Summary

Cal Water is requesting permission to correct an error in tariff Rule 15. Cal Water inadvertently removed the Facility Fee (also known as a lot fee) for the King City District on page 8 of Rule 15, now requests a tariff change to include the fee.

Discussion

On January 27, 2021, Cal Water Filed AL 2401 to implement tariff changes associated with Cal Water's 2018 GRC resolved in D.20-12-007. In that filing, Cal Water made changes to Rule 15, Page 8, by adding 2 districts, Bayshore and Bear Gulch, to the table listing facilities fees. In the process of making the modifications, the lot fee for King City was removed in error.

This advice letter requests approval to add the previously-approved lot fee for King City back into the table for facilities fees on page 8 of Rule 15.

Requested Effective Date

Cal Water requests an effective date of **September 29, 2021**.

Notice

Customer Notice – Customer notice of Tier 1 advice letters is not required under General Order 96-B, General Rule 7.3.1.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted **electronically** on **September 29, 2021** to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that, consistent with the Commission's guidelines for service during the COVID-19 pandemic, this advice letter is only being distributed electronically.***

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period. The address for mailing or delivering a protest is:
