates:

For 1 - 18 CCF, per CCF	\$4.0455	(R)
For 19 to 33 CCF, per CCF	\$5.1051	(R)
For over 33 CCF, per CCF	\$7.7542	(I)

Service Charge:

Per Meter Per Month

For	5/8 x 3/4 - inch meter	\$29.12	(I)
For	3/4 - inch meter	\$43.68	
For	Fire Sprinkler with 1 - inch meter	\$29.99	
For	1 - inch meter	\$72.80	
For	1-1/2 - inch meter	\$145.60	
For	2 - inch meter	\$232.96	
For	3 - inch meter	\$436.80	
For	4 - inch meter	\$728.00	
For	6 - inch meter	\$1,456.00	
For	8 - inch meter	\$2,329.60	
For	10 - inch meter	\$3,348.80	
For	12 - inch meter	\$4,804.80	
For	14 - inch meter	\$6,552.00	(I)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS

- Any designated reclaimed water customer who refuses reclaimed service shall be subject to an additional charge equivalent to 50% of the current Calleguas Municipal Water District (CMWD) potable water rate. This charge was instituted by Ordinance No. 17 of the CMWD on July 15, 1994, which calculates to \$1.5391/CCF.

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule LIRA** (Low-Income Ratepayer Assistance), and **Schedule AS** (Additional Surcharges and Surcredits).
3. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule LIRA**.
4. **Fire sprinkler rate:** A single-family residence with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
5. **Water Expense Increase:** Beginning on February 1, 2021, rates in this area will reflect a 2.8% revenue increase (as compared to the revenue approved in Advice Letter 2373) due to higher charges imposed by the Calleguas Municipal Water District. This caused quantity rates to go up by the following amounts: \$0.1090/CCF for Tier 1 usage, \$0.1376/CCF for Tier 2 usage, and \$0.2090/CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.80.
