July 16, 2025

Advice Letter No. 2558

CALIFORNIA WATER SERVICE COMPANY (U-60-W)

To The Public Utilities Commission of the State of California:

California Water Service Company (Cal Water) requests revenue changes associated with pass-through cost increases for the Los Angeles County Region and South Bay Region.

<u>New/Revised</u> <u>CPUC Sheet No.</u>	<u>Title of Sheet</u>	<u>Schedule No.</u>	<u>Cancelling</u> <u>CPUC Sheet No.</u>
---	-----------------------	---------------------	--

See Attachment 1

Summary

This filing proposes revenue adjustments to reflect the cost changes associated with purchased water and pump taxes in the ratemaking areas detailed below. Cal Water requests an effective date of August 1, 2025, for this Tier 1 advice letter. A summary of the revenue changes and bill impacts are below.

Please Note: In this advice letter, Cal Water proposes customer rates effective August 1, 2025, that will be the result of combining purchased water/pump tax offsets requested in this advice letter with rate base offsets that were filed and approved in Advice Letter 2554. Therefore, the tariffs included here and identified in **Attachment 1** will reflect the revenue changes that are proposed in this advice letter in addition to those in AL 2554 for the corresponding rate areas.

Discussion

The basis for the proposed revenue changes is described for each ratemaking area below.

Los Angeles County Region:

Purchased water for the Palos Verdes area (a sub-region of the Los Angeles County Region), is obtained from West Basin Municipal Water District (“West Basin”). Effective July 1, 2025, West Basin increased its Tier 1 potable water rates from \$1,899 per acre-foot to \$1,917 per acre-foot.

Note that, in D.20-12-007, the Commission authorized a tariff split so that Antelope Valley customers would not have to fund the most expensive main replacement line in Cal Water’s history, the Palos Verdes Peninsula Water Reliability Project (“PVPWRP”) (with capital costs at over \$100 million). Accordingly, Antelope Valley and Palos Verdes customers have returned to having different sets of rates. They are still consolidated for ratemaking purposes, however, so the

CALIFORNIA WATER SERVICE COMPANY

purchased water offset requested here affects both Palos Verdes and Antelope Valley customers (albeit with different bill impacts).

South Bay Region:

Purchased water for the Dominguez and Hermosa-Redondo areas is obtained from West Basin. Effective July 1, 2025, West Basin will increase its Tier 1 potable water rates from \$1,899 per acre-foot to \$1,917 per acre-foot. In addition, the Water Replenishment District of Southern California increased its pump tax rate from \$437 per acre-foot to \$455 per acre-foot effective July 1, 2025.

Table 1
Production Offset Revenue Change by Area

Area	Last Adopted	Revenue Change (in \$)	Revenue Change (in %)	Pass through Changes
Los Angeles County Region	\$68,996,392	\$547,914	0.8%	Purchased Water
Los Angeles County Region + PV Pipeline	\$82,289,965		0.7%	
South Bay Region	\$135,984,874	\$2,059,377	1.5%	Purchased Water and Pump Tax

Allocation of Revenue as Fixed Cost Recovery: For all customer classes, the amount of fixed costs recovered through fixed service charges was modified in the 2021 GRC Settlement Agreement.¹ In addition, note that the parties to the Settlement “agree that all rates for the upcoming GRC period should be designed to cover fixed costs in the fixed service charges according to the percentages...as shown in the table” in the 2021 Settlement Agreement as adopted in D.24-03-042 (Corrected by D. 24-04-043).² The rate design workpapers have been modified to maintain those percentages.

Typical Residential Bill Impact of this Advice Letter: **Table 2** below shows the monthly impact on the typical residential customer bill of **just the production expense offsets included in this advice letter**.³ In other words, the typical bill changes are based on the incremental changes in rates calculated for purchased water and pump tax offset revenue changes alone, and do not include the revenue changes from AL 2554 that will also become effective July 1, 2025.

¹ 2021 Settlement Agreement at p. 5.

² 2021 Settlement Agreement at p. 6.

³ Typical residential customer with a 5/8" x 3/4" meter at 2023 median usage.

Table 2
Typical Residential Bill Impact of Purchased Water/Pump Tax Increases Alone

Tariff Area	Recorded Usage (2023 - Median)	Typical Bill at Current Rates	Typical Bill with PWO/Pump Tax Increases	Change (in \$s)	Change (in %)
Los Angeles County Region-AV	7	\$47.87	\$48.23	\$0.36	0.8%
Los Angeles County Region-PV	11	\$94.87	\$95.46	\$0.59	0.6%
South Bay Region	7	\$47.68	\$48.41	\$1.33	1.5%

Requested Effective Date

Under General Order 96-B, Water Industry Rule 7.3.1, as modified by Resolution W-4664, this is a Tier 1 advice letter. Cal Water requests that the rates proposed in this advice letter become effective on **August 1, 2025**.

