Re: City of Hawthorne "Urban Water Management Plan"

Dear Ms. Farber:

The California Water Code, Part 2.6, Chapters 1 through 4 (Sections 10610 through 10656), are known and may be cited as the "Urban Water Management Planning Act."

The California Water Code requires all urban water suppliers that provide water for municipal purposes either directly or indirectly to more than 3,000 customers or supply more than 3,000 acre-feet of water annually to prepare an Urban Water Management Plan (UWMP) as outlined and identified in those sections. This requirement applies to public and privately owned water utilities.

The act requires urban water suppliers to update their UWMP at least once every five years, and to file updated plans with the Department of Water Resources, the California State Library, and any city or county served by the supplier no later than 30 days after adoption.

California Water Service Company (Cal Water) is an investor-owned public utility providing water service throughout California. Cal Water operates a water system that is owned by the City of Hawthorne and serves a portion of the City, which is located in Los Angeles County.

As a defined urban water supplier, Cal Water is preparing an update of the UWMP that addresses the water service conditions in the City of Hawthorne. The City of Hawthorne will hold a public hearing to consider the UWMP on July 26, 2011, at 6:00 p.m., or as soon as possible thereafter, at the Council Chambers at City Hall, 4455 W. 126th Street, Hawthorne, California. A copy of the Notice of Public Hearing is enclosed.

It is the Cities' intent to adopt and file the UWMP. In accordance with the Urban Water Management Planning Act, Cal Water will provide a copy of the UWMP and notify the County within 30 days after adoption of the plan by the City of Hawthorne. If you have any questions concerning the UWMP, please contact me at (310) 257-1459. Thank you.

URBAN WATER MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN: That the City Council of the City of Hawthorne will hold a public hearing to consider the City's Urban Water Management Plan (UWMP) in accordance with Section 10610-10656 of the Urban Water Management Planning Act of 1983. The purpose of the hearing will be to solicit public comment prior to the adoption of the plan.

Copies of the UWMP are available for public inspection at the City of Hawthorne Engineering Department, 4455 W. 126th Street, Hawthorne, California and at the California Water Service Company's office at 2632 W. 237th Street, Torrance, California. Additional information on the above plan under public hearing may be obtained by contacting Michael Duque at (310) 257-1433.

This matter will be heard on July 26, 2011, at 6:00 p.m., or as soon as possible thereafter, at the Council Chambers at City Hall, 4455 W. 126th Street, Hawthorne, California. All persons interested in this matter are notified to appear at this time.

If you are unable to attend the scheduled public meeting but want to provide comments regarding the proposed UWMP, you may send your comments via mail to:

Thomas A. Salzano, Water Resources Planning Supervisor
California Water Service Company
1720 North First Street
San Jose, CA 95112-4598

Or by email at: tsalzano@calwater.com
Cal Water will receive comments on the proposed UWMP from May 26, 2011, through July 25, 2011.

Subject: low income housing

Hi Doug,

Thanks for returning my call. I'm sorry I got the wrong person. What I need is information about the proportion of low income housing (those making less than 80% of median income) in Hawthorne. Usually I get this from a City's Regional Housing Needs Assessment from their General Plan, but I wasn't able to locate yours. As a water provider within your city, we are required to project water demands for low income housing in our Urban Water Management Plan (UWMP). Thanks for your help getting me in touch with your planning department.

Dear Mr. Brostrom:

California Water Service Company (Cal Water) operates a water system under contract with the City of Hawthorne. As the water service provider for City of Hawthorne, Cal Water has prepared a 2010 Urban Water Management Plan (UWMP) for the Hawthorne District on the City's behalf. The Hawthorne City Council formally adopted the UWMP on April 24, 2012 and granted permission to Cal Water to submit the attached UWMP to the Department of Water Resources. If you have any questions regarding this Plan please contact Mr. Thomas A. Salzano by telephone at (408) 367-8340 or by email at tsalzano@calwater.com.

Sincerely,

Hawthorne, CA 90250

Subject: Transmittal of the Adopted 2010 Update of the Urban Water Management Plan

Dear Mr. Shadbehr:

As the urban water supplier for the City of Hawthorne's water system, California Water Service Company (Cal Water) has prepared and adopted an update to its Urban Water Management Plan (UWMP) that addresses the water service conditions in the Hawthorne District. The plan describes and evaluates the sources of supply, reasonable and practical efficient water uses, reclamation, and demand management activities in this community. The plan also addresses measures for residential, commercial, governmental, and industrial water demand management.

A key focus of this UWMP update is the conservation requirement set forth in Senate Bill 7 (SBx7-7) as passed in November 2009. SBx7-7 mandates a statewide 20% reduction in per capita urban water use by 2020. In order to quantify the objectives and identify the means of achieving this mandated demand reduction, Cal Water has prepared a Conservation Analysis for the Hawthorne District. A copy of the Conservation Analysis is included as one of the appendices of the UWMP.

The enclosed CD contains a copy of the adopted 2010 Update of the Hawthorne District Urban Water Management Plan. If you have difficulties opening the files on this CD you can also locate an electronic copy of the UWMP on Cal Water's Internet Web page, which is located at www.calwater.com/. Under the **Your District** selection button on the Home Page there is a selection for Urban water management plans. You can either select your District at that location or at any of the prior District selection opportunities.

Feel free to download any of these files. Note that to create a complete copy of the UWMP the primary file and all appendices must be downloaded.

Please share this information with others on your staff that may have the need to know about or use this document.

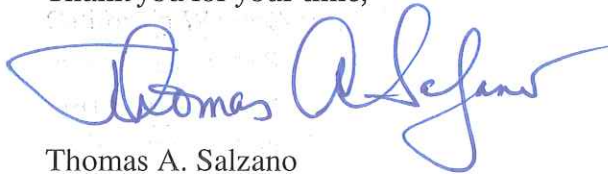

Comments or questions regarding the Conservation Analysis should be directed to:
