PUBLIC UTILITIES COMMISSION 505 VAN NESS AVENUE SAN FRANCISCO, CA 94102-3298

November 19, 2024

Natalie Wales Director, Regulatory Policy & Compliance California Water Service Co. 1720 North First Street San Jose, CA 95112

Dear Ms. Wales,

The Water Division of the California Public Utilities Commission has approved California Water Service Company's Advice Letter No. 2534, filed on September 27, 2024, regarding Update of Bear Gulch Service Area map.

Enclosed are copies of the following revised tariff sheets, effective October 27, 2024, for the utility's files:

P.U.C. Sheet	
No.	Title of Sheet
13608-W	Service Area Map, Bear Gulch
13609-W	Table of Contents – Page 14
13610-W	Table of Contents – Page 1

Please contact Mahdi Jahami at MJ4@cpuc.ca.gov, if you have any questions.

Thank you.

Advice Letter No. 2534

To the California Public Utilities Commission:

California Water Service Company ("Cal Water") respectfully submits this Tier 2 advice letter requesting authority to make the following changes to tariffs applicable to the Bear Gulch District. *Please note that this advice letter will only be distributed electronically.*

New/Revised CPUC			Cancelling CPUC

<u>Summary</u>

Cal Water submits this advice letter to request a modification to the service area boundary of the Bear Gulch District to reflect minor corrections and to extend the map to incorporate a proposed addition outside of the Cal Water service boundary.

Discussion

In Advice letter 2510, Cal Water's Geographic Information System ("GIS") team located several existing meter services in the Bear Gulch District that Cal Water has been serving, but that are not reflected on current service area maps. Several areas for this district were awaiting review from GIS and had not been finalized. This map reflects minor corrections resulting from the review that was conducted. Two boundaries needed to be removed as we only serve part of a parcel, not the entire parcel, and one additional map correction needed to be added.

The service area map also reflects one proposed addition: Area (1) is Flood Park, owned and operated by San Mateo County, which is about to undergo a significant renovation. Water is currently provided to this property by the City of Menlo Park, which has water mains along the property's eastern edge. Cal Water also has mains along the property's western and southern edges. Because the renovation requires services outside of Menlo Park's service area, all parties agree that Flood Park should be transferred from Menlo Park's service area to Cal Water's.

<u>Adequacy of Water Supply</u>: A Water Source and Certification Questionnaire ("WSCQ") for the proposed Flood Park addition will be supplied to Water Division and is otherwise available upon

request.

<u>Authority</u>

Cal Water submits this as a Tier 2 advice letter according to General Order 96-B, Water Industry Rules 7.3.2(8) and 8.1.

Requested Effective Date

Cal Water requests that the attached tariffs in this Tier 2 advice letter become effective on **October 27, 2024.**

<u>Notice</u>

<u>Customer Notice</u>: Customer notice of this advice letter is not required.

<u>Service List:</u> In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be transmitted *electronically* on **September 27, 2024** to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). *Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.*

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

(1) The utility did not properly serve or give notice of the advice letter;

(2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;

(3) The analysis, calculations, or data in the advice letter contain material error or omissions;

(4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or

(5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or

(6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor California Public Utilities Commission, 505 Van Ness Avenue, San Francisco, CA 94102 <u>water.division@cpuc.ca.gov</u>

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to Cal Water at the following address:

Natalie Wales California Water Service Company 1720 North First Street San Jose, CA 95112 <u>cwsrates@calwater.com</u>

Cities and counties requiring Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200 and ask for the Rates Department.
