Summary

This advice letter is requesting a change to the CPUC Utility Fee to be set at 0.70% consistent with Ordering Paragraph 1 of Resolution M-4879, approved during the California Public Utilities Commission’s (Commission) December 18th voting meeting.

Background

The Commission uses Public Utilities Code Sections 431 as the basis for its methodology to assess user fees for energy, gas, water, sewer systems and telecommunication utilities:

431. (a) The commission shall annually determine a fee to be paid by every electrical, gas, telephone, telegraph, water, sewer system, and heat corporation and every other public utility providing service directly to customers or subscribers and subject to the jurisdiction of the commission other than a railroad, except as otherwise provided in Article 2 (commencing with Section 421).

(b) The annual fee shall be established to produce a total amount equal to that amount established in the authorized commission budget for the same year, including adjustments for increases in employee compensation, other increases appropriated by the Legislature, and an appropriate reserve to regulate public utilities less the amount to be paid from special accounts or funds pursuant to

Section 402, reimbursements, federal funds, and any other revenues, and the amount of unencumbered funds from the preceding year.

432. The commission shall establish the fee pursuant to Section 431 with the approval of the Department of Finance and in accordance with all of the following:

(a) In its annual budget request, the commission shall specify both of the following:

(1) The amount of its budget to be financed by the fee.

(2) The dollar allocation of the amount of its budget shall be financed by the fee by each class of public utility subject to the fee. The fee allocation among classes of public utilities shall reflect expenditures by the commission on regulatory and other authorized activities affecting each respective class, and shall bear the same ratio that the commission's workload for each class of public utility subject to the fee bears to the commission's total workload for all public utilities subject to the fee.

(b) The commission may establish different and distinct methods of assessing fees for each class of public utility, if the revenues collected are consistent with paragraph (2) of subdivision (a), except that the commission shall establish a uniform charge per kilowatt hour for sales in kilowatt hours for the class of electrical corporations and a uniform charge per therm for sales in therms for the class of gas corporations.

Discussion

The current user fee for all water and sewer utilities is 0.68%. The Commission increased the water rate to 0.70% based on the revenue forecast in Resolution M-4879, to be effective January 1, 2026.

This advice letter also requests modifications to the tariff for the Travis District to reflect the updated CPUC fee that will impact the monthly bill for Travis Airforce Base ("TAFB"). Cal Water does not send a water bill to the TAFB for payment as it does to customers, instead Cal Water requests payment of the total bill, which consists of the flat monthly rate plus applicable surcharges, on a monthly basis through the federal government's online portal.

This resolution adopts Public Utilities Commission Utilities Reimbursement Account (PUCURA), Fund 0462, user fees as follows:

User Fees for Public Utilities Commission Utilities Reimbursement Account		
Electric Corporations	0.001	\$/kwh
Gas Corporations	0.0035	\$/therm
Heat Corporations	0.00	\$/thousands lbs. steam
Water System Corporations	0.007 (0.7 percent)	x Revenue
Sewer System Corporations	0.045 (4.5 percent)	x Revenue
Telecommunication Corporations	0.018 (1.8 percent)	x Revenue

Requested Effective Date

Cal Water is submitting this as a **Tier 1** advice letter and requests that approval be considered effective **January 1, 2026**.

Notice

Customer Notice – This is a Tier 1 compliance filing under Water Industry Rule 7.3.1(3) of General Order 96-B. Water Industry Rule 3.2 indicates that this kind of Tier 1 filing does not require customer notice.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **December 19, 2025** to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;

- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water.division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to Cal Water at the following address:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
E-mail: cwsrates@calwater.com

Cities and counties requiring Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200 and ask for the Rates Department.
