November 21, 2025

**Advice Letter No. 2571**

**CALIFORNIA WATER SERVICE COMPANY (U-60-W)**

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this Tier 2 advice letter requesting approval to implement the tariff changes listed below applicable to all Class A service areas in accordance with Ordering Paragraph 1 of Decision 20-12-007 and the dicta of Decision 24-03-042.

<u>New/Revised</u> <u>CPUC Sheet No.</u>	<u>Title of Sheet</u>	<u>Schedule No.</u>	<u>Cancelling</u> <u>CPUC Sheet No.</u>
---	-----------------------	---------------------	--

**See Attachment 1**

**Summary**

This advice letter requests approval for revenue increases for the costs associated with 13 used and useful capital projects previously authorized in Cal Water’s 2018 General Rate Case decision (“D.20-12-007”) and 2021 General Rate Case decision (“D.24-03-042”). The requested effective date is January 1, 2026. Note that Cal Water proposes to extend the protest period to **December 16, 2025** to ensure the deadline is at least 20 days after the last notice of this request is published in newspapers.

**Background**

In December 2020, the Commission issued D.20-12-007 adopting a Partial Settlement Agreement (“2018 Settlement Agreement”) which resolved Cal Water’s 2018 General Rate Case (“2018 GRC”). Attachment 8 of the 2018 Settlement Agreement identifies certain projects whose costs may be recovered through a Tier 2 advice letter after the projects are used and useful.

In March 2024, the Commission approved D.24-03-042 adopting a Partial Settlement Agreement (“2021 GRC Settlement Agreement”) which resolved Cal Water’s 2021 General Rate Case (“2021 GRC”). Included in D.24-03-042 was a discussion on previously authorized capital projects from Cal Water’s 2018 GRC. While the Commission declined to include such previously authorized projects in adopted rate base when issuing D.24-03-042, it authorized Cal Water to “follow the Commission’s existing processes for adding previously authorized projects that are completed and used and useful into rate base.”<sup>1</sup>

---

<sup>1</sup> D.24-03-024 at pp. 32-33.

Water Industry Rule 7.3.3(8) of Commission General Order 96-B (“GO 96-B”) categorizes a rate base offset as a Tier 3 advice letter. However, Water Industry Rule 7.3.3(8) provides that a rate base offset can be filed as a Tier 2 advice letter if:

- (i) The rate base offset was previously approved by the Commission in a decision or resolution;
- (ii) The project scope is consistent with what the Commission approved; and
- (iii) The Commission approval included a budget cap and the rate base offset request is at or below the budget cap.

Cal Water’s immediate request to add used and useful projects to rate base, consistent with the previously authorized scope and budget, is thus appropriate for disposition via a Tier 2 advice letter.

Cal Water has also filed two other advice letters (“AL”) which are described here but the effects on the current filing are discussed below.

On November 14, 2025, Cal Water filed advice letter (“AL”) 2568 which requested the following to be effective on January 1, 2026: (1) the implementation of interim rates increased by the rate of inflation and (2) the creation of an interim rate memorandum account (“IRMA”) to track the differences between interim rates and final rates. In AL 2568, Cal Water is “increasing the rates effective today by the rate of inflation, which will be the most recent 12-month ending change in the U.S. Cities Consumer Price Index for All Urban Consumers published by the U.S. Bureau of Labor Statistics.”<sup>2</sup> As of September 2025, the rate of inflation defined above is 3%.<sup>3</sup> Cal Water also specified that *“No tariffs are being provided at this time because Cal Water will be requesting additional rate changes effective January 1, 2026, for all affected areas in subsequent advice letters, and those advice letters will contain tariffs that will reflect the interim rate increases requested herein.”*

In conjunction with this filing, Cal Water is filing AL 2570 requesting revenue changes to reflect changes in costs associated with purchased water, pump taxes, and purchased power in most ratemaking areas.

### **Discussion**

As mentioned above, Cal Water was authorized to complete numerous projects to maintain safe and reliable service throughout its service territory.<sup>4</sup> Cal Water is requesting to add 13 used and useful projects, authorized by the Commission, to adopted rate base. All projects included for incremental revenue recovery are consistent with the scope and budget authorized by the Commission.

The total authorized budget for these projects is \$13,911,049. While the total cost for these projects is currently \$19,774,384, Cal Water only requests recovery of \$12,292,464. Previously

---

<sup>2</sup> 10/03/2025 Ruling at 4 (Ordering Paragraph 2).

<sup>3</sup> <https://www.bls.gov/news.release/pdf/cpi.pdf>.

<sup>4</sup> D.20-12-007, Ordering Paragraph 1.

authorized projects with actual costs exceeding the allowed costs were capped at the allowed amount. Previously approved projects with actual costs less than allowed cost are requested for recovery at the actual amount. The list of approved projects for which recovery is being requested is in **Attachment 2** to this advice letter. Adding these 13 previously authorized used and useful projects to rate base will result in a company-wide incremental annual revenue increase of \$1,514,677.

In D.24-03-002, the Commission stated that, when seeking recovery of used and useful projects, Cal Water should “seek to package rate base offset approval requests for multiple projects into a single advice letter request for both administrative efficiency and to minimize the number of rate requests outside of the GRC.”<sup>5</sup> The Commission indicated such a process would provide for timely authorization of rate base offsets for previously approved projects, “especially if these projects may be approved as Tier 2 advice letters.”<sup>6</sup> Cal Water’s requested relief in this Tier 2 advice letter is in accordance with D.24-03-002, so timely authorization for recovery is appropriate. Furthermore, when commenting on Cal Water’s 2021 GRC during the Commission’s March 7, 2024, Business Meeting, President Alice Reynolds set the clear expectation that such advice letters be processed in a timely manner.<sup>7</sup> The importance of timely and efficient processing of utility requests was reiterated by the other Commissioners as well.<sup>8</sup>

The detailed calculations for the incremental rate base revenue amounts are contained in the workpapers. As shown in those workpapers, these incremental revenue amounts for the rate base offset were added on top of the revenue and expenses from AL 2570 noted above. This combined revenue requirement was then used to develop the overall rates for this filing. Once these overall rates were calculated, the incremental inflation from AL 2568 was added to each rate component to generate the tariff rates submitted here.

A summary of the revenue increases by ratemaking area is provided in **Table 1** below, and shows that most increases are significantly less than one percent of the revenue requirement requested in AL 2570.

---

<sup>5</sup> D.24-03-002 at p. 33.

<sup>6</sup> *Id.*

<sup>7</sup> See [https://www.adminmonitor.com/ca/cpuc/voting\\_meeting/20240307/](https://www.adminmonitor.com/ca/cpuc/voting_meeting/20240307/) at 3:07:11.

<sup>8</sup> *Id.* at 3:02:40 (Houck, discussing GRCs), 3:10:41 (Douglas), and 3:14:25 (Reynolds).

**Table 1**  
**Rate Base Offset for Previously Authorized Projects**  
**Revenue Increase by Ratemaking Area**

<b>District</b>	<b>Revenue Increase</b>	<b>% of AL 2570 Revenues</b>
Bay Area Region	\$101,174	0.08%
Bear Gulch	\$800,394	1.02%
Los Altos	\$45,880	0.07%
North Valley Region	\$93,441	0.23%
South Bay Region	\$444,461	0.31%
Visalia	\$29,327	0.08%
<b>TOTAL</b>	<b>\$1,514,677</b>	

**Allocation of Revenue as Fixed Cost Recovery**

For all customer classes, the amount of fixed costs recovered through fixed service charges was modified in the 2021 GRC Settlement Agreement.<sup>9</sup> In addition, note that the parties to the Settlement “agree that all rates for the upcoming GRC period should be designed to cover fixed costs in the fixed service charges according to the percentages...as shown in the table” in the 2021 Settlement Agreement as adopted in D.24-03-042 (corrected by D.24-04-043).<sup>10</sup> In the absence of a decision in Cal Water’s 2024 GRC, the rate design workpapers have been modified to maintain those percentages.

**Typical Residential Bill Impact**

**Table 2** below shows the monthly bill impact of just the rate base offsets included in this advice letter for the typical residential customer.<sup>11</sup> The typical bill increases are based on incremental changes in rates calculated for rate base offset revenue increases only, and do not include surcharges or taxes. The baseline used for comparison, as noted in the table, is the total bill calculated using rates from the production cost offsets in AL 2570 without any inflation adjustments from AL 2568. The adjustments from AL 2568 are only reflected in the tariffs.

<sup>9</sup> 2021 Settlement Agreement at p. 5.

<sup>10</sup> 2021 Settlement Agreement at p. 6.

<sup>11</sup> Typical residential customer with a 5/8” x 3/4” meter at 2023 median usage.

**Table 2**  
**Typical Residential Bill Impact by Tariff Area**

Tariff Area	Median Usage	Typical Bill at AL 2570 Rates	Typical Bill with RBO Incremental changes	Bill Change (\$)	Bill Change (%)
Bay Area Region	6	\$53.42	\$53.48	\$0.06	0.11%
Bay Area Region - Coast Springs area	1	\$34.64	\$34.69	\$0.05	0.14%
Bear Gulch	8	\$80.85	\$81.86	\$1.01	1.25%
Los Altos	9	\$87.68	\$87.75	\$0.07	0.08%
North Valley Region – Chico	8	\$33.37	\$33.46	\$0.09	0.27%
North Valley Region – Oroville	6	\$44.77	\$44.84	\$0.07	0.16%
South Bay Region – Dominguez	7	\$48.96	\$49.21	\$0.25	0.51%
South Bay Region – Hermosa-Redondo	6	\$40.71	\$40.94	\$0.23	0.56%
Visalia	11	\$27.07	\$27.09	\$0.02	0.07%

**No Change to Bay Area Region Recycled Water Tariff**

This advice letter does not include changes to Schedule No. BAR-BAY-6, the tariff for recycled metered service that was approved in AL 2529-A. The new tariff was created to enable Cal Water to provide recycled water from the City of Redwood City’s pipeline to the California Department of Transportation (“Caltrans”) in the San Carlos area of the Bayshore District. As approved by AL 2529-A, Cal Water’s recycled water tariff will mirror the rates Cal Water pays for recycled water – essentially, Redwood City’s rates – and will only vary from those rates upon the conclusion of A.24-07-003.<sup>12</sup>

**Requested Effective Date**

Cal Water requests that this advice letter become effective **January 1, 2026**.

**Notice**

*Customer Notice* – Individual customer notice of this advice letter is not required under General Order 96-B, Water Industry Rule 3.1, as the requested rate increase is less than 10% of the district’s revenue requirement. In this case, none of the requested revenue increases exceed the 10% threshold. Therefore, Cal Water is publishing legal notice of this advice letter in newspapers of local circulation for the impacted tariff areas consistent with Rule 3.1. Copies of the orders for newspaper publication and verification from an officer of the utility that the advice letter has been properly and timely noticed are provided in **Attachment 3 and Attachment 4**, respectively.

---

<sup>12</sup> “Cal Water plans to charge Caltrans for this recycled water at the rates and fees it incurs for recycled water from Redwood City without markup until the conclusion of A.24-07-003, Cal Water’s 2024 GRC Application.” AL 2529-A, p. 3.

## CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2571, Rate Base Offset for Various Ratemaking Areas

Page 7

In an abundance of caution, Cal Water proposes to extend the protest period to **December 16, 2025** to ensure the protest deadline occurs at least 20 days after the last newspaper notice for this request is published.