Notice

Customer Notice – A legal notice of this advice letter is being published in a newspaper of local circulation consistent with GO 96-B, Water Industry Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed, are attached.

In an abundance of caution, as the last newspaper notice will be published on July 18, 2025, Cal Water proposes to extend the protest period to **August 7, 2025** to ensure the protest deadline occurs at least 20 days after the last newspaper notice for this request is published.

Service List – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **July 16, 2025**, to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2558, Los Angeles County Region and South Bay Region – August 2025 Purchased Water and Pump Tax Offsets
Page 5

- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division by **August 7, 2025**. Please submit the response or protest by email or mail to:

water.division@cpuc.ca.gov, or
Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by e-mail or mail to us at:

cwsrates@calwater.com, or
Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, by **August 7, 2025**, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any responses, protests, or comments, except for the utility's reply, after the comment period.

Replies:

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408-367-8200 and ask for the Rates Department.

Antelope Valley Tariff Area (Los Angeles County Region)

RESIDENTIAL METERED SERVICE

APPLICABILITY

Applicable to all metered water service provided to single-family residential customers.

TERRITORY

Antelope Valley Service Area:

A portion of the community of Leona Valley and vicinity, Los Angeles County

A portion of the community of Lancaster and vicinity, Los Angeles County.

The community of Fremont Valley, Kern County and Lake Hughes and vicinity, Los Angeles County.

RATES

1 CCF is 100 cubic feet (approximately 748 gallons)

Quantity Rates:

For 1 - 6 CCF, per CCF	\$1.8924	(l)
For 7 to 17 CCF, per CCF	\$7.5663	(l)
For 18 to 25 CCF, per CCF	\$9.4577	(l)
For over 25 CCF, per CCF	\$14.1861	(l)

Service Charge:

Per Meter Per Month

For	5/8 x 3/4 - inch meter	\$29.38	(l)	
For	3/4 - inch meter	\$44.07		
For	Fire Sprinkler with 1 - inch meter	\$30.26		
For	1 - inch meter	\$73.45		
For	1-1/2 - inch meter	\$146.90		
For	2 - inch meter	\$235.04		
For	3 - inch meter	\$440.70		
For	4 - inch meter	\$734.50		
For	6 - inch meter	\$1,469.00		
For	8 - inch meter	\$2,350.40		
For	10 - inch meter	\$3,378.70		
For	12 - inch meter	\$4,847.70		
For	14 - inch meter	\$6,610.50		(l)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

Schedule No. AV-LAR-1-R
Antelope Valley Tariff Area (Los Angeles County Region)
RESIDENTIAL METERED SERVICE

SPECIAL CONDITIONS

1. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**.
2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).
3. **Fire sprinkler rate:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
4. **Water Expense Increase:** Beginning on August 1, 2025, rates in this area will reflect a 0.8% revenue increase due to higher charges by West Basin Municipal Water District. This caused quantity rates to go up by the following amounts: \$0.0150 /CCF for Tier 1 usage, \$0.0599 /CCF for Tier 2 usage, \$0.0749 /CCF for Tier 3 usage, and \$0.1122 /CCF for Tier 4 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. The monthly service charge for a 5/8 x 3/4-inch meter changed by \$0.23.

---	--	--

Schedule No. PV-LAR-1-NR
Palos Verdes Tariff Area (Los Angeles County Region)
NONRESIDENTIAL METERED SERVICE

APPLICABILITY

Applicable to all metered water service except that provided to single-family residential customers.

TERRITORY

Palos Verdes Service Area:

Palos Verdes Estates, Rolling Hills, Rolling Hills Estates, Lomita, Rancho Palos Verdes, San Pedro, and vicinity, Los Angeles County.

RATES

1 CCF is 100 cubic feet (approximately 748 gallons)

Quantity Rates:

Per CCF	\$9.4163	(I)
---------	----------	-----

Service Charge:

		<u>Per Meter Per Month</u>	
For	5/8 x 3/4 - inch meter	\$37.59	(I)
For	3/4 - inch meter	\$56.39	
For	1 - inch meter	\$93.98	
For	1-1/2 - inch meter	\$187.95	
For	2 - inch meter	\$300.72	
For	3 - inch meter	\$563.85	
For	4 - inch meter	\$939.75	
For	6 - inch meter	\$1,879.50	
For	8 - inch meter	\$3,007.20	
For	10 - inch meter	\$4,322.85	
For	12 - inch meter	\$6,202.35	
For	14 - inch meter	\$8,457.75	

The service charge is a readiness-to-serve charge that is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS

1. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).

2. Qualifying non-profit group living facilities, agricultural employee housing facilities, and migrant farm worker housing centers are eligible for credits as shown on **Schedule CAP**.

