**NOTICE OF INTENT TO ADOPT  
AN URBAN WATER MANAGEMENT PLAN  
AND  
HOLD A PUBLIC MEETING  
TO  
RECEIVE COMMENTS ON THE PROPOSED PLAN  
CALIFORNIA WATER SERVICE COMPANY'S  
LIVERMORE DISTRICT**

California Water Code, Part 2.6 Chapters 1 through 4 (Sections 10610 through 10656), are known and may be cited as the "Urban Water Management Planning Act."

These California Water Code sections require all urban water suppliers that provide water for municipal purposes either directly or indirectly to more than 3,000 customers or supply more than 3,000 acre-feet of water annually to prepare an Urban Water Management Plan as outlined and identified in those sections. This requirement applies to public and privately owned water utilities.

The plan must describe and evaluate sources of supply, reasonable and practical efficient uses, reclamation, and demand management activities. The components of the plan may vary according to an individual community or area's characteristics and its capabilities to efficiently use and conserve water. The plan must address measures for residential, commercial, governmental, and industrial water demand management.

The act requires urban water suppliers to update their Urban Water Management Plans at least once every five years, and to file updated plans with the Department of Water Resources, the California State Library, and any city or county served by the supplier no later than 30 days after adoption.

California Water Service Company (Cal Water) is an investor-owned public utility providing water service throughout California. In addition, Cal Water is regulated by the California Public Utilities Commission (CPUC).

One of Cal Water's service areas is the Livermore District, which is located in Alameda County. The Livermore District serves approximately 67% of the incorporated City of Livermore.

As a defined urban water supplier, Cal Water is preparing an update to its Urban Water Management Plan that will address the water service conditions in the Livermore District. It is Cal Water's intent to adopt that plan and file that plan as required with the Department of Water Resources, the California State Library, and any city or county within which Cal Water provides service.

A key focus of this UWMP update is the conservation requirement set forth in Senate Bill 7 (SBx7-7) as passed in November 2009. SBx7-7 mandates a statewide 20% reduction in per capita urban water use by 2020. In order to quantify the objectives and identify the means of achieving this mandated demand reduction, Cal Water has prepared a Conservation Master Plan.

Cal Water is in the process of expanding current conservation programs and developing new programs for its 24 districts. Over the next five years, Cal Water conservation program expenditures are likely to increase due in large measure to recently adopted state policies requiring future reductions in per capita urban water use. These state policies include SBx7-7, as well as recent decisions by the California Public Utilities Commission (CPUC) directing Class A and B water utilities to adopt conservation programs and rate structures designed to achieve reductions in per capita water use, as well as the *Memorandum of Understanding Regarding Urban Water Conservation in California* (MOU), of which Cal Water has been a signatory since 1991.

The Conservation Master Plan for the Livermore District will be presented to the Cities, Counties and public served by Cal Water's Livermore District in conjunction with the UWMP.

**Schedule of upcoming actions:**

On April 1, 2011, a copy of the Proposed Urban Water Management Plan and the Conservation Master Plan were made available for review during normal business hours at the Livermore Customer Service Center, 195 South "N" Street, Livermore CA 94550.

It is preferred that prior arrangements be made with the district's management for viewing the Proposed Urban Water Management Plan and/or the Conservation Master Plan. These arrangements can be made by calling (925) 447-4900.

As an alternative to reviewing the Proposed Urban Water Management Plan or Conservation Master Plan in Cal Water's Livermore District Customer Service Center, Cal Water has placed an electronic copy of the Proposed Urban Water Management Plan on an FTP site where the plan maybe reviewed and/or downloaded.

The site can be accessed at <http://calwater.ftptoday.com>.  
The user name is **cwsftp20** and the password is **FtpTran!**

The UWMP will be available at this FTP site on April 1, 2011 through June 15, 2011.

If there are issues with accessing the electronic copy you may contact Michael Boizowski at the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, by calling (408) 367-8200, or by email at [mboizowski@calwater.com](mailto:mboizowski@calwater.com).

The Public Meeting to receive comments on the Proposed Urban Water Management Plan and the Conservation Master Plan will be held on May 5, 2011, from 10:00 a.m. to 12:00 p.m., in the at the Livermore Chamber of Commerce, 2157 First St., Livermore, CA 94550.

If you are unable to attend the scheduled public meeting but want to provide comments regarding the proposed UWMP, you may send your comments in writing via mail to:

Thomas A. Salzano, Water Resource Planning Supervisor  
California Water Service Company  
1720 North First Street  
San Jose, CA 95112-4598

Or by email to him at [tsalzano@calwater.com](mailto:tsalzano@calwater.com)

Cal Water will receive comments on the proposed UWMP and the Conservation Master Plan from April 1, 2011 through June 15, 2011.

Comments regarding the Conservation Master Plan for Livermore should be sent to:

Kenneth G. Jenkins, Conservation Manager  
California Water Service Company  
2632 West 237<sup>th</sup> Street  
Torrance, CA 90505  
Or by email at [kjenkins@calwater.com](mailto:kjenkins@calwater.com)
