

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE

SAN FRANCISCO, CA 94102-3298

December 26, 2024

Natalie Wales
Director, Regulatory Policy & Compliance
California Water Service Co.
1720 North First Street
San Jose, CA 95112

Dear Ms. Wales,

The Water Division of the California Public Utilities Commission has approved California Water Service Company's Advice Letter No. 2535, filed on December 28, 2024, regarding purchased Water and/or Pump Tax Offsets (January 2025) for Bay Area Region, Bear Gulch, East Los Angeles, Los Altos, Los Angeles Country Region, South Bay Region, Stockton, and Westlake.

Enclosed are copies of the following revised tariff sheets, effective January 1, 2025, for the utility's files:

P.U.C. Sheet	
No.	Title of Sheet

October 28, 2024

Advice Letter No. 2535

CALIFORNIA WATER SERVICE COMPANY (U-60-W)

To The Public Utilities Commission of the State of California:

California Water Service Company (Cal Water) requests revenue changes associated with pass-through cost increases for the Bay Area Region, Bear Gulch, East Los Angeles, Los Altos, Los Angeles County Region, South Bay Region, Stockton, and Westlake areas.

New/Revised
CPUC Sheet No.

Title of Sheet

Schedule No.

Cancelling
CPUC Sheet No.

See Attachment A

Note: Cal Water will be proposing customer rates effective January 1, 2025, that will be the result of combining several revenue changes requested in different advice letters. The known revenue changes at this time are due to purchased water/pump tax offsets, rate base offsets, attrition year increases (steps, where applicable), and different sales/services amounts adopted for 2025. A subsequent advice letter will include a set of tariffs that reflect all changes. Therefore, the tariffs included herewith in **Attachment A** only reflect the revenue changes that are proposed in this advice letter.

Summary

This filing proposes revenue increases to reflect the costs changes associated with purchased water and pump taxes in the ratemaking areas detailed below. Cal Water requests an effective date of January 1, 2025, for this Tier 1 advice letter. A summary of the revenue changes and bill impacts are below.

Discussion

The basis for the proposed revenue changes is described for each ratemaking area below.

Bay Area Region:

Purchased water within the Bay Area Region is obtained from the San Francisco Public Utilities Commission ("SFPUC"). Effective July 1, 2024, SFPUC increased its water rates from \$5.21/CCF to \$5.67/CCF. The Bay Area Water Supply & Conservation Agency ("BAWSCA") also collects bond surcharges on the water bills of the SFPUC.

Bear Gulch:

Purchased water for the Bear Gulch District is obtained from the SFPUC. Effective July 1, 2024, SFPUC increased its water rates from \$5.21/CCF to \$5.67/CCF. The BAWSCA also collects bond surcharges on the water bills of the SFPUC.

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2535, Various Districts – January 2025 Purchased Water and Pump Tax Offsets
Page 3

East Los Angeles:

Purchased water for the East Los Angeles District is obtained from the Central Basin Municipal Water District (“Central Basin”). Effective January 1, 2025, Central Basin will increase its quantity rates for Tier 1 from \$1,379 to \$1,565 per acre-foot. In addition, the Water Replenishment District of Southern California increased its pump tax rate from \$423 per acre-foot to \$437 per acre-foot effective, July 1, 2024.

Los Altos:

Purchased water for the Los Altos District is obtained from the Santa Clara Valley Water District (“Valley Water”) and San Jose Water Company (“SJWC”). Pump taxes are also paid to Valley Water. Effective July 1, 2024, Valley Water increased its rates for contract water from \$2,089 to \$2,344 per acre-foot, non-contract water from \$2,174 to \$2,429 per acre-foot, and recycled contract water from \$1,811 to \$2,061 per acre-foot. The unit costs per CCF for SJWC increased from \$5.9352 to \$7.3795. Additional surcharges and credits related to the SJWC bill are detailed in the offset workpapers.¹ Additionally, Valley Water increased its groundwater pump tax rate from \$1,974 per acre-foot to \$2,229 per acre-foot.

Los Angeles County Region:

Purchased water for the Palos Verdes area (a sub-region of the Los Angeles County Region), is obtained from West Basin Municipal Water District (“West Basin”). Effective January 1, 2025, West Basin increased its Tier 1 potable water rates from \$1,677 per acre-foot to \$1,899 per acre-foot.

Note that, in D.20-12-007, the Commission authorized a tariff split so that Antelope Valley customers would not have to fund the most expensive main replacement line in Cal Water’s history, the Palos Verdes Peninsula Water Reliability Project (“PVPWRP”) (with capital costs at over \$100 million). Accordingly, Antelope Valley and Palos Verdes customers have returned to having different sets of rates. They are still consolidated for ratemaking purposes, however, so the purchased water offset requested here affects both Palos Verdes and Antelope Valley customers (albeit with different bill impacts).

Stockton:

Purchased water for the Stockton District is obtained from Stockton East Water District (“SEWD”). Effective September 1, 2024, SEWD reduced its monthly charges from \$1,615,264 to \$1,098,910.90 based on true up calculations in accordance with terms of the second amended contract implemented on September 25, 1987, between Cal Water and SEWD.

South Bay Region:

Purchased water for the Dominguez District is obtained from the West Basin. Effective January 1, 2025, West Basin will increase its Tier 1 potable water rates from \$1,677 per

¹ Electronic versions of the offset workpapers for this advice letter will be provided separately via Kiteworks.

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2535, Various Districts – January 2025 Purchased Water and Pump Tax Offsets
Page 4

acre-foot to \$1,899 per acre-foot. In addition, the Water Replenishment District of Southern California increased its pump tax rate from \$423 per acre-foot to \$437 per acre-foot effective, July 1, 2024.

Westlake:

Purchased water for the Westlake District is obtained from the Calleguas Municipal Water District (“Calleguas”) and the Triunfo Water & Sanitation District (“Triunfo”). Effective January 1, 2025, Calleguas will increase its potable water quantity rates for Tier 1 from \$1,730 to \$1,895 per acre-foot. Because Triunfo recycled water rates are equal to 80% of the Calleguas potable water rates, water purchased from Triunfo will be \$1,516 per acre-foot.

Table 1
Production Offset Revenue Increase by Ratemaking Area

District	Last Adopted	Revenue Change (\$)	Revenue Change (%)	Pass through Changes
Bay Area Region	\$114,539,623	\$3,984,155	3.5%	Purchased Water
Bear Gulch	\$71,759,919	\$2,074,214	2.9%	Purchased Water
East Los Angeles	\$43,319,214	\$557,841	1.3%	Purchased Water and Pump Tax
Los Altos	\$56,012,652	\$3,200,719	5.7%	Purchased Water and Pump Tax
Los Angeles County Region	\$64,567,414	\$3,867,737	6.0%	Purchased Water
Stockton	\$70,052,739	(\$6,271,346)	(9.0%)	Purchased Water
South Bay Region	\$124,462,875	\$8,427,442	6.8%	Purchased Water and Pump Tax
Westlake	\$23,791,934	\$1,248,111	5.2%	Purchased Water
Total		\$17,088,875		

Sales and Services Update in Rate Design work papers for January 1, 2025

In D.24-03-042 (corrected by D.24-03-043), the Commission adopted a Partial Settlement Agreement (“2021 Settlement Agreement”) resolving Cal Water’s 2021 GRC. Under the 2021 Settlement Agreement, different sales and services forecasts were adopted for each year of the GRC period (2023-2025).² Therefore, for this water production offset filing, the revenue and rate design calculations reflect the adopted sales and services for 2025.

Allocation of Revenue as Fixed Cost Recovery: For all customer classes, the amount of fixed costs recovered through fixed service charges was modified “to offset the loss of the full decoupling Water Revenue Adjustment Mechanism (“WRAM”) and Modified Cost Balancing Account (“MCBA”).”³ In addition, note that the parties to the Settlement “agree that all rates for the upcoming GRC period should be designed to cover fixed costs in the fixed service charges according to the percentages...as shown in the table” in the 2021 Settlement Agreement as

² 2021 Settlement Agreement at pp. 11-15; *also see* Updated Undisputed Issues List, Item 2.

³ 2021 Settlement Agreement at p. 5.

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2535, Various Districts – January 2025 Purchased Water and Pump Tax Offsets
Page 5

adopted in D.24-03-042 (Corrected by D. 24-04-043).⁴ The rate design workpapers have been modified to maintain those percentages.

Typical Residential Bill Impact:

Table 2 below shows the monthly bill impact of the production expense offsets included in this advice letter for the typical residential customer.⁵ The typical bill changes are based on incremental changes in rates calculated for purchased water and pump tax offset revenue changes only.

Table 2
Typical Residential Bill Impact by Ratemaking Area

Tariff Area	Median Usage	Typical Bill at Current Rates	Typical Bill with PWO Incremental changes	Bill Change (\$)	Bill Change (%)
Bay Area Region	6	\$49.80	\$51.03	\$1.23	2.5%
Bay Area Region - Coast Springs area	1	\$32.54	\$32.78	\$0.24	0.7%
Bear Gulch	8	\$73.76	\$75.48	\$1.72	2.3%
East Los Angeles	8	\$57.49	\$58.44	\$0.95	1.7%
Los Altos	9	\$78.01	\$81.61	\$3.60	4.6%
Los Angeles County Region-AV	7	\$45.42	\$46.94	\$1.52	3.3%
Los Angeles County Region-PV	11	\$90.25	\$94.19	\$3.94	4.4%
Stockton	7	\$49.11	\$47.79	(\$1.32)	(2.7%)
South Bay Region	7	\$44.17	\$46.01	\$1.84	4.2%
Westlake	10	\$68.18	\$71.05	\$2.87	4.2%

Requested Effective Date

Under General Order 96-B, Water Industry Rule 7.3.1, as modified by Resolution W-4664, this is a Tier 1 advice letter. Cal Water requests that the rates proposed in this advice letter become effective on **January 1, 2025**.

Notice

Customer Notice – A legal notice of this advice letter is being published in a newspaper of local circulation consistent with GO 96-B, Water Industry Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed, are attached. Because the last newspaper notice will be published on November 1, 2024, Cal Water proposes to extend the protest period to 20 days after that date, or November 21, 2024.

⁴ 2021 Settlement Agreement at p. 6.

⁵ Typical residential customer with a 5/8" x 3/4" meter at 2023 median usage.

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2535, Various Districts – January 2025 Purchased Water and Pump Tax Offsets
Page 6

Service List – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **October 28, 2024**, to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division by November 21, 2024. Please submit the response or protest by email or mail to:

water.division@cpuc.ca.gov, or
Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by e-mail or mail to us at:

cwsrates@calwater.com, or
Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, by November 21, 2024, so that a late filed protest can be

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2535, Various Districts – January 2025 Purchased Water and Pump Tax Offsets
Page 7

entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any responses, protests, or comments, except for the utility's reply, after the comment period.

Replies:

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408-367-8200 and ask for the Rates Department.

RESIDENTIAL METERED SERVICE

Page 1

Note: On January 1, 2017, the rates of the Bayshore District and the Redwood Valley District were consolidated. The resulting district is the "Bay Area Region."

APPLICABILITY:

Applicable to all metered water service provided to single-family residential customers.

