**Advice Letter No. 2556**

**CALIFORNIA WATER SERVICE COMPANY (U-60-W)**

To The Public Utilities Commission of the State of California:

California Water Service Company (Cal Water) requests revenue changes associated with pass-through cost increases for the Bay Area Region, Bear Gulch, East Los Angeles, Los Altos, and Stockton areas.

<u>New/Revised</u> <u>CPUC Sheet No.</u>	<u>Title of Sheet</u>	<u>Schedule No.</u>	<u>Cancelling</u> <u>CPUC Sheet No.</u>
---	-----------------------	---------------------	--

**See Attachment 1**

Note: Cal Water will be proposing customer rates effective July 1, 2025, that will be the result of combining purchased water offsets with rate base offsets that were filed and approved in Advice Letter 2554. Therefore, the tariffs included here and identified in **Attachment 1** will reflect the revenue changes that are proposed in this advice letter as well as those in AL 2554 for the corresponding rate areas.

**Summary**

This filing proposes revenue adjustments to reflect the cost changes associated with purchased water and pump taxes in the ratemaking areas detailed below. Cal Water requests an effective date of July 1, 2025, for this Tier 1 advice letter. A summary of the revenue changes and bill impacts are below.

**Discussion**

The basis for the proposed revenue changes is described for each ratemaking area below.

**Bay Area Region:**

Purchased water within the Bay Area Region is obtained from the San Francisco Public Utilities Commission ("SFPUC"). While the SFPUC rates are not changing, the Bay Area Water Supply & Conservation Agency ("BAWSCA") also applies fixed surcharges on the water bills of SFPUC customers to recover costs associated with bonds. The annual fixed surcharge applicable to the Bay Area Region is decreasing from \$3,366,000 to \$2,544,144, effective July 1, 2025.

Note that there is no change to the recycled water tariff for this region (Schedule No. BAR-BAY-6), which was approved in AL 2529-A. The tariff was created to enable Cal Water to provide recycled water from the City of Redwood City's pipeline to the California Department of Transportation (Caltrans) in the San Carlos area of the Bayshore District. As approved by AL 2529-A, Cal Water's

recycled water tariff will mirror the rates Cal Water pays for recycled water – essentially, the rates Redwood City charges for recycled water – and will only vary from those rates upon the conclusion of A.24-07-003.<sup>1</sup>

Bear Gulch:

Purchased water for the Bear Gulch District is obtained from the SFPUC. As described above, while the SFPUC rates are not changing, BAWSCA applies fixed surcharges on the water bills of SFPUC customers. The annual fixed charge for the Bear Gulch District is increasing from \$1,586,292 to \$1,755,300, effective July 1, 2025.

East Los Angeles:

There will be no changes to the purchased water rates in East Los Angeles effective July 1, 2025, however the Water Replenishment District of Southern California is increasing its pump tax rate from \$437 per acre-foot to \$455 per acre-foot effective, July 1, 2025.

Los Altos:

Purchased water for the Los Altos District is obtained from the Santa Clara Valley Water District (“Valley Water”) and San Jose Water Company (“SJWC”). Pump taxes are also paid to Valley Water. Effective July 1, 2025, Valley Water is increasing its rates for contract water from \$2,344 to \$2,565 per acre-foot, non-contract water from \$2,429 to \$2,650 per acre-foot, and recycled contract water from \$2,061 to \$2,316 per acre-foot. The unit costs per CCF for SJWC has decreased from \$7.3795 to \$6.6074. Additional surcharges and credits related to the SJWC bill are detailed in the offset workpapers.<sup>2</sup> Additionally, Valley Water is increasing its groundwater pump tax rate from \$2,229 per acre-foot to \$2,450 per acre-foot. The net impacts of these changes are shown in the tables below.

Stockton:

Purchased water for the Stockton District is obtained from Stockton East Water District (“SEWD”). Effective April 1, 2025, SEWD increased its monthly charges from \$1,089,911 to \$1,236,391 based on true up calculations in accordance with terms of the second amended contract between Cal Water and SEWD implemented on September 25, 1987.

**Table 1**  
**Production Offset Revenue Change by Ratemaking Area**

District	Last Adopted	Revenue Change (in \$)	Revenue Change (in %)	Pass through Changes
Bay Area Region	\$121,695,945	(\$452,581)	-0.4%	Purchased Water
Bear Gulch	\$77,098,877	\$412,790	0.5%	Purchased Water

<sup>1</sup> “Cal Water plans to charge Caltrans for this recycled water at the rates and fees it incurs for recycled water from Redwood City without markup until the conclusion of A.24-07-003, Cal Water’s 2024 GRC Application.” AL 2529-A, p. 3.