*Service List* – In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **November 21, 2025**, to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

### **Response or Protest**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division by **December 16, 2025**. Please submit the response or protest by email or mail to:

[water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or  
Tariff Unit, Water Division, 3<sup>rd</sup> floor  
California Public Utilities Commission,  
505 Van Ness Avenue, San Francisco, CA 94102

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by e-mail or mail to us at:

**CALIFORNIA WATER SERVICE COMPANY**

Advice Letter 2571, Rate Base Offset for Various Ratemaking Areas

[cwsrates@calwater.com](mailto:cwsrates@calwater.com), or  
Natalie Wales  
California Water Service Company  
1720 North First Street,  
San Jose, California 95112

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division by **December 16, 2025** so that a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The advice letter process does not provide for any responses, protests, or comments, except for the utility's reply, after the comment period.

**Replies**

The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at 408-367-8200 and ask for the Rates Department.

Page 1

Note: On January 1, 2017, the rates of the Bayshore District and the Redwood Valley District were consolidated. The resulting district is the "Bay Area Region."

**APPLICABILITY:**

Applicable to all metered water service provided to single-family residential customers.

**TERRITORY (see special conditions for area details):**

- Bayshore Service Area
- Redwood Valley - Coast Springs Service Area
- Redwood Valley - Lucerne Service Area
- Redwood Valley - Unified Service Area

**RATES**

1 CCF is 100 cubic feet (approximately 748 gallons)

**Quantity Rates:**

For 1 - 6 CCF, per CCF	\$3.8698	(I)
For 7 to 9 CCF, per CCF	\$15.3988	(I)
For 10 to 13 CCF, per CCF	\$19.2417	(I)
For over 13 CCF, per CCF	\$28.8490	(I)

**Service Charge:**

**Per Meter Per Month**

For	5/8 x 3/4 - inch meter	\$31.86	(I)	
For	3/4 - inch meter	\$47.79		
For	Fire Sprinkler w/1-inch meter	\$32.81		
For	1 - inch meter	\$79.65		
For	1-1/2 - inch meter	\$159.28		
For	2 - inch meter	\$254.85		
For	3 - inch meter	\$477.85		
For	4 - inch meter	\$796.41		
For	6 - inch meter	\$1,592.82		
For	8 - inch meter	\$2,548.51		
For	10 - inch meter	\$3,663.49		
For	12 - inch meter	\$5,256.31		
For	14 - inch meter	\$7,167.69		(I)

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

	<u>Rates and Regulatory Affairs</u>	Resolution _____

**Schedule No. BAR-1-R**  
**Bay Area Region**  
**RESIDENTIAL METERED SERVICE**

SPECIAL CONDITIONS (continued)

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
  
5. **Capacity Surcharge for RDV-Coast Springs:** Monthly bills with usage greater than 2 CCF and less than or equal to 6 CCF will include a monthly surcharge of \$8.00 per CCF. Monthly bills with usage at and above 7 CCF will include a monthly capacity surcharge of \$20.00 per CCF. This results in rates for **RDV-Coast Springs** customers as follows:

		<u>RDV-Coast Springs</u>	
		Quantity Rate with Surcharge	
		Included, per CCF	
For	1 – 2 CCF	\$3.8698	(I)
For	3 – 6 CCF	\$11.8698	
For	7 - 9 CCF	\$35.3988	
For	10 - 13 CCF	\$39.2417	
For	For Over 13	\$48.8490	(I)

6. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area: **RDV-Coast Springs** (D.06-04-031) and **RDV-Lucerne** (D.89-09-002).

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and increased charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the Bay Area Region by \$1,467,884, or 1.2%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter who uses 6 CCF of water (which is 600 cubic feet, or approximately 4,488 gallons) per month will increase by \$0.37, or 0.7%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$101,174, or 0.08% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of a Bay Area Region residential customer with 6 CCF of monthly water usage would increase by approximately \$0.06, or 0.1%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be

recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Bayshore district local office by calling (650) 558-7800 or Redwood Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order; or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or

5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and increased charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the Bay Area Region by \$1,467,884, or 1.2%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Bay Area Region residential customer in the Coast Springs area with a 5/8" x 3/4" meter who uses 1 CCF of water (which is 100 cubic feet, or approximately 748 gallons) per month will increase by \$0.06, or 0.2%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$101,174, or 0.08% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of a Bay Area Region residential customer in the Coast Springs area with 1 CCF of monthly water usage would increase

by approximately \$0.05, or 0.2%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Redwood Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (800) 220-4299 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.

