Advice Letter No. 2554

CALIFORNIA WATER SERVICE COMPANY (U-60-W)

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this Tier 2 advice letter requesting approval to implement the tariff changes listed below applicable to all Class A service areas in accordance with Ordering Paragraph 1 of Decision 20-12-007 and the dicta of Decision 24-03-042. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Summary

This advice letter requests approval for revenue increases for the costs associated with 30 used and useful capital projects previously authorized in Cal Water’s 2018 General Rate Case decision (“D.20-12-007”) and Cal Water’s recent 2021 General Rate Case decision (“D.24-03-042”). The requested effective date is July 1, 2025. Note that Cal Water proposes to extend the protest period to **June 6, 2025** to ensure the deadline is at least 20 days after the last notice of this request is published in newspapers.

Background

In December 2020, the Commission issued D.20-12-007 adopting a Partial Settlement Agreement (“2018 Settlement Agreement”) which resolved Cal Water’s 2018 General Rate Case (“2018 GRC”). Attachment 8 of the 2018 Settlement Agreement identifies certain projects whose costs may be recovered through a Tier 2 advice letter after the projects are used and useful.

In March 2024, the Commission approved D.24-03-042 adopting a Partial Settlement Agreement (“2021 GRC Settlement Agreement”) which resolved Cal Water’s 2021 General Rate Case (“2021 GRC”). Included in D.24-03-042 was a discussion on previously authorized capital projects from Cal Water’s 2018 GRC. While the Commission declined to include such previously authorized projects in adopted rate base when issuing D.24-03-042, it authorized Cal Water to “follow the

Commission's existing processes for adding previously authorized projects that are completed and used and useful into rate base."¹

Water Industry Rule 7.3.3(8) of Commission General Order 96-B ("GO 96-B") categorizes a rate base offset as a Tier 3 advice letter. However, Water Industry Rule 7.3.3(8) provides that a rate base offset can be filed as a Tier 2 advice letter if:

- (i) The rate base offset was previously approved by the Commission in a decision or resolution;
- (ii) The project scope is consistent with what the Commission approved; and
- (iii) The Commission approval included a budget cap and the rate base offset request is at or below the budget cap.

Cal Water's immediate request to add used and useful projects to rate base, consistent with the previously authorized scope and budget, is thus appropriate for disposition via a Tier 2 advice letter.

Discussion

As mentioned above, Cal Water was authorized to complete numerous projects to maintain safe and reliable service throughout its service territory.² Cal Water is requesting to add 30 used and useful projects, authorized by the Commission, to adopted rate base. All projects included for revenue recovery are consistent with the scope and budget authorized by the Commission.

The total authorized budget for these projects is \$12,185,934. While the total cost for these projects is currently \$25,032,700, Cal Water only requests recovery of \$11,443,395. Previously authorized projects with actual costs exceeding the allowed costs were capped at the allowed amount. Previously approved projects with actual costs less than allowed cost are requested for recovery at the actual amount. The list of approved projects for which recovery is being requested is in **Attachment 2** to this advice letter. Adding these 30 previously authorized used and useful projects to rate base will result in a company-wide annual revenue increase of \$1,555,650. A summary of the revenue increases by ratemaking area is provided in **Table 1** below, and shows that most increases are significantly less than one percent of the last adopted revenue requirement.

In D.24-03-002, the Commission stated that, when seeking recovery of used and useful projects, Cal Water should “seek to package rate base offset approval requests for multiple projects into a single advice letter request for both administrative efficiency and to minimize the number of rate requests outside of the GRC.”³ The Commission indicated such a process would provide for timely authorization of rate base offsets for previously approved projects, “especially if these projects may be approved as Tier 2 advice letters.”⁴ Cal Water’s requested relief in this Tier 2 advice letter is in accordance with D.24-03-002, so timely authorization for recovery is appropriate. Furthermore, when commenting on Cal Water’s 2021 GRC during the Commission’s March 7, 2024, Business Meeting, President Alice Reynolds set the clear expectation that such advice letters

be processed in a timely manner.⁵ The importance of timely and efficient processing of utility requests was reiterated by the other Commissioners as well.⁶

The details relating to the calculations for the recovery amounts are contained in the workpapers.

Typical Residential Bill Impact

Table 2 below shows the monthly bill impact of the rate base offsets included in this advice letter for the typical residential customer.⁷ The typical bill increases are based on incremental changes in rates calculated for rate base offset revenue increases only, and do not include surcharges or taxes.

