Summary

This advice letter requests a decrease in the Franchise Tax rate on San Carlos customers from 1.733% to 1.111%.

Background

In AL 1363 (November 9, 1994), Cal Water requested the addition of a separate surcharge on its tariffs to separate out the franchise fees the company submits to the City of San Carlos. Since approval of AL 1363, the tariffs for the ratemaking areas¹ that include San Carlos have included the following language:

Surcharge for San Carlos Franchise Tax (for customers within the City of San Carlos) – 1.733%.

Discussion

Cal Water proposes to update the franchise fee to 1.111% from 1.733%, and also to modify the description to refer to it as a “fee” rather than a “tax” consistent with the language used by the City of San Carlos (City). As modified, the tariff language would be changed to:

¹ San Carlos and San Mateo were consolidated into the “Mid-Peninsula District,” and later consolidated into the “Bayshore District.” Effective January 1, 2017, Bayshore District and the Redwood Valley District have been consolidated into the “Bay Area Region.”

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2550 – San Carlos Franchise Fee Decrease

Page 3

Surcharge for San Carlos Franchise Fee (for customers within the City of San Carlos) – 1.111%.

Calculation of the franchise amount given to the City: The franchise amount Cal Water must remit to the City each year is described as 2% of “gross annual receipts arising from the use, operation, or possession of said franchise.” See Section 5 of San Carlos Ordinance 648 (provided as **Attachment A**). This 2% cannot be directly applied to the bills of San Carlos customers for several reasons, including:

- The franchise fee methodology requires identification of the amount of mains and services physically located in the City.
- The “gross annual receipts” refers actual revenues actually collected from San Carlos customers, while the water bills paid by San Carlos customers are based on rates calculated using the revenue requirement of the entire Bay Area Region.

Calculation of the “franchise fee” listed on Cal Water’s tariffs: Cal Water estimates that, for calendar year 2025, the franchise amount that will be owed to the City will be approximately \$220,000. Since there is no adopted revenue requirement for the City of San Carlos, Cal Water made assumptions to develop a pro-rated “revenue requirement” for San Carlos customers based on current Bay Area Region revenues and rates. As reflected in workpapers, a surcharge of **1.111%** will collect the estimated franchise amount of \$220,000 based on the above assumptions.

Change in Surcharge Name: Cal Water also proposes to change the surcharge name from a “tax” to a “fee” to avoid any confusion with the state franchise tax to which all businesses are subject.

Requested Effective Date

Cal Water is submitting this as a **Tier 1** advice and requests that approval be considered effective **April 1, 2025**.

Notice

Customer Notice – This is a Tier 1 compliance filing under Water Industry Rule 7.3.1(3) of General Order 96-B. Water Industry Rule 3.2 indicates that this kind of Tier 1 filing does not require customer notice.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **April 1, 2025**, to competing and adjacent utilities and other utilities or interested parties having requested such notification. **Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.**