4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the Bear Gulch District will reflect a pass-through of higher wholesale water charges by the San Francisco Public Utilities Commission (SFPUC) and increased charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the Bear Gulch District by \$887,342, or 1.14%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Bear Gulch residential customer with a 5/8" x 3/4" meter who uses 8 CCF of water (which is 800 cubic feet, or approximately 5,984 gallons) per month will increase by \$0.62, or 0.8%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$800,394, or 1.02% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of a Bear Gulch District residential customer with 8 CCF of monthly water usage would increase by approximately \$1.00, or 1.24%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice>. letters/ (please select the Bear Gulch District from the drop-down menu), and may also be obtained from the company's local office by calling (650) 561-9709. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), formerly, low-income ratepayer assistance program (LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

**Protests and Responses.** Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and

must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the North Valley Region's Chico area will reflect a pass-through of lower wholesale water charges by the County of Butte and increased charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the North Valley Region by \$375,530, or 0.9%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2026. With the increase, a typical monthly bill for a Chico residential customer with a 5/8" x 3/4" meter who uses 8 CCF of water (which is 800 cubic feet, or approximately 5,984 gallons) per month will increase by \$0.12, or 0.4%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$93,441, or 0.2% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of a Chico residential customer with a 5/8" x 3/4" meter who uses 8 CCF of water per month will increase by approximately \$0.09, or 0.3%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Chico District from the drop-down menu), and may also be obtained from the company's local offices by calling (530) 893-6300. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the Los Altos District will reflect a pass-through of higher charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC) has determined that expenses for purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue by \$224,193, or 0.4%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Los Altos residential customer with a 5/8" x 3/4" meter who uses 9 CCF (which is 900 cubic feet or 6,732 gallons) of water per month will increase by \$0.23, or 0.3%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$45,880, or 0.07% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of a Los Altos District residential customer with 9 CCF (approximately 6,732 gallons) of monthly water usage would increase by approximately \$0.08, or 0.09%.

Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed. A copy of Advice Letters 2570 and 2571 will be

available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select Los Altos Suburban from the drop-down menu), and may also be obtained from the company's local offices by calling (650) 917-0152. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would

require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the Los Altos District will reflect a pass-through of higher charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC) has determined that expenses for purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue by \$224,193, or 0.4%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Los Altos residential customer with a 5/8" x 3/4" meter who uses 9 CCF (which is 900 cubic feet or 6,732 gallons) of water per month will increase by \$0.23, or 0.3%. On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$45,880, or 0.07% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of a Los Altos District residential customer with 9 CCF (approximately 6,732 gallons) of monthly water usage would increase by approximately \$0.08, or 0.09%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the North Valley Region's Oroville area will reflect a pass-through of lower wholesale water charges by the County of Butte and increased charges for purchased power from Pacific Gas & Electric, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the North Valley Region by \$375,530, or 0.9%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2026. With the increase, a typical monthly bill for an Oroville residential customer with a 5/8" x 3/4" meter who uses 6 CCF of water (which is 600 cubic feet, or approximately 4,488 gallons) per month will increase by \$0.05, or 0.1%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$93,441, or 0.2% of currently authorized revenue. If approved, effective January 1, 2026, the water bill of an Oroville residential customer with a 5/8" x 3/4" meter who uses 6 CCF of water per month will increase by approximately \$0.08, or 0.2%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Oroville District from the drop-down menu), and may also be obtained from the company's local offices by calling (530) 533-4034. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department. Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part

and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the South Bay Region's Dominguez area will reflect a pass-through of higher wholesale water charges by the West Basin Municipal Water District and increased charges for purchased power from Southern California Edison, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the South Bay Region by \$4,333,357, or 3.1%. Pending the CPUC's review of Cal Water's calculations, the rate increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Dominguez residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,236 gallons) per month will increase by \$0.53, or 1.1%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$444,461, or 0.3% of currently authorized revenue. If approved, effective January 1, 2026, the water bill for a Dominguez residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water per month will increase by \$0.24, or 0.5%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the

