Schedule No. AS
Additional Surcharges/Surcredits

2. Interim Rate Memo Account True-Up (continued)

- B. Customer Assistance Program (CAP) True-Up** – For certain CAP customers who did not receive the full CAP benefit during the Interim Period, a fixed monthly credit will be applied to each service for 12 months.
- C. Private Fire Protection True-Up** – For customers served under the Schedule No. AA-4, a surcharge of \$0.88 per inch of diameter (of the service connection) will be applied monthly for 12 months
- D. Private Fire Protection - Public Purpose Program True-Up** – Customers served under Schedule No. AA-4 did not pay surcharges to fund the CAP and RSF public purpose programs during the Interim Period. Therefore, a surcharge of \$0.45 per inch of diameter (of the service connection) will be applied monthly for 12 months to fund these programs.

Schedule No. LAR-PV-4A

Palos Verdes Tariff Area (Los Angeles County Region)
SERVICE TO PRIVATE FIRE HYDRANTS ON PRIVATE PROPERTY

APPLICABILITY

Applicable to all water service furnished to privately-owned fire hydrants located on private property that are connected to company-owned mains.

TERRITORY

Palos Verdes Estates, Rolling Hills, Rolling Hills Estates. Lomita, Rancho Palos Verdes and vicinity, Los Angeles County.

RATES

Per Month*

For each inch of diameter of service connection

\$3.39

SPECIAL CONDITIONS

1. The fire hydrant service will be installed by the utility or by a construction agency acceptable to it at the cost of the applicant. The cost will not be subject to refund.
2. The relocation, replacement, or enlargement of any hydrant shall be at the expense of the party making such request.
3. The cost of maintenance and repair of hydrants will be borne by the utility.
4. The utility or its authorized agents shall have at all reasonable times the right of ingress to and egress from the customer's premises for any purpose connected with private fire hydrants.
5. The customer shall indemnify the utility and save it harmless against any and all claims arising out of service under this schedule and shall further agree to make no claims against the utility for any loss or damage resulting from service hereunder.
6. The fire hydrant shall be used for fire fighting purposes and fire drills only. Any unauthorized use will be charged at the regular established rates for general metered service and may be grounds for the utility to discontinue the fire hydrant service without liability to the utility.
7. The utility will supply to the hydrant only such water at such pressures as may be available from time to time in the operation of Utility's system.
8. Service under this schedule is limited to those services being furnished as of January 1, 1986.
9. A surcharge of \$0.85 per inch of diameter (of the service connection) will be applied monthly for 24 months due to the delay in setting final rates approved in D.24-03-042. The Commission authorized interim rates for a period of 17 months from January 1, 2023, through May 31, 2024 (Interim Period). The surcharge reflects the difference between the interim rate on bills since January 1, 2023 and the final rate that would have been in effect during the 17-month Interim Period.
