

## PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE

SAN FRANCISCO, CA 94102-3298

August 16, 2021

Natalie Wales  
Director of Regulatory Policy & Compliance  
California Water Service Co.  
1720 North First St  
San Jose, CA 95112-4598

Dear Ms. Wales,

The Commission has approved California Water Service Company's Advice Letter No. 2408, filed on April 6, 2021, regarding 2020 WRAM/MCBA balance amortization for all Class A areas except Travis.

Enclosed are copies of the following revised tariff sheets, effective April 15, 2021, for the utility's files:

<b>P.U.C. Sheet</b>	
<b>No.</b>	<b>Title of Sheet</b>
12592-W	Schedule No. AS, Additional Surcharges/Surcredits, Page 1

**Advice Letter No. 2408**

To the California Public Utilities Commission:

California Water Service Company ("Cal Water") respectfully submits this Tier 1 advice letter requesting authority to make the changes in its tariff as described below.

***Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

12594-W	Table of Contents Page 1	TOC 1	12591-W

**Summary**

This advice letter complies with the requirement to address the balances in the the Water Revenue Adjustment Mechanism and Modified Cost Balancing Accounts ("WRAM/MCBA") for all Class A except Travis (which does not have a WRAM/MCBA). Accordingly, Cal Water requests WRAM/MCBA amortization for the following areas: Antelope Valley, Bakersfield, Bay Area Region, Bear Gulch, Chico, Dixon, Dominguez, East Los Angeles, Hermosa-Redondo, Kern River Valley, Livermore, Los Altos, Marysville, Oroville, Salinas Valley Region, Selma, Stockton, Visalia, Westlake, and Willows.

Cal Water requests an effective date of **April 15, 2021** for the WRAM surcharges/credits proposed in this Tier 1 filing.

**Background**

On February 28, 2008, the Commission issued D.08-02-036, which in part adopted a WRAM Settlement Agreement between Cal Water, DRA, and TURN filed on June 15, 2007.

This advice letter filing proposes to respond to the following provisions of the WRAM Settlement Agreement (adopted in Ordering Paragraph 1 of D.08-02-036):

IX.3) Parties agree that, in each district, the balance in the WRAM will offset the balances in the MCBAs in the following manner:

- a. Reporting Requirements: By April 1<sup>st</sup> of each year, Cal Water will provide the Water Division (with a copy to DRA) with a written report on the status of the WRAM and MCBAs as described herein.
- b. WRAM: The written report will include a section on the WRAM in each district showing the revenue over- or under-collection with respect to the Actual (or recorded) water sales as of December 31<sup>st</sup> of the preceding calendar year. Differences between Actual Revenues and Adopted Revenues will be tracked in the WRAM and accrue interest at the 90 day commercial paper rate.
- c. MCBA: The written report will include a section on the MCBA's in each district comparing Actual MCBA Costs with Adopted MCBA costs as of December 31<sup>st</sup> of the preceding calendar year. Differences between Actual Costs and Adopted Costs will be tracked in the MCBAs and accrue interest at the 90-day commercial paper rate.
- d. If this report shows that the combined over- or under-collection for the WRAM or the MCBAs in any district exceed 2.5% of the district's total recorded revenue requirement for the prior calendar year, Cal Water will file an advice letter within 30 days that amortizes the balance in both of the accounts in the district.

### **Standard Compliance Issues**

Differences from Preliminary Statement M: The adopted revenues shown on the Preliminary Statement M for each ratemaking area identify forward-looking annual revenues. This annual true-up submission addresses adopted revenue from the last calendar year. In order to have a comparison of the correct time frame, Cal Water booked the adopted revenues pro-rated for each advice letter's effective date. As a result of this pro-ration, the adopted revenue shown in Cal Water's report is different than the amount in the Preliminary Statement M.

MCBA Issues: The net WRAM and MCBA balance is allocated 100% to metered customers. The MCBA balance previously applied to both flat-rate and metered customers. However, per Advice Letter 2357-A, Cal Water is authorized to eliminate the MCBA charge and credit to flat rate customers, effective for WRAM/MCBA balances incurred starting 1/1/2020. In particular, the following paragraph, which was originally in Preliminary Statement M in Section 6, was eliminated:

- B. In districts with flat rate residential and raw water irrigation customers, Cal Water shall amortize any MCBA balance to ensure that a proportional share of the MCBA recovery or refund is applied to flat rate residential or raw water irrigation customers. Adopted sales for these classes as compared to total adopted sales should be used to determine proportional shares.