TERRITORY (see special conditions for area details):

Bayshore Service Area

Redwood Valley - Coast Springs Service Area

Redwood Valley - Lucerne Service Area

Redwood Valley - Unified Service Area

RATES

1 CCF is 100 cubic feet (approximately 748 gallons)

Quantity Rates:

For 1 - 6 CCF, per CCF	\$3.6507	(I)
For 7 to 9 CCF, per CCF	\$14.5268	(I)
For 10 to 13 CCF, per CCF	\$18.1522	(I)
For over 13 CCF, per CCF	\$27.2156	(I)

Service Charge:**Per Meter Per Month**

For	5/8 x 3/4 - inch meter	\$29.13	(I)
For	3/4 - inch meter	\$43.70	
For	Fire Sprinkler w/1-inch meter	\$30.00	
For	1 - inch meter	\$72.83	
For	1-1/2 - inch meter	\$145.65	
For	2 - inch meter	\$233.04	
For	3 - inch meter	\$436.95	
For	4 - inch meter	\$728.25	
For	6 - inch meter	\$1,456.50	
For	8 - inch meter	\$2,330.40	
For	10 - inch meter	\$3,349.95	
For	12 - inch meter	\$4,806.45	
For	14 - inch meter	\$6,554.25	(I)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

Schedule No. BAR-1-R
Bay Area Region
RESIDENTIAL METERED SERVICE

Page 3

SPECIAL CONDITIONS (continued)

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
5. **Capacity Surcharge for RDV-Coast Springs:** Monthly bills with usage greater than 2 CCF and less than or equal to 6 CCF will include a monthly surcharge of \$8.00 per CCF. Monthly bills with usage at and above 7 CCF will include a monthly capacity surcharge of \$20.00 per CCF. This results in rates for **RDV-Coast Springs** customers as follows:

		<u>RDV-Coast Springs</u>	
		Quantity Rate with Surcharge Included, per CCF	
For	1 – 2 CCF	\$3.6507	(I) (I)
For	3 – 6 CCF	\$11.6507	
For	7 - 9 CCF	\$34.5268	
For	10 - 13 CCF	\$38.1522	
For	For Over 13	\$47.2156	

6. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area: **RDV-Coast Springs** (D.06-04-031) and **RDV-Lucerne** (D.89-09-002).

RESIDENTIAL METERED SERVICE

Page 6

SPECIAL CONDITIONS (continued)

11. New Service in RDV-Coast Springs: (continued)

Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

12. Exemption for Saint Anthony's Monastery in RDV-Coast Springs

Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony's Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.

13. Water Expense Increase

Beginning on January 1, 2025, rates in this area will reflect a 3.5% revenue increase due to higher charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA). This caused quantity rates to go up by the following amounts: \$0.1998 /CCF for Tier 1 usage, \$0.7952 /CCF for Tier 2 usage, \$0.9937 /CCF for Tier 3 usage and \$ 1.4899 /CCF for Tier 4 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.04.

RESIDENTIAL METERED SERVICE

Page 2

SPECIAL CONDITIONS (continued)

2. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
3. **Water Expense Increase:** Beginning on January 1, 2025, rates in this area will reflect a 5.7% revenue increase due to higher charges by the Santa Clara Valley Water District. This caused quantity rates to go up by the following amounts: \$0.1947 /CCF for Tier 1 usage, \$0.7775 /CCF for Tier 2 usage, \$0.9718 /CCF for Tier 3 usage and \$ 1.4574 /CCF for Tier 4 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.10.

2. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**.
3. Fire sprinkler rate: A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
4. **Water Expense Decrease:** Beginning on January 1, 2025, rates in this area will reflect a 9.0% revenue decrease due to lower charges by Stockton East Water District. This caused quantity rates to go down by the following amounts: \$0.0479 /CCF for Tier 1 usage, \$0.1903 /CCF for Tier 2 usage, \$0.2378 /CCF for Tier 3 usage, and \$0.3564 /CCF for Tier 4 usage. Amounts collected from these quantity rate changes will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. Monthly service charges also went down, with the charge for a 5/8 x 3/4-inch meter decreasing by \$0.69.

NONRESIDENTIAL METERED SERVICE

Page 1

APPLICABILITY

Applicable to all metered water service except that provided to single-family residential customers.

TERRITORY

Stockton and vicinity, San Joaquin County.

