Advice Letter No. 2431

CALIFORNIA WATER SERVICE COMPANY (U 60 W)

To The Public Utilities Commission of the State of California:

California Water Service Company ("Cal Water") hereby transmits for filing the following changes in its CAP tariff schedules affecting all ratemaking areas except Grand Oaks:

Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically to the Water Division and the attached service lists.

Summary

The purpose of this advice letter filing is to adjust the CAP surcharge for 2022 to recover the CAP Balancing Account forecasted balance (as of December 31, 2021) plus the forecasted CAP subsidy for 2022, consistent with adopted mechanism in the Customer Assistance Program Balancing Account (CAP BA) requiring an annual adjustment and true-up of balances.

Funding for the CAP program is collected through a surcharge applied to the basic water charges on the bills of customers throughout Cal Water that are not enrolled in CAP ("non-CAP customers"). This advice letter would increase the CAP surcharge from 2.148% to 2.155%. Cal Water submits this as a Tier 1 advice letter and requests an effective date of **January 1, 2022**.

Background

As described on page 3 of the tariff "Schedule No. CAP," the CAP surcharge is a percentage applied to the "basic water charges" of non-CAP customers (all customers who are not in the CAP program). "Basic water charges" are defined as the service charge and quantity charges for metered customers, and the flat charge for flat-rate customers, after RSF credits are applied; they do not include any other fees, surcharges, or credits.

The subsidies provided to CAP customers, as well as the surcharges collected from non-CAP

customers, are tracked in Cal Water's Customer Assistance Program Balancing Account ("CAP BA") (Preliminary Statement AJ).

Discussion

This advice letter requests an increase in the CAP surcharge from 2.148% to **2.155%** effective **January 1, 2022**.

The recalculation of the CAP surcharge is based on revenues, consumption amounts, and the number of services adopted for the ratemaking areas in their most recently approved advice letter filing. The numerator for the surcharge is the estimated size of the CAP subsidy needed for January 2022 through December 2022 based on the assumption that the percentage of residential customers enrolled in CAP as of September 2021 will stay constant. The numerator also reflects any balance estimated to be in the CAP Balancing Account at the end of December, 2021.

The denominator for the surcharge is the current Commission-approved revenue from basic water service (quantity rates and service charges) for all customers company-wide, except for CAP customers and private fire protection customers, as indicated in Schedule No. CAP.

Requested Effective Date

Pursuant to Ordering Paragraph 8 of D.20-12-007, this filing is a Tier 1 advice letter and requesting effective date January 1, 2022.

Notice

Customer Notice: This is a compliance advice letter that does not require customer notice, as provided in under Water Industry Rule 3.2 of General Order 96-B.

Service List: In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be electronically transmitted on **November 1, 2021** to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically.***

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;

- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water.division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to Cal Water at the following address:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
E-mail cwsrates@calwater.com

Cities and counties requiring Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200.