The WRAM Settlement Agreement also stipulates that significant changes in water purchases, defined as a change that is greater than 10%, require additional explanations in true-up filings.

**Compliance with D.12-04-048:** In April 2012, the Commission adopted a decision modifying various aspects of the true-up process, in response to changes proposed by Cal Water and other companies. D.12-04-048 allows companies the option to amortize a net balance (positive or negative) that is less than 2% of a ratemaking area's last adopted revenue requirement. If the combined net balance deviates by 2% or more in either direction, however, the company is required to amortize the balance as follows:

Net balances of 2%-5%: 12-month amortization.

Net balances of 5%-15%: 18-month amortization.

Net balances of 15%-30%: an amortization period of between 19 and 36 months.

Net balances over 30%: 36-month amortization.

Furthermore, Ordering Paragraph 3 of D.12-04-048 applies "a cap on total net WRAM/MCBA surcharges of 10% of the last authorized revenue requirement." For Cal Water, this cap begins to apply to WRAM/MCBA balances incurred in calendar year, 2014.<sup>1</sup> The proposed amortizations in this submission are consistent with all of these aspects of D.12-04-048, as discussed below.

**Information-Only WRAM Submission:** On November 30, 2020, Cal Water made an Information-Only filing detailing the WRAM and MCBA data for nine months. This filing includes an updated twelve months of WRAM and MCBA data along with the variance analysis.

## **Discussion**

The workpapers for this filing provide a table detailing the net balances for the WRAM/MCBA accounts for each area as of December 31, 2020. Cal Water is authorized to accrue interest on this balance based on the 90-day commercial paper rate, and to continue to earn interest on the uncollected balance. The amount used to determine the surcredit and surcharge calculation is the net balance on December 31, 2020, plus compounded interest amounts accrued over the duration of the amortization, up to the 10% cap discussed below.

**Balances Included in this Filing:** In addition to the net WRAM and MCBA balances for calendar year 2020, Cal Water proposes including the following:

- (1) WRAM/MCBA balances deferred in AL 2380 due to the impacts of the COVID-19 pandemic.
- (2) Uncollected revenue from the existing surcharges for the 2018 and 2019 true-up balances due to sales decline; and
- (3) Over/under-collected balances from the 2016, 2017, and 2018 true-ups where the billing stopped after the specified amortization period.
  - a. Cal Water receives Commission authority to amortize accounts over a specific time period. Cal Water's billing system then implements the surcharge or credit for the given duration. When the system stops billing the surcharge or credit, there will be

---

<sup>1</sup> OP 3 states that "WRAM/MCBA account balances incurred prior to calendar year, 2014, continue to be amortized under the adopted amortization schedule without being subject to the surcharge cap." D.12-04-048 on p.42.

an under-collected or over-collected balance due to deviations in actual sales from adopted sales. These balances are different from those described in Item (1), above. While Item (1) addresses under/over-collected revenues associated with existing surcharges and credits, Item (2) addresses under/over-collected revenues associated with surcharges and credits that have already stopped.

- (4) The deferred WRAM/MCBA balances for those districts that exceeded the 10% cap limitation in the 2020 filing for WRAM/MCBA balances incurred in 2019 and earlier. These districts were Chico, Dixon, Hermosa Redondo, Kern River Valley, Livermore, Selma, and Redwood Valley-Lucerne.

Ten Percent Cap on WRAM Recovery: The 10% cap established in Ordering Paragraph 3 of D.12-04-048 compares the net WRAM/MCBA balances sought for amortization to the last authorized revenue requirement. Amounts above the cap must be deferred for later recovery. Applying the 10% cap to the balances incurred through the end of 2020 results in WRAM/MCBA deferrals for the following areas: Dominguez, East Los Angeles, Livermore, and Stockton.

Los Angeles County Region: Effective January 1, 2017, the Antelope Valley and Palos Verdes Districts were consolidated into the Los Angeles County Region (LA Region) with one revenue requirement. This filing establishes different WRAM/MCBA surcharges for Antelope Valley customers and Palos Verdes customers for the reasons described below.