RATES

1 CCF is 100 cubic feet (approximately 748 gallons)

Quantity Rates:

Per CCF	\$5.1682	(R)
---------	----------	-----

Service Charge:

Per Meter Per Month

For	5/8 x 3/4 - inch meter	\$25.16	(R)
For	3/4 - inch meter	\$37.74	
For	1 - inch meter	\$62.90	
For	1-1/2 - inch meter	\$125.80	
For	2 - inch meter	\$201.28	
For	3 - inch meter	\$377.40	
For	4 - inch meter	\$629.00	
For	6 - inch meter	\$1,258.00	
For	8 - inch meter	\$2,012.80	
For	10 - inch meter	\$2,893.40	
For	12 - inch meter	\$4,151.40	
For	14 - inch meter	\$5,661.00	(R)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS

1. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).
2. Qualifying non-profit group living facilities, agricultural employee housing facilities, and migrant farm work housing centers are eligible for credits as shown on **Schedule CAP**.

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Stockton District will reflect a pass-through of lower wholesale water charges by the Stockton East Water District, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to decrease its annual revenue in the Stockton District by \$6,271,346, or 9.0%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2025. With the increase, a typical monthly bill for a Stockton residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,280 gallons) per month will decrease by \$1.32, or 2.7%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$106,522, or 0.15% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Stockton District residential customer with 7 CCF (approximately 5,236 gallons) of monthly water usage would increase by approximately \$0.13, or 0.26%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Stockton District from the drop-down menu), and may also be obtained from the company's local offices by calling (209) 547-7900. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and

must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Los Altos District will reflect a pass-through of higher wholesale water charges and higher groundwater replenishment charges by the Santa Clara Valley Water District. The California Public Utilities Commission (CPUC) has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue by \$3,200,719, or 5.7%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Los Altos residential customer with a 5/8" x 3/4" meter who uses 9 CCF (which is 900 cubic feet or 6,732 gallons) of water per month will increase by \$3.60, or 4.6%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements.

In the advice letter, Cal Water requests additional revenue of \$39,481, or 0.07% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Los Altos District residential customer with 9 CCF (approximately 6,732 gallons) of monthly water usage would increase by approximately \$0.50, or 0.64%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select Los Altos Suburban from the drop-down menu), and may also be obtained

from the company's local offices by calling (650) 917-0152. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the

Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Bear Gulch District will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Bear Gulch District by \$2,074,214, or 2.9%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Bear Gulch residential customer with a 5/8" x 3/4" meter who uses 8 CCF of water (which is 800 cubic feet, or approximately 5,984 gallons) per month will increase by \$1.72, or 2.3%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$317,952, or 0.44% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Bear Gulch District residential customer with 8 CCF (approximately 5,984 gallons) of monthly water usage would increase by approximately \$0.74, or 1.0%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Bear Gulch District from the drop-down menu), and may also be obtained from the company's local office by calling (650) 561-9709. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the East Los Angeles District will reflect a pass-through of higher wholesale water charges by the Central Basin Municipal Water District, and higher groundwater replenishment charges from the Water Replenishment District of Southern California, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the East Los Angeles District by \$557,841, or 1.3%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2025. With the increase, a typical monthly bill for an East Los Angeles residential customer with a 5/8" x 3/4" meter who uses 8 CCF of water (which is 800 cubic feet, or approximately 5,984 gallons) per month will increase by \$0.95, or 1.7%.

A copy of Advice Letter 2535 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the East Los Angeles District from the drop-down menu), and may also be obtained from the company's local offices by calling (323) 722-8601. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSA). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Bay Area Region by \$3,984,155, or 3.5%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter who uses 6 CCF of water (which is 600 cubic feet, or approximately 4,488 gallons) per month will increase by \$1.23, or 2.5%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$146,032, or 0.13% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Bay Area Region residential customer with 6 CCF (approximately 4,488 gallons) of monthly water usage would increase by approximately \$0.26, or 0.52%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood

Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Bayshore district local office by calling (650) 558-7800 or Redwood Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by

November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Bay Area Region by \$3,984,155, or 3.5%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter who uses 6 CCF of water (which is 600 cubic feet, or approximately 4,488 gallons) per month will increase by \$1.23, or 2.5%.