<sup>2</sup> Electronic versions of the offset workpapers for this advice letter will be provided separately via Kiteworks.

East Los Angeles	\$43,319,214	\$557,841	1.3%	Purchased Water and Pump Tax
Los Altos	\$60,777,529	\$2,813,033	4.6%	Purchased Water and Pump Tax
Stockton	\$67,333,893	\$1,773,130	2.6%	Purchased Water
<b>Total</b>		<b>\$5,104,213</b>		

Allocation of Revenue as Fixed Cost Recovery: For all customer classes, the amount of fixed costs recovered through fixed service charges was modified in the 2021 GRC Settlement Agreement.<sup>3</sup> In addition, note that the parties to the Settlement “agree that all rates for the upcoming GRC period should be designed to cover fixed costs in the fixed service charges according to the percentages...as shown in the table” in the 2021 Settlement Agreement as adopted in D.24-03-042 (Corrected by D. 24-04-043).<sup>4</sup> The rate design workpapers have been modified to maintain those percentages.

Typical Residential Bill Impact of this Advice Letter: **Table 2** below shows the monthly impact on the typical residential customer bill of just the production expense offsets included in this advice letter.<sup>5</sup> In other words, the typical bill changes are based on the incremental changes in rates calculated for purchased water and pump tax offset revenue changes alone, and do not include the revenue changes from AL 2554 that will also become effective July 1, 2025.

**Table 2**  
**Typical Residential Bill Impact by Rate Area**

Tariff Area	Recorded Usage (2023 - Median)	Typical Bill at Current Rates	Typical Bill with PWO Incremental changes	Change (in \$s)	Change (in %)

*Service List* – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **June 27, 2025**, to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

### **Response or Protest**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division by **July 17, 2025**. Please submit the response or protest by email or mail to:

[water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or  
Tariff Unit, Water Division, 3<sup>rd</sup> floor  
California Public Utilities Commission,  
505 Van Ness Avenue, San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by e-mail or mail to us at:

[cwsrates@calwater.com](mailto:cwsrates@calwater.com), or

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, by **July 17, 2025**, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any responses, protests, or comments, except for the utility's reply, after the comment period.

**Replies:**

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408-367-8200 and ask for the Rates Department.

SPECIAL CONDITIONS (continued)

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
  
5. **Capacity Surcharge for RDV-Coast Springs:** Monthly bills with usage greater than 2 CCF and less than or equal to 6 CCF will include a monthly surcharge of \$8.00 per CCF. Monthly bills with usage at and above 7 CCF will include a monthly capacity surcharge of \$20.00 per CCF. This results in rates for **RDV-Coast Springs** customers as follows:

		<u>RDV-Coast Springs</u>	
		Quantity Rate with Surcharge	
		Included, per CCF	
For	1 – 2 CCF	\$3.6947	(R)
For	3 – 6 CCF	\$11.6947	
For	7 - 9 CCF	\$34.7019	
For	10 - 13 CCF	\$38.3710	
For	For Over 13	\$47.5435	(R)

6. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area: **RDV-Coast Springs** (D.06-04-031) and **RDV-Lucerne** (D.89-09-002).

SPECIAL CONDITIONS (continued)

- 11. **New Service in RDV-Coast Springs:** (continued) Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.
- 12. **Exemption for Saint Anthony's Monastery in RDV-Coast Springs:** Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony's Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.
- 13. **Water Expense Increase:** Beginning on July 1, 2025, rates in this area will reflect a 0.4% revenue reduction due to lower charges by the Bay Area Water Supply and Conservation Agency (BAWSCA) for water received from the San Francisco Public Utilities Commission (SFPUC). This caused quantity rates to go down by the following amounts: \$0.0140 /CCF for Tier 1 usage, \$0.0555 /CCF for Tier 2 usage, \$0.0694 /CCF for Tier 3 usage and \$ 0.1040 /CCF for Tier 4 usage. Monthly service charges also went down, with the charge for a 5/8 x 3/4-inch meter decreasing by \$0.12. The results of these rate changes will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code.

SPECIAL CONDITIONS (continued)

2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).

3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.

4. **Water Expense Increase:** Beginning on July 1, 2025, rates in this area will reflect a 0.5% revenue increase due to higher charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA). This caused quantity rates to go up by the following amounts: \$0.0011 /CCF for Tier 1 usage, \$0.0044 /CCF for Tier 2 usage, \$0.0056 /CCF for Tier 3 usage and \$ 0.0084 /CCF for Tier 4 usage. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.02. The results of these rate changes will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code.