Rancho Dominguez District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the South Bay Region's Hermosa-Redondo area will reflect a pass-through of higher wholesale water charges by the West Basin Municipal Water District and increased charges for purchased power from Southern California Edison, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the South Bay Region by \$4,333,357, or 3.1%. Pending the CPUC's review of Cal Water's calculations, the rate increase will be effective on January 1, 2026. With the increase, a typical monthly bill for a Hermosa-Redondo residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,236 gallons) per month will increase by \$0.15, or 0.4%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$444,461, or 0.3% of currently authorized revenue. If approved, effective January 1, 2026, the water bill for a Hermosa-Redondo residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water per month will increase by \$0.23, or 0.6%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the

Rancho Dominguez District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

The response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to

[cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112). CALIFORNIA WATER SERVICE COMPANY

#### NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning January 1, 2026, the water bills of California Water Service (Cal Water) customers in the Visalia District will reflect a pass-through of higher pump taxes by the City of Visalia and increased charges for purchased power from Southern California Edison, incurred by the company. The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for pump taxes and purchased power are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated. Cal Water is also requesting to change rates for costs associated with completed infrastructure projects previously authorized by the CPUC in Decision 24-03-042.

On or around November 21, 2025, Cal Water will file Advice Letter 2570 to request authority to increase its annual revenue in the Visalia District by \$155,479, or 0.42%. Pending the CPUC's review of Cal Water's calculations, the rate will be effective on January 1, 2026. With the increase, a typical monthly bill for a Visalia residential customer with a 5/8" x 3/4" meter who uses 11 CCF of water (which is 1,100 cubic feet, or approximately 8,228 gallons) per month will increase by \$0.09, or 0.32%.

On or around November 21, 2025, Cal Water will file Advice Letter 2571 requesting authority to increase revenues to recover recently completed and previously authorized infrastructure improvements. In the advice letter, Cal Water requests additional revenue of \$29,327, or 0.08% of currently authorized revenue. If approved, effective January 1, 2026, the water bill for a Visalia residential customer with a 5/8" x 3/4" meter who uses 11 CCF of water per month will increase by \$0.02, or 0.07%. Although previously authorized by the CPUC in Decision 24-03-042 as part of the utility's triennial rate review process, the project's cost could only be recovered through a rate increase after it was completed.

A copy of Advice Letters 2570 and 2571 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Visalia District from the drop-down menu), and may also be obtained from the company's local offices by calling (559) 624-1600. You may also contact the company's

headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598 or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

**Protests and Responses.** Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by December 16, 2025, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwrates@calwater.com](mailto:cwrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112). ## **ATTACHMENT 4**

### **Declaration of Notice for Advice Letter 2571**

**DECLARATION OF GREG A. MILLEMAN**  
**REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER**

I, Greg A. Milleman, declare and state:

1. I am the Vice President, Rates and Regulatory Affairs, of California Water Service Company (U 60 W) ("Cal Water").
2. Cal Water is filing Advice Letter 2571 on November 21, 2025, requesting a revenue increase in the Bay Area Region, Bear Gulch, Los Altos, North Valley Region, South Bay Region and Visalia ratemaking areas associated with recently completed infrastructure improvements.
3. Customer notices of the filing of this advice letter are being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication orders that identifies the name of the publication, the date of publication, and a copy of the notice itself.
4. This newspaper publication meets the requirements of the California Public Utilities Commission's ("Commission's) General Order 96-B ("GO 96-B"), Water Industry Rule 3.1.
5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer's bill in both dollar and percentage terms.
6. This customer bill notice meets the requirements of the Commission's GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 21, 2025, in San Jose, California.