Effective January 1, 2020, D.20-12-007 established a methodology so that the costs of the Palos Verdes Peninsula Water Reliability Project (PVPWRP), the largest capital project in Cal Water's history (at approximately \$100 million in capital costs) that provides benefits directly to what was formerly the Palos Verdes District, are only applied to customers in that area.<sup>2</sup>

D.20-12-007 also established a methodology to calculate WRAM/MCBA surcharges that reflects this split in cost allocation. The surcharges in this advice letter reflect that methodology, described in the settlement adopted in D.20-12-007 as follows:

The WRAM/MCBA surcharges/surcredits will be calculated separately for LAR and the Pipeline. The Pipeline's adopted WRAM revenues will be based on the rate base offset filing, and the "actual" WRAM revenues will be an allocation of total actual WRAM revenues.<sup>131</sup> The resulting surcharges/surcredits for the Pipeline WRAM will then be added to the surcharges/surcredits for the LAR WRAM; the total combined surcharges/surcredits will be assessed solely on Palos Verdes customers ("PV WRAM surcharges/surcredits"). AV customers will receive just the LAR WRAM surcharges/surcredits, which excludes the surcharges/surcredits for the Pipeline WRAM.

---

<sup>2</sup> The methodology includes calculating a revenue requirement and rates for the entire Los Angeles County Region, and a separate revenue requirement and rates just for the PVPWRP. Antelope Valley customers are then charged just the rates associated with the LA Region. The rate tariffs for Palos Verdes customers, however, consist of the sum of the rates for the LA Region and the rates for the PVPWRP.

Footnote 131: The “actual” revenues associated with the PV Pipeline for the Pipeline WRAM will be calculated as follows: (Actual WRAM revenues from the PV and AV tariffs) multiplied by the ratio of (Adopted Pipeline WRAM revenue) to (Adopted LAR WRAM revenues + Adopted Pipeline WRAM revenues).<sup>3</sup>

### **Requested Effective Date**

Under General Order 96-B, Water Industry Rule 7.3.1, as modified by Resolution W-4664, this is a Tier 1 advice letter. The effectiveness is subject to refund pending the Commission staff’s determination that the filing complies with the standard practice and that the surcharge calculations are correct. Cal Water requests an effective date of **April 15, 2021**.

### **Notice**

Customer Notice – Customer notice of Tier 1 advice letters is not required under General Order 96-B, General Rule 7.3.1.

Service List: In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted **electronically** on **April 6, 2021** to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). ***Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically.***

### **Response or Protest**

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

---

**CALIFORNIA WATER SERVICE COMPANY**

Advice Letter 2408, Amortization of 2020 WRAM/MCBA Balance

Page 7

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3<sup>rd</sup> floor  
California Public Utilities Commission,  
505 Van Ness Avenue, San Francisco, CA 94102  
[water\\_division@cpuc.ca.gov](mailto:water_division@cpuc.ca.gov)

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to Cal Water at the following address:

Natalie Wales  
California Water Service Company  
1720 North First Street,  
San Jose, California 95112  
E-mail: [cwsrates@calwater.com](mailto:cwsrates@calwater.com)

Cities and counties requiring Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

**Replies:** The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200, and ask for the Rates Department.

**Schedule No. AS**  
**Additional Surcharges/Surcredits**

Page 1

**1. WRAM/MCBA Surcharges and Surcredits**

The purpose of the Water Revenue Adjustment Mechanisms (WRAMs) and Modified Cost Balancing Accounts (MCBAs) (together, WRAM/MCBA) is to track water revenues and production-related costs as part of a comprehensive conservation framework adopted by the Commission and implemented in 2008. The net balance in a WRAM/MCBA account represents an over-collection or under-collection of the revenues authorized by the Commission.

Each year, the "net" WRAM/MCBA balance for an area is "amortized," meaning that surcharges or credits are applied to customer bills to bring the balance back to zero.

The "WRAM surcharge" for metered customers is a charge that is applied to each 100 cubic feet (or Ccf) of water usage. The "WRAM credit" is a fixed credit that is applied on a monthly basis, and is identified in the table below as a negative number.

	<b>2019 Balance (AL 2378 &amp; 2380)</b>		(C)	<b>2020 Balance (AL 2408)</b>		(C)