SPECIAL CONDITIONS (continued)

- 4. **Water Expense Increase:** Beginning on July 1, 2025, rates in this area will reflect a 4.6% revenue increase due to higher charges by the Santa Clara Valley Water District. This caused quantity rates to go up by \$0.2604 /CCF. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$1.11. The results of these rate changes will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code.

SPECIAL CONDITIONS (continued)

- 2. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**.
- 3. Fire sprinkler rate: A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
- 4. **Water Expense Increase:** Beginning on July 1, 2025, rates in this area will reflect a 2.6% revenue increase due to lower charges by Stockton East Water District. This caused quantity rates to go up by the following amounts: \$0.0010 /CCF for Tier 1 usage, \$0.0041 /CCF for Tier 2 usage, \$0.0051 /CCF for Tier 3 usage, and \$0.0077 /CCF for Tier 4 usage. #### BEAR GULCH NOTICE OF PROPOSED RATE CHANGE DUE TO PASS-THROUGH OF WHOLESALE SUPPLIER COST INCREASES

Beginning July 1, 2025, water bills of California Water Service (Cal Water) customers in the Bear Gulch District will reflect updated wholesale water charges by the San Francisco Public Utilities Commission (SFPUUC) and Bay Area Water Supply and Conservation Agency (BAWSCA), which are incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water's operations, has determined that expenses for wholesale water supplies are not under the company's control, and that a pass-through of those costs to customers is just. On or around June 25, 2025, Cal Water will file Advice Letter 2556 to request authority to increase its annual revenue in the Bear Gulch District by \$412,790, or 0.5% due to these wholesale cost increases. Pending the CPUC's review of Cal Water's calculations, the rate changes will be effective on July 1, 2025. With the increase, a typical monthly bill for a Bear Gulch District residential customer with a 5/8" x 3/4" meter and who uses approximately 5,984 gallons (8 ccf) of water per month will increase by \$0.44, or 0.6%.

A copy of Advice Letter 2556 will be available online at [www.calwater.com/rates-advice-letters](http://www.calwater.com/rates-advice-letters) (please select the Bear Gulch District from the drop-down menu), and may also be obtained from the company's local office by calling (650) 561-9709. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, CA 95112-4598.

Cal Water offers many programs to help customers manage their water bill, including a low-income Customer Assistance Program (CAP), water-saving appliance/device rebates, and other conservation programs. Please visit our web site at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

#### Responses and Protests

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material errors or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding.
5. The relief requested in the filing requires consideration in a formal hearing or is otherwise inappropriate for the filing process.
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the CPUC).

A response or protest must be made in writing and received by the CPUC's Water Division by July 17, 2025, the end of the comment period. The response or protest should be either emailed to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov) or mailed to water division, CPUC, 505 Van Ness Ave., San Francisco, CA 94102. On the same date the response or protest is sent to the Water Division, it must also be either emailed to [cwsrates@calwater.com](mailto:cwsrates@calwater.com) or mailed to Rates Department, California Water Service, 1720 North First St., San Jose, CA 95112.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the protest period so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200 and ask for the Rates Department.

### STOCKTON NOTICE OF PROPOSED RATE CHANGE DUE TO PASS-THROUGH OF WHOLESAL SUPPLIER COST INCREASES

Beginning July 1, 2025, water bills of California Water Service (Cal Water) customers in the Stockton District will reflect updated wholesale water and groundwater replenishment charges by the Stockton East Water District, which are incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water's operations, has determined that expenses for wholesale water supplies are not under the company's control, and that a pass-through of those costs to customers is just.

On or around June 25, 2025, Cal Water will file Advice Letter 2556 to request authority to increase its annual revenue in the Stockton District by \$1,773,130, or 2.6%, due to these wholesale cost increases. Pending the CPUC's review of Cal Water's calculations, the rate changes will be effective on July 1, 2025. With the increase, a typical monthly bill for a Stockton District residential customer with a 5/8" x 3/4" meter and who uses approximately 5,236 gallons (7 ccf) of water per month will increase by \$1.33, or 2.7%.

A copy of Advice Letter 2556 will be available online at [www.calwater.com/rates-advice-letters](http://www.calwater.com/rates-advice-letters) (please select the Stockton District from the drop-down menu), and may also be obtained from the company's local office by calling (209) 547-7900. #### BAY AREA REGION NOTICE OF PROPOSED RATE CHANGE DUE TO PASS-THROUGH OF WHOLESAL SUPPLIER COST INCREASES

Beginning July 1, 2025, water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect lower costs related to wholesale water purchased from the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA), which are incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water's operations, has determined that expenses for wholesale water supplies are not under the company's control, and that a pass-through of those costs to customers is just.