On or around October 28, 2024, Cal Water will file Advice Letter 2536 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$146,032, or 0.13% of currently authorized revenue. If approved, effective January 1, 2025, the water bill of a Bay Area Region residential customer with 6 CCF (approximately 4,488 gallons) of monthly water usage would increase by approximately \$0.26, or 0.52%. Although previously authorized by the CPUC in Decision 20-12-007 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2535 and 2536 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (for Bayshore - please select

the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Bayshore district local office by calling (650) 558-7800 or Redwood Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or

discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Antelope Valley area (a sub-region of the Los Angeles County Region) will reflect a pass-through of higher wholesale water charges by the West Basin Municipal Water District, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Los Angeles County Region by \$3,867,737, or 6.0%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2025. With the increase, a typical monthly bill for an Antelope Valley residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,236 gallons) per month will increase by \$1.52, or 3.3%.

A copy of Advice Letter 2535 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Antelope Valley (Los Angeles County Region) District from the drop-down menu), and may also be obtained from the company's local offices by calling (661) 943-9001 (Antelope Valley). You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.

4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or

6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water) customers in the Palos Verdes area (a sub-region of the Los Angeles County Region) will reflect a pass-through of higher wholesale water charges by the West Basin Municipal Water District, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the Los Angeles County Region by \$3,867,737, or 6.0%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2025. With the increase, a typical monthly bill for a Palos Verdes residential customer with a 5/8" x 3/4" meter who uses 11 CCF of water (which is 1,100 cubic feet, or approximately 8,228 gallons) per month will increase by \$3.94, or 4.4%.

A copy of Advice Letter 2535 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Rancho Dominguez (Palos Verdes - LAR) District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400 (Rancho Dominguez). You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide

citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2025, the water bills of California Water Service (Cal Water or the company) customers in the Dominguez District will reflect a pass-through of higher wholesale water charges by the West Basin Municipal Water District, and higher groundwater replenishment charges from the Water Replenishment District of Southern California, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around October 28, 2024, Cal Water will file Advice Letter 2535 to request authority to increase its annual revenue in the South Bay Region by \$8,427,442, or 6.8%. Pending the CPUC's review of Cal Water's calculations, the rate increase will be effective on January 1, 2025. With the increase, a typical monthly bill for a Dominguez residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,236 gallons) per month will increase by \$1.84, or 4.2%.

A copy of Advice Letter 2535 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Rancho Dominguez (Dominguez) District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at www.calwater.com to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the

filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

The response or protest must be made in writing and received by the Commission's Water Division by November 21, 2024, the end of the comment period. The response or protest should be sent to the CPUC (by email to water.division@cpuc.ca.gov, or by mail to the Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to cwsrates@calwater.com, or by mail to the Rates Department, California Water Service Company, 1720 N. 1st Street, San Jose, CA 95112).

ATTACHMENT 3

Declaration of Notice for Advice Letter 2535

DECLARATION OF GREG A. MILLEMAN
REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER

I, Greg A. Milleman, declare and state:

1. I am the Vice President, Rates and Regulatory Affairs, of California Water Service Company (U 60 W) ("Cal Water").
2. Cal Water is filing Advice Letter 2535 on November 22, 2023, requesting a revenue increase in the Bay Area Region, Bear Gulch, East Los Angeles, Los Altos, Los Angeles Country Region, South Bay Region, Stockton, and Westlake ratemaking areas to reflect increases in purchased water and pump tax costs.
3. Customer notices of the filing of this advice letter are being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication orders that identifies the name of the publication, the date of publication, and a copy of the notice itself.
4. This newspaper publication meets the requirements of the California Public Utilities Commission's ("Commission's") General Order 96-B ("GO 96-B"), Water Industry Rule 3.1.
5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer's bill in both dollar and percentage terms.
6. This customer bill notice meets the requirements of the Commission's GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on October 28, 2024, in San Jose, California.

/s/