Schedule No. PV-LAR-1-NR
Palos Verdes Tariff Area (Los Angeles County Region)
NONRESIDENTIAL METERED SERVICE

SPECIAL CONDITIONS (continued)

- 3. **Water Expense Increase:** Beginning on August 1, 2025, rates in this area will reflect a 0.7% revenue increase due to higher charges by West Basin Municipal Water District. This caused quantity rates to go up by \$0.0664 /CCF. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. The monthly service charge for a 5/8 x 3/4-inch meter changed by \$0.20. (C)
(R)
(R)
(I)
- 4. **Temporary Surcharge to Recover Peninsula Water Reliability Project Costs:** Customers will receive a surcharge of \$0.2832 per one CCF (approximately 748 gallons) of water used for a period of 24 months starting April 1, 2025.

Schedule No. LAR-PV-6
Los Angeles County Region Tariff Area
RECYCLED METERED SERVICE

APPLICABILITY

Applicable to all recycled water customers that have signed a contract with the West Basin Municipal Water District (West Basin) for repayment of the conversion costs from potable to recycled water service will be charged the potable quantity rates while the contract is in effect. The Company will pay West Basin a percentage of the quantity rate revenues collected from recycled water customers billed at potable water rates. The percentage refunded represents the difference between the current West Basin wholesale potable water rate and the wholesale recycled water rate.

TERRITORY

Palos Verdes Service Area:
 Palos Verdes Estates, Rolling Hills, Rolling Hills Estates, Lomita, Rancho Palos Verdes, San Pedro and vicinity, Los Angeles County.

RATES

1 CCF is 100 cubic feet (approximately 748 gallons)

Quantity Rates:

Per CCF \$5.4200 (I)

Service Charge:

		<u>Per Meter Per Month</u>	
For	5/8 x 3/4 - inch meter	\$49.31	(I)
For	3/4 - inch meter	\$73.97	
For	1 - inch meter	\$123.28	
For	1-1/2 - inch meter	\$246.55	
For	2 - inch meter	\$394.48	
For	3 - inch meter	\$739.65	
For	4 - inch meter	\$1,232.75	
For	6 - inch meter	\$2,465.50	
For	8 - inch meter	\$3,944.80	
For	10 - inch meter	\$5,670.65	
For	12 - inch meter	\$8,136.15	
For	14 - inch meter	\$11,094.75	

The service charge is a readiness-to-serve charge that is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

	<u>Rates and Regulatory Affairs</u>	Resolution _____

Schedule No. SBR-1-R
South Bay Region
RESIDENTIAL METERED SERVICE

SPECIAL CONDITIONS

1. Dominguez Service Area:
Portions of Carson, Los Angeles, Long Beach, Torrance, and vicinity, Los Angeles County.
Hermosa-Redondo Service Area:
Hermosa Beach, Redondo Beach, Torrance, and vicinity, Los Angeles County.
2. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**.
3. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).
4. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
5. **Water Expense Increase:** Beginning on August 1, 2025, rates in this area will reflect a 1.5% revenue increase due to higher charges by West Basin Municipal Water District and the Water Replenishment District of Southern California. This caused quantity rates to go up by the following amounts: \$0.0292 /CCF for Tier 1 usage, \$0.1183 /CCF for Tier 2 usage, \$0.1479 /CCF for Tier 3 usage and \$0.2222 /CCF for Tier 4 usage. Amounts collected from this quantity rate increase will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.44.

South Bay Region

RECYCLED METERED SERVICE

SPECIAL CONDITIONS

1. Dominguez Service Area:
Portions of Carson, Los Angeles, Long Beach, Torrance, and vicinity, Los Angeles County.
Hermosa-Redondo Service Area:
Hermosa Beach, Redondo Beach, Torrance, and vicinity, Los Angeles County.
2. Recycled water will be supplied only as available from West Basin Municipal Water District.
3. As a condition of service under this schedule, all customers are required to comply with the Company's Rule 16, Section D, Recycled Water Service.
4. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).
5. Recycled water service refers to non-potable water that has been processed and treated by one of the following methods:
 - A. Title 22 Water refers to wastewater that has undergone tertiary treatment that meets recycled water use standards as established in Title 22 of the California Code of Regulations, Division 4 Environmental Health, Chapter 3 Reclamation Criteria, Articles 1 through 10.
 - B. R.O. Water refers to Title 22 Water that has further undergone reverse osmosis treatment to remove salts and dissolved solids.
 - C. Nitrified Water refers to Title 22 Water that has further undergone a biological treatment and processing for removal of ammonia.
6. **Water Expense Increase:** Beginning on August 1, 2025, rates in this area will reflect a 1.5% revenue increase due to higher charges by West Basin Municipal Water District and the Water Replenishment District of Southern California. This caused the Title 22 (for the first 21,780 ccf) quantity rates to go up by \$0.0662/CCF. Amounts collected from this quantity rate increase will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$0.46.