On or around June 25, 2025, Cal Water will file Advice Letter 2556 to request authority to decrease its annual revenue in the Bay Area Region by \$452,581, or 0.4%, due to these wholesale cost decreases. Pending the CPUC's review of Cal Water's calculations, the rate changes will be effective on July 1, 2025. With the decrease, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter and who uses approximately 4,488 gallons (6 ccf) of water per month will decrease by \$0.21, or 0.4%.

A copy of Advice Letter 2556 will be available online at [www.calwater.com/rates-advice-letters](http://www.calwater.com/rates-advice-letters) (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, CA 95112-4598.

Cal Water offers many programs to help customers manage their water bill, including a low-income Customer Assistance Program (CAP), water-saving appliance/device rebates, and other conservation programs. Please visit our web site at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

#### Responses and Protests

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow

staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material errors or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding.
5. The relief requested in the filing requires consideration in a formal hearing or is otherwise inappropriate for the filing process.
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the CPUC's Water Division by **July 17, 2025**, the end of the comment period. The response or protest should be either emailed to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov) or mailed to Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Ave., San Francisco, CA 94102. On the same date the response or protest is sent to the Water Division, it must also be either emailed to [cwsrates@calwater.com](mailto:cwsrates@calwater.com) or mailed to Rates Department, California Water Service, 1720 North First St., San Jose, CA 95112.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the protest period so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200 and ask for the Rates Department.

#### BAY AREA REGION NOTICE OF PROPOSED RATE CHANGE DUE TO PASS-THROUGH OF WHOLESALE SUPPLIER COST INCREASES

Beginning July 1, 2025, water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect lower costs related to wholesale water purchased from the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA), which are incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water's operations, has determined that expenses for wholesale water supplies are not under the company's control, and that a pass-through of those costs to customers is just.

On or around June 25, 2025, Cal Water will file Advice Letter 2556 to request authority to decrease its annual revenue in the Bay Area Region by \$452,581, or 0.4%, due to these wholesale cost decreases.

Pending the CPUC's review of Cal Water's calculations, the rate changes will be effective on July 1, 2025. With the decrease, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter and who uses approximately 4,488 gallons (6 ccf) of water per month will decrease by \$0.21, or 0.4%. A copy of Advice Letter 2556 will be available online at [www.calwater.com/rates-advice-letters](http://www.calwater.com/rates-advice-letters) (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's local office by calling (707) 274-6624 for Redwood Valley or (650) 558-7800 for Bayshore. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, CA 95112-4598.

Cal Water offers many programs to help customers manage their water bill, including a low-income Customer Assistance Program (CAP), water saving appliance/device rebates, and other conservation programs. Please visit our web site at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

#### Responses and Protests

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material errors or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding.
5. The relief requested in the filing requires consideration in a formal hearing or is otherwise inappropriate for the filing process.
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the CPUC's Water Division by July 17, 2025, the end of the comment period. The response or protest should be either emailed to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov) or mailed to: Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Ave., San Francisco, CA 94102.

On the same date the response or protest is sent to the Water Division, it must also be either emailed to [cwsrates@calwater.com](mailto:cwsrates@calwater.com) or mailed to Rates Department, California Water Service, 1720 North First St., San Jose, CA 95112.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the protest period so that a late-filed protest can be considered. The informing document should include an estimated date on which the proposed protest may be voted.

If you have not received a reply to your protest within 10 business days, contact Cal Water at (408) 367-8200 and ask for the Rates Department.

**DECLARATION OF GREG A. MILLEMAN  
REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER**

I, Greg A. Milleman, declare and state:

1. I am the Vice President, Rates and Regulatory Affairs, of California Water Service Company (U 60 W) (“Cal Water”).
2. Cal Water is filing Advice Letter 2556 on June 27, 2025, requesting a revenue increase in the Bay Area Region, Bear Gulch, East Los Angeles, Los Altos, and Stockton ratemaking areas to reflect increases in purchased water and pump tax costs.
3. Customer notices of the filing of this advice letter are being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication orders that identifies the name of the publication, the date of publication, and a copy of the notice itself.
4. This newspaper publication meets the requirements of the California Public Utilities Commission’s (“Commission’s”) General Order 96-B (“GO 96-B”), Water Industry Rule 3.1.
5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer’s bill in both dollar and percentage terms.
6. This customer bill notice meets the requirements of the Commission’s GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on June 27, 2025, in San Jose, California.