Adjustment to Los Altos Recycled Water Tariff

In this advice letter, an error in the quantity rate for recycled water in Los Altos is being corrected. In AL 2234, a recycled water tariff was created pursuant to a contract with Apple to have recycled water provided to one of its campuses at rates that are no higher than the district's potable non-residential rates. The proposed tariff for recycled water (Schedule No. LS-6) in this advice letter now reflects the same quantity rate as that proposed for potable non-residential service. Despite the revenue increase, this correction results in a proposed recycled quantity rate that is lower than the recycled quantity rate currently in effect.

No Change to Bay Area Region Recycled Water Tariff

This advice letter does not include changes to Schedule No. BAR-BAY-6, the tariff for recycled metered service that was approved in AL 2529-A. The new tariff was created to enable Cal Water to provide recycled water from the City of Redwood City's pipeline to the California Department of Transportation (Caltrans) in the San Carlos area of the Bayshore District. As approved by AL 2529-A, Cal Water's recycled water tariff will mirror the rates Cal Water pays for recycled water – essentially, Redwood City's rates – and will only vary from those rates upon the conclusion of A.24-07-003.⁸

Requested Effective Date

Cal Water requests that this advice letter become effective **July 1, 2025**.

Notice

Customer Notice – Individual customer notice of this advice letter is not required under General Order 96-B, Water Industry Rule 3.1, as the requested rate increase is less than 10% of the district's revenue requirement. In this case, none of the requested revenue increases exceed the 10% threshold. Therefore, Cal Water is publishing legal notice of this advice letter in newspapers of local circulation for the impacted tariff areas consistent with Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed for these customers are provided in **Attachment 3 and Attachment 4**, respectively.

In an abundance of caution, Cal Water proposes to extend the protest period to **June 6, 2025** to ensure the protest deadline occurs at least 20 days after the last newspaper notice for this request is published.

Service List – In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **May 16, 2025**, to competing and adjacent utilities and other utilities or interested parties having requested such

notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division by **June 6, 2025**. Please submit the response or protest by email or mail to:

water.division@cpuc.ca.gov, or
Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by e-mail or mail to us at:

cwsrates@calwater.com, or
Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, by **June 6, 2025**, so that a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any responses, protests, or comments, except for the utility's reply, after the comment period.

Replies

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408-367-8200 and ask for the Rates Department.

SPECIAL CONDITIONS (continued)

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

5. **Capacity Surcharge for RDV-Coast Springs:** Monthly bills with usage greater than 2 CCF and less than or equal to 6 CCF will include a monthly surcharge of \$8.00 per CCF. Monthly bills with usage at and above 7 CCF will include a monthly capacity surcharge of \$20.00 per CCF. This results in rates for **RDV-Coast Springs** customers as follows:

POTABLE WATER SERVICE

APPLICABILITY

Applicable to all potable water service provided to Travis Air Force Base (TAFB)

TERRITORY

Travis Air Force Base

RATES

Per Month

Service Charge		\$275,199.48	(I)
CPUC Fee	0.68% (AL 2543)	\$1,871.36	
Schedule CAP	3.518% (AL 2541)	\$9,681.52	
Schedule RSF	1.1876% (AL 2540)	\$3,268.27	
Total		\$290,020.63	(I)

The service charge is a monthly charge that is applicable to Travis Air Force Base.

SPECIAL CONDITIONS

1. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).

2. **Interim Rate Memorandum Account True-up:** Due to the delay in setting final rates in A.21-07-002, the Commission authorized interim rates for a 17-month period (1/1/23 – 5/31/24). A one-time surcharge will be applied to TAFB’s bill reflecting the difference between the rates on TAFB’s bills during that period and the final rates that would have been in effect. The surcharge will be \$1,546,643.80, plus a 0.7% CPUC Fee of \$10,826.51, for a total amount of \$1,557,470.31.

3. **Lead Service Line Inventory:** In Decision 24-03-042, the Commission authorized cost recovery for the charges Cal Water incurred to conduct a mandatory inventory of its water pipes to identify the presence of lead, a contaminant harmful to public health, and to develop a remediation plan if lead is found. A one-time surcharge will be applied to TAFB’s bill of \$1,109.91, plus a 0.68% CPUC Fee of \$7.55, for a total amount of \$1,117.46.
